RICHIBUCTO, N. B., JULY 26, 1894.

COUNTRY ROADS.

The advantages of good roads, especially to the farmers, cannot well be over-estimated. They mean economy in time, in the wear and tear of wheels and horses, and increased comfort in the business of marketing and prices for produce. The agitation for better roads has assumed enormous proportions in the United States in the last ten years. The call for them has become almost universal, has occupied the attention of legislators in every agricultural state, and has effected a marked improvement in the country districts generally. One of the reforms which General Coxey especially demanded was good roads, and his appeal for these won him not a few sincere friends.

The condition of the roads in many sections of this province is not what it should be, or what from the amount of money annually expended on them, one might reasonably expect it to be. The Government through the department of the Chief Commissioner of Public Works has decided to take the responsibility of the expenditure of the regular provincial grants, and an opportunity will now be afforded to ascertain how much more satisfactory the money will be expended in the future.

MINING FRAUDS.

The collapse of the Memramcook Gold Mining Company, and the conviction entertained by many of the unfortunate stockholders, that the mine was "salted" for the preliminary tests, seem to call for a searching enquiry into the facts and if the result justifies it, prompt prosecution and punishment of the guilty parties. It is not the first time in the history of the Province that people who have by industry and economy saved a little money, have been induced, by smooth tongued and adroit speculators, and the use of the names of prominent public men, who have perhaps unwittingly lent themselves to the schemes, to invest their small savings in similar ventures, only to find that they have lost every dollar. This may not be the result in the Memramcook mine, but at present it looks very much like it. The capital was \$50,000, and stock sold at 17 1/2 cents on the dollar. Some \$20,000 was spent on a mill and machinery, and now the clean up of some 1200 tons of quartz has yielded only two cents per ton. Mr. J. B. Nealy of Halifax, the promoter of the company has recently been touring it through the Province, accompanied by Mr. J. A. McQueen, ex-M. P., and disposing of a considerable quantity of stock on very liberal terms, taking in exchange, where money could not be had, carriages, merchandise, etc. These gentlemen may have supposed they were engaged in a legitimate business, but the unfortunate stockholders do not, if reports are true, entertain that opinion. They may themselves have been the victims of misplaced confidence. If so they owe it to themselves and the innocent persons whose money they obtained, to promote a searching enquiry into the whole business.

ELECTION RUMORS.

The Dominion Parliament was prorogued on Monday and already the rumors of an early dissolution and a general election which were current some weeks ago, are being revived, and many public men who have been studying the signs of the times and claim to be well informed, are predicting an early appeal to the people. Why the government should decide upon such a course, is something the ordinary elector cannot very well understand. There can at least be one more session before the life of the present parliament expires,—the administration has a large majority in the House, and there are no questions of such a grave and important character before the country at the present time, which to an ordinary observer would make it advisable or necessary that the opinion of the electors should be made known through the ballot box. The Dominion parliament is elected for a term of five years, and it would appear desirable that the country should not more frequently be thrown into the turmoil and expense of a general election, unless it should become necessary on constitutional grounds, or important and vital questions of general public policy should render an earlier appeal to the electors necessary. Certain it is that no sudden appeal to the ballot box before the expiration of the regular period, for the purpose and with the intent of securing a mere party advantage, can be justified on broad national grounds. As matters stand at present therefore we would conclude that an elec-

tion should not take place before another session of parliament. Many who ought to know however, believe that a dissolution is near at hand. One gentleman who is said to have intimate relations with the members of the ministry, is reported to have remarked "I do not say that it has been decided to dissolve, but the feeling is that way, and I should not be surprised to hear any moment of a decision having been arrived at to dissolve." It is pointed out that the appropriation of \$3,134,000 for railway subsidies just at the close of the session, the granting of steamship subsidies and other special legislation are indicative of an early dissolution and election. Then it is proposed to call a general convention of the liberal conservative party to be held in Toronto in September next similar to the liberal convention held in Ottawa last Summer, and if an election is in view, the party organization could then be completed and the platform on which an appeal to the electors could be made, then laid down including as one of the planks the Intercolonial Conference policy recently adopted at Ottawa and approved by the leaders of both parties.

There may be more in these rumors than is supposed, and the politicians will probably be kept on the anxious seat for some weeks at least. In the meantime the electors will do well to inform themselves on the political questions now before the country and upon which they will be expected to pronounce judgment at the polls.

YACHT RACING.

Commodore Stewart, of Chatham, Pays a Visit to Richibucto.

