

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach & Liver Cure

The Most Astonishing Medical Discovery of
the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., Aug. 20, '86.
To the Great South American Medicine Co.:
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful power to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.
J. A. HANCOCK, Ex-Treas. Montgomery Co.

REBECCA WILKINSON, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia, and indigestion, until my health was gone. I had been doctoring constantly, with no relief. I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy; a few bottles of it has cured me completely. I consider it the greatest medicine in the world."

A SURE CURE FOR ST. VITUS' DANCE OR CHOREA.

My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and ONLY ONE great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Waynesville, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, indigestion, nervous prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with South American Nervine as a cure for the Nervous. No remedy compares with South American Nervine as a wonderful cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to build up the whole system and is wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

THE BOOK OF JOB.

Careless Copying and Jewish Orthodoxy Responsible for Much Disfigurement.

Probably no portion of the Old Testament has come down to us in so corrupt a condition as the book of Job. Parts of it are jumbled together for all the world as if they had been written on small scraps of paper, which, the wind having blown them asunder, were joined together haphazard. Speaking in the light of the important discoveries of Prof. Bickel, who has devoted the best years of his life to its study, lays it down that the disfiguring changes which the work has undergone have a twofold source—deliberate attempts to blunt the sharp edge of the author's criticism and render the poem palatable to Jewish orthodoxy by means of considerable omissions and still more considerable interpolations, and the removal of inter glosses from the margin of the manuscripts to the text in consequence of the carelessness of copyists. The dates of these alterations vary considerably; some of the most important of them had been effected in the Hebrew original before the poem was first done into Greek by LXX.; others were introduced later on. The latter category would naturally be lacking in the Septuagint version, which had it come down to us in the condition in which it left the translators' hands would have materially furthered the work of restoration. Unfortunately Origen, acting upon the gratuitous assumption that the missing passages had formed part and parcel of the original text and were omitted by the translators because they failed to understand their meaning, took them from Theodotion and inserted them in the seventeenth version, merely distinguishing them by means of asterisks. These distinctive marks disappeared partially or wholly, in the course of time, and at the present moment we possess but five manuscripts in which they are to some extent preserved.—Contemporary Review.

Rheumatism Cured in a Day.

South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. For sale by W. W. Short, druggist, agent for Kent Co. *

Table Manners in Argentina.

"We encamped near a swamp," says a gentleman describing a meal he had with some cart drivers in South America, "and supped on sliced pumpkins boiled with bits of meat and seasoned with salt. The meal was served in genuine pampa fashion. One iron spoon and two cow's horns, split in halves, were passed around the group, the members of which squatted upon their haunches and freely helped themselves from the kettle. Even in this most uncivilized form of satisfying hunger there is a peculiar etiquette which the most lowly person invariably observes. Each member of the company in turn dips his spoon, or horn, into the centre of the stew and draws it in a direct line towards him, never allowing it to deviate to the right or left. By observing this rule each person eats without interfering with his neighbor. Being ignorant of this custom I dipped my horn into the mess at random and fished about for some nice bits. My companions regarded this horrid breach of politeness with scowls of impatience. They declared with some warmth, to the cook the foreigners did not know how to eat. I apologized as well as I could, and endeavored thereafter to eat according to gaucho etiquette."—N. Y. World.

Important to Workingmen.

Artizans, mechanics and laboring men are liable to sudden accidents and injuries, as well as painful colds, stiff joints and lameness. To all this trouble we would recommend Hayward's Yellow Oil, the handy and reliable pain cure, for outward and internal use.

Where he elonged.

An English paper tells the following old story as of something having recently happened: The Dartford magistrates sent a boy named Mace to a truant school for two years, whereupon this colloquy ensued:

Clerk—You are bound to ask the father what is his religious persuasion.
Chairman—Do you go to church?
Defendant—No, sir.
Chairman—Do you go anywhere?
Defendant—No, sir.
Chairman—Does the boy go anywhere?
Defendant—No, sir.
Clerk—Then we shall put him down as belonging to the Church of England.

