of Montreal, has been appointed Commandant of the Bisley team, and Lieut. Kirkpatrick, has been appointed Adjutant.  
 The I. C. P. R. agrees within 18 months to spend 100,000 dollars on extending the road westward from Point Fortune and another hundred thousand dollars within two and a half years, both amounts to be exclusive of all bonuses.

**One Letter Than Thirteen.**  
 William F. Goetehins, Esq., contractor and builder, office 552 Seventh Avenue, New York City, writes: "I have suffered from dyspepsia for a number of years and was confined to my house for five months. Have had thirteen New York and Mount Vernon doctors (will name them if necessary) attending me but failed to get any benefit I tried K. D. C., and am pleased to say the effect was magical. I have tried probably every known remedy for dyspepsia, and found none to benefit me, until I took K. D. C. I recommend K. D. C. as the dyspeptic's best friend. Try it and prove what I say."

**CANADIAN EMIGRATION**  
**Shows a Great Falling off in England.**  
 LONDON, April 26.—Emigration to Canada throughout Great Britain, which declined 64 per cent. during the month of March of this year as compared with the corresponding period of last year, continues to decrease though the St. Lawrence route is now open.

So far this month the departures from Liverpool have only been one quarter of the number as compared with April of last year.  
 Emigration experts here say that the bottom has been completely knocked out of Canadian immigration. This, they claim, is partially due to the increased and excessive steamship rates and also to the revival of British rural life owing to the extensions of the local government, the bad reports of things generally which are received from Canada, and the low prices of wheat. But, besides these reasons, the experts say there must be some other unexplained reasons for such a remarkable decrease.

**Peculiar to Itself.**  
 So eminently successful has Hood's Sarsaparilla been that many leading citizens from all over the United States furnish testimonials of cures which seem almost miraculous. Hood's Sarsaparilla is not an accident, but the ripe fruit of industry and study. It possesses merit "peculiar to itself."

Hood's Pills cure Nausea, Sick Headache, Indigestion, Biliousness. Sold by all druggists.

**From the Mollusk via the Monkey.**  
 (J. Audley Maxwell in Donahoe's for May.)  
 It is permissible for a Catholic to believe that neither Noah nor Adam was the father of all mankind, and it farther follows that a Catholic may believe that man came from the Mollusk via the Monkey. Being a Catholic I am at once conservative and liberal. The truth lies between. As a conservative I cling to my parents Adam and Eve; as a liberal I am inclined to believe that some of the human race came, by evolution, from the Mollusk, through the Monkey to the stature and form, though not to the color or smell of the descendants of Adam.

In other words, I am inclined to believe that the white man is a descendant of Adam, a special miraculous creation, and the colored races, black, yellow, and red, are the product of evolution, and may boast of a more ancient ancestry than can you lot.

**A Rare Gift from the Khedive.**  
 It is well to be on good terms with the Khedive of Egypt. This young monarch has lately presented a beautiful bracelet to a young Englishwoman who took his fancy, the value of which is beyond calculation. It is gold set with scarabel, and each stone is upwards of 4,000 years old. Some of these belonged to high priests in the days of the Pharaohs, and the inscriptions on them relate to magic.

**Hood's Cures.**  
 In saying that Hood's Sarsaparilla cures, its proprietors make no idle or extravagant claim. The advertising of Hood's Sarsaparilla is always within the bounds of reason, because it is true; it always appeals to the sober, common sense of thinking people, and it is always fully substantiated by end-rements, which in the financial world, would be accepted without a moment's hesitation.  
 Read the testimonials published in behalf of Hood's Sarsaparilla, all from reliable, grateful people.  
 They tell the story. Hood's Sarsaparilla Cures.

A Scandinavian named Ole Baumgartz is established in Australia as a schoolmaster. He was astonished and indignant one day on receiving the following note: "Old Bloomguts is queer. Cur, ass, you are a man of no legs, I wish to inter my bowie in your skull." The note was submitted by him to some prominent inhabitants of the town, where the schoolmaster is highly respected. A committee called on the writer of the note to ask what he meant by using such language to a worthy man. The writer, in explanation, read the note aloud thus: "Ole Baumgartz, Esq. Sir: as you are a man of knowledge, I wish to enter my boy in your school."—[Exchange.]

**George Murphy.**  
 Exeter, N. H.  
 "C. I. Hood & Co., Lowell, Mass.:  
 "I cannot praise Hood's Sarsaparilla enough for what it has done for my boy. Some four years ago, when six years old, George was attacked by hip disease in his right leg. We had to get him a pair of crutches, with which he was able to move about, but became badly deformed. We had to have his right leg lanced just above the knee. In a few weeks a second sore broke out, both discharging freely. Agonizing pains afflicted him, he could not bear to be moved, his growth was stopped and

**He Was a Mere Skeleton.**  
 He had no appetite, and it was hard work to make him eat enough to keep him alive. A few weeks later we had his hip lanced, and following this five other eruptions broke out, making eight running sores in all. We did all we could for him, but he grew weaker every day, although we had three of the best physicians. As a last resort we were prevailed upon by relatives who had taken Hood's Sarsaparilla with beneficial results to give the medicine a trial. We got one bottle about the first of March, 1892, and he had taken the medicine only a few days when his appetite began to improve. When he had taken one bottle he could move about a little with his crutches, which he had not been able to use for the preceding three months. We continued faithfully with Hood's Sarsaparilla, and in 6 months he was

**Able to Be Dressed**  
 and go about the house without the crutches. He has now taken Hood's Sarsaparilla regularly for eighteen months, and for the past six months has been without the crutches, which he has outgrown by several inches. The sores have all healed with the exception of one which is rapidly closing, only the scars and an occasional lump remaining as reminders of his suffering.

**Hood's Sarsaparilla Cures**  
 Hood's Sarsaparilla in his case has truly done wonders, and he is daily gaining in flesh and good color. He runs about and plays as lively as any child. We feel an inexpressible joy at having our boy restored to health, and we always speak in the highest terms of Hood's Sarsaparilla." Mrs. HENRY W. MURPHY, Exeter, New Hampshire.
