Millinery Opening. Today is millinery opening at H. G. Marr's. An improvement has been made to gain access to the handsome showroom by a 9 foot arch separated from the store with portieres. Miss Tilney, who has made such a host of friends since she came to Moncton over a year ago, has been in Toronto since the first of January getting new ideas in trimming and making millinery. Toronto is now acknowledged to be the leading millinery centre in Canada.

Mr. Marr never spares any expense or trouble in giving his customers the best of everything. The Paris hats and bonnets of which Mr. Marr bought larger than ever this season are perfect beauties and have to be seen to be appreciated. Among them we noticed a beautiful little bonnet made of violets, fawn lace, and fawn ribbons, ties and osprey. Another one is made of black jet with opelia shade of ribbon and flowers, and elegant lace butterfly and lace.

spended in tender and appreciative words. This society has been very prosperous during its life of five years. The president has a very warm and large place in the hearts of its members, and her going from them is deeply regretted.

Last evening the paragon was again filled with friends of the retiring pastor, and during the evening, which was one of rare enjoyment, Miss M. C. Rowell presented with touching words a most beautiful opyx clock with gold trimmings, a gift from the ladies of the parish. Master Fremont Roper was also the recipient of a beautiful picture.

Resolved, that we as members of the church and congregation, hereby express our hearty appreciation of his ministry among us for the last ten years, and accept the resignation with feelings of sadness. He has proved himself a most worthy minister of the gospel during the years of faithful service, renewed this church and society, loyal to Christ and the church; both in and out of the pulpit, increasing its membership and creating a feeling of Christian fellowship and good will.

Throughout the community he is esteemed as a true Christian, a man of unflinching courage, and a citizen interested in the best welfare of the parish and city. We do not forget his faithful and untiring wife and her untiring service in every good word and work, and heartily recommend them to another field, and regret the pastoral relations hitherto existing must be severed.

Adamsville. MARCH 26.—Never since I received and read THE REVIEW have I seen any notes regarding this locality. It seems as if it was remote from other places, and settled with people who have been born and brought up in complete ignorance.

I think the many readers of this valuable paper from here as elsewhere in this country, would be pleased to read, once in a while, notes containing the news and happenings of this locality.

A great traffic of cord and stave wood and bark is going on. The principal buyer of bark is Mr. A. Dunn, of Harcourt, who is shipping it to the States. Stave-wood is shipped to the Acadia Sugar Refining Co. and the cord wood to Moncton. It is said that about 500 to 600 cords of wood of all kinds have been shipped this winter.

The famous hunter Sillick came a few days ago, in this vicinity, it is reported, to catch a moose alive. He was accompanied by three large and powerful dogs that seemed to be always ready to respond to his call in case of necessity.

The small man with the big pair of spectacles on, when hauling his cord wood to the station, don't act as if the snow was leaving us fast. If nothing happens his carload will be ready to be shipped next winter. Use the whip Mr. "Spectacles" or the bare road will catch you.

Young people are very scarce around here. Most of our young misses have gone looking for better wages. It is the hope of the writer that they will soon come back again. My next letter will be longer or shorter as the circumstances will permit.

The greatest flesh and blood maker in existence and a life-saver to consumptives is Miller's Emulsion of Cod Liver Oil, "the kind that cures" bronchitis, coughs, colds and all lung troubles. Every bottle warranted. No oily taste like others. In big bottles, 50c and \$1.00, at druggists.

"I feel like a new man." "It will cure any case."

These are the enthusiastic words of the gentleman whose portrait appears in these lines. His own statement is from any wordiness or "writing up."

G. W. COX.

For the past five or six years I have been troubled with DYSPEPSIA. In the winter of '92 I was completely "used up," so much so that I tried three doctors without receiving any benefit from their treatment. I tried other dyspepsia medicines without success.

During that period of trial and experiment I was so poorly that I could not work steadily for one half hour at a time without going to my house and lying down.

At last I went to W. E. Thistle's drug store to get something to relieve me, and he recommended GRODER'S SYRUP. I have taken two bottles and am now COMPLETELY CURED. I feel like a new man; I can eat or drink anything and enjoy my food. I have recommended your remedy to others. I cannot say too much in its favor. Yours truly, G. W. COX.

P. S.—I am content that Groder's Syrup will cure any case of Dyspepsia if it is properly used. Others who suffer as I did should know of the intrinsic merit of our remedy. For some time I have felt it my duty to write you and let you know what two bottles of your medicine have done for me. This statement is to be used as you think best. It is true in every particular, as my friends can testify.—G. W. C.