"How to Cure all Skin Diseases."

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures scabies, eczema, itch, all eruptions on the face, hands, nose, etc., leaving the skin clear, white and healthy. Its great healing and curative powers are possessed by no other remedy. Ask your druggist for SWAYNE'S OINTMENT. Lyman Sons & Co., Montreal, wholesale agents.

THE REAL TIME.—"Captain, will you kindly tell me what time it is?" asked Jonesby from the cabin of his yacht.
"Six bells, sir," returned the captain.
"Oh, hang bells!" said Jonesby. "What time is it on shore?"—Harper's Bazar.

HAWKER'S LIVER PILLS, contain no mercury, are purely vegetable, safe, sure and effective. Do not gripe, small, easy to take. Sold everywhere.

Eating of Food.

Children should be trained to eat slowly no matter how hungry or what important business is pressing. Much safer a little food well ground than a hearty meal swallowed in haste. Cold food is even more difficult to digest than hot, if taken too rapidly. The normal temperature of the stomach is about ninety-eight degrees; food has to raise to this temperature before digestion can take place.—People's Health Journal.

The Best Tonic.

MILBURN'S Quinine Wine is the best tonic for weakness, debility and lack of strength. It is an appetizing tonic of the highest merit.

Change their Minds.

Men change their minds as well as women, as evidenced by the fact that the man who called his sweetheart a turtle-dove after three years of married life may refer to the same individual as a snapping turtle.—Yonkers Statesman.

Piles! Piles! Itching Piles.

Symptoms—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore. SWAYNE'S Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, for 50 cents. Dr. SWAYNE & Son, Philadelphia. Lyman Sons & Co., Montreal, wholesale agents.

An Explanation.

A New York dude traveling in the West was violently kicked by a cowboy, apparently without any provocation. "Why—ah—did you kick me?" "Because I done forgot and left my gun at home."—Texas Siftings.

In Every Case.

In every case of dyspepsia, where it has been fairly tried, Burdock Blood Bitters has performed a complete cure. B. B. B. cures where other remedies fail.

The Chicago Tribune says: Marriage licenses have just been issued to Nickoden Zylotinski, Rosalie Protrowska, Wladyslaw Struzynski and Maria Stanisensko. Otherwise the city has been quiet.

It is not what one says, but everybody knows it praises Johnson's Anodyne Liniment.

A Chicago woman has just been divorced on the ground that her second marriage was a bigamous one. She had entirely forgotten that she had been previously wedded when she led her second husband to the altar.

FOR SUDDEN COLDS, take Hawker's Tolu and Wild Cherry Balsam. It cures.

Nothing succeeds like success. Corbett won at least \$30,000 the other day in a nine-minute fight in Florida, and on his return to New York received a benefit reception at which 20,000 persons chipped in a dollar apiece to swell the bank account of the champion of the world and his manager.

"For sixty years," says a Baptist deacon, "I have known of Johnson's Anodyne Liniment."

Niagara has been harnessed at last and it has been put through a few of its paces for the first time. The first establishment to use the Niagara power is a paper mill and it calls for 6,600 horse-power. The test was satisfactory and soon the whole 120,000 horse-power will be in use. Some of the romance will be taken out of the great cataract by the proceeding, but the reality will be worth a few million per annum and the value of the reality in the vicinity will be considerably enhanced.

Rheumatism racks the system like a thumb-screw. It retreats before the power of Hood's Sarsaparilla, which purifies the blood.

Dr. Roux, a celebrated Parisian physician, comes to the public relief with what he claims to be a very satisfactory way of treating coughs and colds in their incipency. He says that as soon as the first symptoms of cold are felt in the head or chest, a little cologne water should be poured on a handkerchief and inhaled as full as possible by the nose or more particularly by the mouth, several times during the day. If the cold be in the chest the inhalation by the mouth should be deep enough to produce in the throat an intense feeling of burning which will be disagreeable at first, but will soon pass away.