J. L. Stewart, of Chatham, who is well known to most New Brunswickers in his dual capacity of editor of the Chatham World and Commodore of the Miramichi Yacht Club, paid a visit to Richibucto in his yacht Oriana last Monday, and of course he was not long in sounding the owners of local flyers on the subject of a sailing race. The latter readily fell in with the proposition and a race was arranged for 2 o'clock in the afternoon. As a matter of fact it was after 3 o'clock before the start was made, when some six or seven boats ranged up before ex-Sheriff Wheten, who officiated as starter. The course was from the wharf up the river as far as Platt's Point and then down around the Marsh Point buoy and back to the wharf. The wind which had been blowing quite strongly all day, dropped somewhat shortly after the start was made, but freshened again towards the end. The boats rounded the buoy at Platt's Point as follows:—Hains' U. & I. leading, Thompson's Lord Wellington 2nd, Hudson's Nimrod 3rd, Stewart's Oriana 4th, R. & R. O'Leary's Holloran 5th, Durant's Gleaner 6th, and a boat owned by Hector Fraser of Kingston, 7th. These positions were maintained during the greater part of the run down the river, the boats being strung out at about equal distances from each other. Opposite Coy's Block the Oriana ran aground and was delayed for a short time but succeeded in getting off before she was passed by any of the boats in her rear. About the same time the Gleaner was passed by Fraser's boat. After getting off, the sloop of Commodore Stewart began to show what was in her and successively overhauled and passed the three boats in front of her, rounding the buoy at Marsh Point a few yards in advance of the Hains boat. The latter, however, was not long in regaining her position which she held to the finish, increasing her lead a little at the end. The race between these two boats was very exciting and though it is quite probable that the Oriana would have won if it had not been for the delay occasioned by her running aground, still the work of the Hains boat was remarkable considering the difference in size in the two boats. Altogether the race showed that while the Miramichi can show some very fast yachts, Richibucto's lobster boats can give them all they want in the way of racing.

In Memoriam.

Lines on the death of John Nelson Ellis, who was accidentally killed by a falling tree while engaged in peeling bark, July 3rd, 1894.
 Whisper ye breezes that blow through the woodland
 And tell to his friends throughout valley and glen,
 That one who had loved them had left them forever;
 Go whisper the death of a dear one to them.
 Beloved by the many who had known him since childhood,
 The joy of his home now so sad and distressed,
 May the Father in Heaven be merciful to him
 And grant to his soul an eternal rest.
 While calmly he sleeps in the churchyard so silent,
 He will live in the memory of all he has known,
 Till the last summons calling in rapture shall bring them
 To share that bright home where his spirit has flown.

Main River, July 14th, 1894.

Real merit is characteristic of Hood's Sarsaparilla, and is manifested every day in the remarkable cures the medicine accomplishes.

IT MEETS THE WORST CASES.

YOUR FRIENDS AND NEIGHBORS HAVE USED IT.

Paine's Celery Compound the Only Honest Medicine Now Before the Canadian Public.

Yes, sufferer, Paine's Celery Compound meets and cures your trouble no matter how desperate it may be; and let us give you some additional comfort and hope by saying that this precious remedy will meet your wants after your doctor has given you up.

The proprietors of Paine's Celery Compound have records testifying to marvelous cures after physicians failed, and other medicines proved useless. These records and testimonials are open at all times for inspection.

Let us utter a solemn warning. Do not waste precious time by using medicines that have no curative virtues. Go to your dealer and ask him for Paine's Celery Compound; one bottle will convince you that you have found the true agent that gives new life.

Acadiaville.

JULY 20.—Very hot weather. Hay will be a fair crop, grain promises well, potatoes have a good appearance, bugs plentiful.

There will be a lot of tan bark peeled here this summer. Messrs. Gogain & Vautour and Harry Whelan are the principal peelers.

Mr. Joseph Blanchard, who has been with Gibson at Marysville, for several years, has returned home to stay. He has gathered some wealth while away.

Mr. McAnn, of Moncton, has been here this week after a horse which he lost. He found him, perhaps to lose him again.

Work is progressing on the foundation of our new church under the direction of Rev. A. Berube.

It is said that the R. & A. "Tattling Clubs" have through their lawyer, asked for another trial of that \$2000.00 libel suit. This is merely a farce. The plaintiff and the rest of the club got more than they wanted at the first trial.

ADELINE.

The Delineator for September is called the Autumn Announcement Number, and is the strongest issue of this popular magazine that has yet come to hand. The display of styles is unusually large and attractive, and is the first authentic representation of the Autumn Modes, and there is besides a special illustrated article on Clothing the Baby. A most interesting contribution is the plea for and against according the Suffrage of Women by such well known writers as L. G. Runkle and Edith Thomas, and there is also a valuable paper on Public School Teaching as an Employment for Women. The first article of a series on the Kindergarten appears in this number, and should prove of much service to both public and private teachers. In the College Series A Girl's Life and Work at Radcliffe (late Harvard Annex) is described. Further instruction is given in the making of ornamental articles from Crepe and Tissue papers, in Bent Iron Work, and in the Cultivation of the Voice for Singing and Declamation. The instructive talks on the Relations between Mother and Daughter are continued, and in the papers on Health there is much good advice on the proper exercise for both body and brain. Grapes are considered in the Hints on Serving Fruit, and there is a suggestive description of a Cotton Wedding. There are also the usual illustrated papers on Knitting, Crocheting, Netting, Tatting, etc. etc.

