Have Som Style About You.

In all you do, in all you sav, Be never slow or careless, The higher stake you venture for Be bolder still and fearless. Let others get, the inside track, If from your place they oust you, Brace up, put on a bolder front And have some style about you.

You need not be a fop in dress, Nor yet be called a sloven, A cultivated nature soon Gets with your habits woven. With cleanliness in speech and dress. The world will never doubt you A gentleman in every sense And have some style about you.

In business be upright and just, And do the fair thing ever; Don't stop to swallow quirks and tricks, But study to endeavor To do the right, whate'er betide, Then friends will never doubt you, But will admit, however poor,

You have some style about you. In seeking for a wife to share Your future cares or pleasure, Be sure she's just the sort for you, And then secure your treasure. Don't dilly-dally lest some one May from your vantage rout you, But go right in, prepared to win,

And have some style about you. Remember that no royal road Leads on to fame or knowledge-But you must work, and you must strive Alike in school or college. Then put your shoulder to the wheel And give no cause to doubt you, But show you mean to push your way

And have some style about you. Then when mishaps and troubles come, Don't sit you down to count them, But be determined to go on, To conquer and surmount them Be sure vou're right then go ahead,

Prepared, though others doubt you, To do and dare, to win and wear, And have some style about you. J. B.

Chatham Notes.

Not seeing any notes from here for some time, I will try and give you a few. We are having some fine weather now and the snow is fast disappearing.

Chatham has had its share of grip this winter, and a great number of deaths. Amongst the rest was Rev. Father Bannon. Although his death was expected for some time past it was a shock to the whole community Tuesday, when the bell was rung to announce his death. His funeral took place on Friday morning at 10 o'clock. The pro-Cathedral was draped in black. The St. Michael's Society Band played the Dead March in Saul. It was a very touching scene and brought tears to many eyes for in losing Father Bannon the congregation lost a kind and by their admirers.

Mrs. Lawson's fureral took place Saturday afternoon in the St. Andrew's cemetry It was very largely attended. Smelt fishing is over and the fishermen did not delay in getting their rigging ashore. They seemed glad the time was up, as the fishing was a failure.

Capt. Cook, of Haiifax, spent last week in Chatham. Dame Rumor says a "School Marin" was the cause of his trip.

Wm. D. Aiton, of Oyster River, was in Chatham on Saturday.

We are pleased to see Mr. J. P. Caie, formerly of THE REVIEW. Work has been begun on the boat, fit-

A Great Opportunity.

RUPTURED AND DEFORMED.

The success in relieving or overcoming the above, is in knowing the difference between the various cases and in adjusting a suitable instrument to each. Charles Cluthe, of Toronto, has been established for 25 years and has invented 27 patented improvements in this line in use to-day. Tens of thousands of his trasses have been sold, and its praise of curing Rupture entirely is echoing from ocean to ocean. The rare adaptability of Mr. Cluthe in the mechanical field to relieve any deformity has also been well tested and proven in innumerable cases, made under his superintendence in his own factory. People ruptured and deformed such as white swelling, club feet, spinal curvature, etc., etc., instructions will be honored. To have such an experienced and reasonable man as Mr. Cluthe coming so near us, is of great importance, and his judgment in your case should be sought for, which requires personal examination and measurements for the proper article.
