

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., Aug. 20, '86.
To the Great South American Medicine Co.:
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

A SWORN CURE FOR ST. VITUS' DANCE OR CHOREA.

CRAWFORDVILLE, IND., June 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the ONE and ONLY one great cure in the world for this universal destroyer. There is no case of unalarming disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HANBET E. HALL, of Waynesboro, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, indigestion, nervous prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a wonderful cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure indigestion and dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon. If you do, you may neglect the only remedy which will restore you to health. LIFE ON A RAILWAY.

THE EXPERIENCE OF A GRAND TRUNK EMPLOYEE.

Fell Ill From Exposure—Pronounced Incurable and Paid the Total Disability Allowed by the Company—Once More on the Road to Health—He Tells How It Came About.

From the Deseronto Tribune.

During the past few weeks a fruitful subject of conversation among the people at Deseronto Junction has been the wonderful recovery of Mr. William Henry Wagner, who has been looked upon as a hopeless invalid. A representative of this paper was sent to interview Mr. Wagner and gain all information possible in order to satisfy the public concerning the truth of the wonderful cure. Making his way to Deseronto Junction the reporter informed Mr. Ravin, the station master, of the object of his mission. That courteous official having assured the reporter that he would find the case one of mere than ordinary interest, kindly pointed out the nearest route to Mr. Wagner's residence. The Wagner family is one of the oldest in the Bay district, and Mr. Wagner and his people are well known throughout a wide radius of country. Arrived at the house the reporter knocked at the door and was quickly admitted by Mr. Wagner himself, who it may be remarked, is in his thirty-fifth year, was formerly employed as a section man on the Grand Trunk Railway, his section extending east and west of Deseronto Junction. He was a good workman and a faithful servant of the company. On the 28th of April, 1893, he was compelled, on account of ill health, to give up work completely. The doctor pronounced his trouble to be nervous palpitation of the heart. The district surgeon of the Grand Trunk Railway attended him and did all that medical skill could suggest in order to give him relief, but at the same time frankly told him that he could suggest nothing that would effect a permanent cure. Mr. Wagner was a member of the Grand Trunk Insurance and Provident Society, and during his illness received the usual pecuniary allowance given for a certain number of weeks to sick members. The society also paid his way to Montreal that he might consult an eminent medical man who acts as referee in such cases. This specialist at once pronounced his case hopeless; cure was impossible. He returned home greatly dejected, and the Insurance Society paid him the whole amount granted to its members in cases of total disability. Mr. Wagner has since that time resided at his home on the Gravel Road, unable to work, seldom going from home except to make an occasional trip to Deseronto and Napanea. About three months ago Mr. John Kitchen, the well known section master on the Grand Trunk, who resides at Deseronto Junction, told Mr. Wagner of the virtues of Dr. Williams' Pink Pills, and recommended him to give them a trial. Now mark the result. He soon felt the good effect of this great medicine. His appetite improved. The fluttering sensations about his heart appeared to be less pronounced. He continued taking the pills and his health steadily improved. The change became apparent to friends and neighbors and a matter of public interest. He gained in weight. As he remarked, last summer he was little more than a walking ghost; now, as the reporter could easily see, he was a substantial specimen of humanity. Mr. Wagar informed the reporter that before he commenced taking Dr. Williams' Pink Pills his heart used to beat rapidly and continue palpitating violently for some time if he attempted to cut even one stick of wood; now he can cut the daily supply of wood for the house without any such disagreeable sensations. He feels himself a different man and his neighbors are all congratulating him upon the great change so plainly manifest. He expects as soon as navigation opens to commence work again. Mrs. Wagar was present during the interview and corroborated her husband's narrative. They consider it a duty to publish abroad the virtues of the famous medicine which has brought such hope and comfort to their household. Mr. Wagar also told of a leading farmer in the neighborhood who had been troubled with chronic headache, who, at his suggestion, had also tried Dr. Williams' Pink Pills and had experienced relief in a very short time. Other cases in Deseronto and vicinity are known to the Tribune in which Dr. Williams' Pink Pills have been productive of much good. These pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, all nervous troubles, palpitation of the heart, the after effects of la grippe, diseases depending on humors of the blood such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for troubles peculiar to the female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses. Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y., at 50c. a box, or six for \$2.50. See that the company's registered trade mark is on the wrapper of every box offered you and positively refuse all imitations or substitutes alleged to be "just as good." Remember no other remedy has been dis-

covered that can successfully do the work of Dr. Williams' Pink Pills.

PREPARE FOR SUMMER DISEASES.—If you have Cramps, if you have Colic, if you have Diarrhea, or if you have any summer complaint,—and you are more than likely to suffer in that way before the soft crab season is over,—buy a bottle of PERRY DAVIS' PAIN-KILLER, and secure instantaneous relief after one or two doses. In treating severe attacks of Cholera bathe the bowels with the PAIN-KILLER. Twenty drops of Mr. Davies' wonderful medicine will cure a child of the worst case of Colic. A bottle of the PAIN-KILLER can be bought at any reputable drug-store. Price 25c. New Big Bottle.

Fallacies in History.

We are told among other things in relation to the fallacies of history, that the "Hanging Gardens" of Egypt did not hang, nor were they gardens, even. They were simply terraces supported by arches and overgrown with trees. Nor, it is said did Cesar cross the Rubicon, as it lay on the opposite side of the Italian peninsula from the point at which he entered Italy. Nor, it is asserted, did Columbus ever make an egg stand upon its end, it having been conclusively proven that that feat was performed by Brunelleschi, the architect, as an answer to the question how he was going to support the dome of the Cathedral of Florence.

My Daughter's Cure.

Mrs. George L. Hicks, 76 McGill st., Toronto, Ont., writes: "It is with pleasure that I testify to the wonderful merits of K. D. C. My daughter has suffered severely at intervals for the past two years and was steadily getting worse. She tried three of the best doctors in the city, but obtained no relief, also every remedy that friends would recommend with the same results and continued to grow worse all the time. She was recommended by a friend to try K. D. C. and sent for a sample package. Before taking all of the sample the symptoms of dyspepsia were gone, and though she has since taken only one \$1 package the symptoms have not returned. She has also gained considerably in weight, and her friends are surprised at the change in her appearance. If any person in Toronto suffering from the same disease would like to call on me, I could tell them more fully what K. D. C. has done for my daughter."

Helping Papa.

It seems cruel to laugh at childish obedience, but sometimes the temptation is almost irresistible. What else shall we do in a case like the following, from the Washington Star?

A minister's wife was starting out for a walk, and invited her little daughter to go with her.

"No, mamma, I can't," was the very positive reply.

"Why not?"

"I have to help papa."

"Help papa! In what way?"

"Why, he told me to sit here in the corner and keep quiet while he wrote his sermon, and I don't believe he is half done yet."

FOR CHOLERA MORBUS, Cholera Infantum, Cramps, Colic, Diarrhea, Dysentery, and Summer Complaint Dr. Fowler's Extract of Wild Strawberry is a prompt, safe and sure cure that has been a popular favorite for over 40 years.

Highly Charged Remarks

"You don't mean to tell me," said the young man to the scientist, "that the aurora borealis is merely an electrical display?"

"Certainly."

"Well, well, I wonder if it isn't the exhaust for some of the remarks that get into our telephone."—Washington Evening Star.
