

# THE GREAT SOUTH AMERICAN NERVE TONIC

## AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.  
It is Safe and Harmless as the Purest Milk.

This wonderful Nerve Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nerve Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nerve Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nerve Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

### NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nerve Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nerve Tonic has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., AUG. 20, '86.  
To the Great South American Medicine Co.:  
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nerve Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand. I consider it the greatest medicine in the world.

#### Mother's Hands.

(Charles S. O'Neill, in January Donahoe's.)

O loving hands so glad to greet  
And warmly clasp my own,  
Your welcome I no more shall meet  
While Time and I are known.

O tender hands, whose magic touch  
Could soothe the keenest pain,  
Earth holds for me no solace such  
Nor ever will again.

O helpful hands so prompt to cheer  
And banish trouble far,  
You made for us our heaven here,  
But now 'tis where you are.

O open hands so free to share,  
O weary hands at rest,  
Now folded in eternal prayer  
Upon the peaceful breast.

#### A Chateaugay Miracle.

PHYSICIANS PRONOUNCED RECOVERY IMPOSSIBLE.

The Remarkable Experience of Mr. L. Jos. Beaudin, of St. Urbain—His Friends Called to His Supposed Deathbed—How He Regained His Health and Strength—A Public Acknowledgment of His Gratitude.

From La Presse, Montreal.

There has appeared in the columns of La Presse during the past two years, many articles bearing witness to the great good accomplished in various parts of the country by a remedy the name of which is now one of the most familiar household words in all parts of the Dominion. And now comes a statement, from the county of Chateaugay, over the signature of a well-known resident of St. Urbain, which speaks in positive and unmistakable language as to the value of this wonder-working medicine.

MR. BEAUDIN'S STATEMENT.

"I feel that I owe my life to your Dr. Williams' Pink Pills, and I desire to make grateful acknowledgment and to give you a complete statement of my illness and cure in the hope that my experience may be of benefit to some other sufferer. About the middle of October, 1891, acting on the advice of an American doctor whom I had consulted, I left home for the north to invest in farming lands with the intention of cultivating them myself. I had been afflicted with a species of paralysis caused by the rupture of a blood vessel over the right eye, and which stopped the circulation of the blood on the left side. I was at that time employed as a book-keeper by Messrs. Lacaille Bros., Lawrence, Mass. The doctor had advised a change of work so as to have less mental and more physical exercise. This I resolved upon, but delayed too long as I did not leave until the following October. Arrived at my destination I perceived symptoms of my previous illness making themselves felt once more. I went at once to a local physician who declared himself unable to understand my case. However, he gave me some medicine to ease the pain I felt in my head, particularly at night. This afforded me relief for a few minutes, and sometimes enabled me to get a little sleep, but the awakening was always worse than before. On the last of October I went to bed as usual after taking my medicine as directed, and slept the whole night, but the following morning on trying to rise I found myself so weak that I could not stand and could scarcely speak. My wife, surprised to see me in such a state, ran to a neighbor's and requested him to go for a doctor and the priest. The doctor arrived almost immediately, but could not afford me the slightest relief. The priest then arrived, and seeing the condition I was in, told me my case was critical and to prepare for death. On the following day both the priest and the doctor advised my wife to telegraph to my friends as they considered death approaching, and two days later my two brothers arrived. The doctor then asked if I preferred that he should hold a consultation with another physician, and on my replying in the affirmative, he telegraphed to a doctor living at a distance of about fifteen miles. The result of this was that my wife was told that I could not possibly get better. Said the doctor to her, 'with the greatest possible care he cannot live a year.' When my wife told me this I determined to pay the doctors and discontinue their services. It cost me about \$20 to hear their verdict. Two or three weeks passed without any improvement in my condition and I was so weak I could barely move around the house with the aid of a cane. One day I noticed a parcel lying on the table wrapped in a newspaper. Having nothing better to do I began to read it, and after a while came across an article headed 'Miraculous Cure.' I read it, and the longer I read the more interested I became, because I saw the case of the person referred to resembled my own in many respects. When I finished the article I saw that the cure had been effected by Dr. Williams' Pink Pills. It seemed as though there was a struggle within me between the facts I had read and my own incredulity, so small was the faith I had in medicines advertised in the papers. I read the article and reread it several times. I seemed to hear the doctor's words 'he cannot live a year,' and then I saw the effects of Dr. Williams' Pink Pills in the case I had just read about. The result of these reflections was that I decided to give Pink Pills a trial, and I immediately wrote the Dr. Williams' Medicine Co. for a supply. On their arrival I commenced using them according to directions, and before the first box was done I found they were helping

me, and it was not long before I was able to walk to the village, a distance of half a mile, without the aid of a cane, and I was rapidly gaining health and strength. At the time I was taken sick I weighed 212 pounds, and at the time I began the use of the Pink Pills I was reduced to 162 pounds, a loss of 50 pounds in a little more than a month. I took the pills for about three months and in that time I gained 40 pounds. To-day I am as well as I ever was in my life, and my recovery is due entirely to the use of Dr. Williams' Pink Pills and I cannot recommend them too highly to those who do not enjoy the blessing of perfect health.

Yours gratefully,

L. JOS. BEAUDIN.

An analysis shows that Dr. Williams' Pink Pills contain in a condensed form all the elements necessary to give new life and richness to the blood, and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' Dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, nervous prostration, all diseases depending upon vitiated humors in the blood, such as scrofula, chronic erysipelas, etc. They are also a specific for troubles peculiar to females, such as suppressions, irregularities, and all forms of weakness. They build up the blood, and restore the glow of health to pale and sallow cheeks. In men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of whatever nature.

Dr. Williams' Pink Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold in boxes, (never in loose form by the dozen or hundred, and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, from either address.

#### HER KIDNEY'S THE CAUSE.

For seventeen years Mrs. Reany was treated for lung, heart, liver, stomach and female troubles, without benefit. Dodd's Kidney Pills cured her in seventeen days.

SHELBOURNE, Jan. 1st, 1894.—Mrs. George Reany, of 2111 East, Third St., Ashland, Wis., writes an interesting story to the Free Press. She says she has been sick for seventeen years; that the physician she consulted in different places in the United States and Canada ascribed her illness to the lungs, heart, liver, stomach or female diseases, but none ever suggested the kidneys. All the physicians' prescriptions and patent medicines she took failed to help her, and she kept growing worse. About two months ago she read of Dodd's Kidney Pills in the Free Press and sent to Toronto for some. Now she is cured. Doubtless there are many others suffering from kidney disease, but like Mrs. Reany, do not know what is the matter with them.

#### A Hell on Earth.

(Leonora M. Lake, in January Donahoe's.)

"God! Why do you preach to me of God? I tell you there is no God for the poor—no heaven. There is no hell except this life. No devil except the men who grind the liver of women and children into dollars and cents."

The above denunciation was hurled at me with vindictive, accusing force by a poor emaciated woman whom I found, during my investigation of wage earners and their condition, in a garret room under the shadow of Brooklyn bridge, where, by the sickly glimmer of a coal-oil lamp, she was making double-stitch seams overalls for 4 cents a pair. By her side sat a pinched faced, big-eyed child of four years, who, by sewing the buttons on the overalls, enabled her mother to earn 3.75 in a week of 93 hours, or 14 hours a day, seven days a week.

"FROST BITES" are ugly things; a nose or ear swollen too twice its usual is no more beautiful than it is comfortable. After trying many "cures" we come back and award the palm to PERRY DAVIS' PAIN KILLER, "the old reliable," which affords relief quicker than any other thing we know of. Big Bottle, popular price 25c.