The subscription price of the Delineator is One Dollar a Year, Single Copies, Fifteen Cents.

Address Orders to The Delineator Publishing Co., of Toronto, Ltd., 33 Richmond St., West, Toronto.

West Branch.

Our district is alive with visitors at present. Mrs. T. Johnson and Miss Hannah, of Coatsville, are visiting Mrs. J. Murray. Miss G. Campbell, Mrs. English Miss Lillia Morton, the Misses Joudry, and Master Walter J. are visiting Mr. J. Morton. Miss Reenie Hetherington is visiting at the residence of Mr. T. Carruthers, and Miss Jennie Stevenson at Mr. T. Curren's. Mr. and Mrs. John McMichael, and Mr. John McMichael's. Mrs. C. I. Morrison and children from Charlottetown, P. E. I., are at Mr. A. I. McMichael's. I hope their visit will prove enjoyable. I must not forget Miss Jennie Allen of Richibucto, at Mr. Wm. Robertson's.

The farmers are busy haying. The milk carriers are making the milk maids hurry out of bed which may be good for the health but not at all times agreeable. Miss Janie McMichael is not improving in health as quickly as her friends would wish.

Mr. John Hannah has had to endure a second operation which we all hope will prove effective.

TRAVELLER.

THE HAWAIIAN QUESTION.

A Commission of Royalists En Route to Washington.

SAN FRANCISCO, Cal., July 23.—A commission of Royalist statesmen arrived from Honolulu on Saturday on the steamer Rio de Janeiro, en route to Washington to see President Cleveland and obtain from him an explicit answer to the question whether he will do anything more or not to redress the alleged wrong done to Queen Liliuokalani and the Hawaiian people by the action of Minister Stevens; also what answer he makes to various protests of herself and her people recently sent forward against the republic of Hawaii. This commission is composed of three former ministers under the monarchy. Previous to the departure of the steamer a member of the cabinet being asked how the government regarded the communication, replied they were giving themselves no concern about it. If the Queen's friends wished to send a commission and make such inquiries the government would throw no obstacle in their way.

VISITORS TO MONCTON.—To the people of Kent County: To anyone visiting Moncton on business or pleasure we extend a friendly greeting. Being born in that county we naturally like to meet our friends from there. If in purchasing a line of dry goods we will show them one of the finest and best stocked stores in the city, and guarantee lowest quotation in all lines. We mean to lead, let others follow. All goods as represented.

J. FLAN AGAN.

Opposite City Market. Where The Money is Found.

Englishmen are the milk cows of the world. They are the great lenders from whom all other nations borrow. For generations they have been rich and saving until at last their annual accumulations have become greater than the annual openings for legitimate investment. So severe has the pressure become that latterly the money lender has been forcing his money into every kind of undertaking, in all parts of the world, creating, by his own eagerness to lend, the corresponding desire to borrow.

It is the weight of uninvested money which stimulates borrowing, not the cupidity of the impecunious. Borrowing has not produced lending, but lending borrowing. Interest has continued to fall because there are more lenders than borrowers. If Englishmen think, then that any communities have dipped too deep into the English purse, they can easily apply the corrective by a little self-control. They should abstain from further lending. This may seem a heroic remedy but it is the only remedy.—The Contemporary Review.

MEETINGS.

Ladies' Christian Temperance Union Richibucto, will meet every fortnight at the residence of Miss Ostle. Meetings on Wednesday at 3 p. m. Mothers' meetings will be held every fortnight on alternate Wednesdays, at the same place and hour. Mothers are requested to attend.

PRESBYTERIAN CHURCH.—Rev. Wm. Hamilton, pastor. The usual services will be held on Sabbath first, viz:—Kingston at 11 o'clock a. m., and Richibucto at 7 o'clock p. m.

Divine services next Lord's Day, July 29th, in the Episcopal churches as follows (D. V.):—Buctouche, at 10.30 a. m., Kingston, at 3 p. m., Richibucto, at 7 p. m.

H. Haekenley, Rector.

AS IN YOUTH Ayer's Hair Vigor. CORDIALLY INDORSED.

RESTORES Natural Growth OF THE HAIR—WHEN ALL OTHER Dressings FAIL.

"I can cordially indorse Ayer's Hair Vigor, as one of the best preparations for the hair. When I began using Ayer's Hair Vigor, all the front part of my head—about half of it—was bald. The use of only two bottles restored a natural growth, which still continues as in my youth. I tried several other dressings, but they all failed. Ayer's Hair Vigor is the best."—Mrs. J. C. PREUSSER, Converse, Texas.

AYER'S HAIR VIGOR PREPARED BY DR. J. C. AYER & CO., LOWELL, MASS.

NEW GOODS! NEW GOODS!
