

IT'S NEVER TOO LATE.

A STORY WITH A MORAL FOR THOSE WHO HAVE GIVEN UP HOPE.

A Mount Forest Man Thought His Case Hopeless—Urged by a Friend, He Had One More Trial For Health—The Happy Result.

From the Mt. Forest Confederate.

Mr. Geo. Friday is a well known resident of Mount Forest, and among those acquainted with him it is known that he has been a great sufferer from chronic bronchitis, accompanied by a bad cough that used to leave him so weak that he would lie down for hours at a time. Mr. Friday's friends have noticed lately that he has regained his old time vigor, and in conversation with a representative of the Confederate a few days ago, he was asked what agency he owed his renewed health. "To the same agency," said Mr. Friday, "that has accomplished so many wonderful cures throughout the country—Dr. Williams' Pink Pills. For the past three years I have been so ill I have been able to do but little work. I doctored and tried many remedies with but little or no benefit, and at last I went to the hospital at Brantford, where I remained for some time, and while there I felt somewhat better. The improvement, however, was only temporary, for scarcely had I returned home when I was again as ill as before. I had spent a great deal of money in doctoring without benefit and I felt discouraged and began to look upon my condition as hopeless. A friend advised me to try Dr. Williams' Pink Pills, but I had already tried so many alleged "sure cures" that I did not feel like spending any more money on medicines. Finally, however, I was persuaded to give Pink Pills a trial, and as you can see here reason to be thankful that I did. I purchased a box and began using them with grim hope of recovery. To my intense satisfaction I noticed that they were doing me good, and you may be sure it required no further persuasion to continue their use. After I had taken a number of boxes, the cough which had troubled me so much, entirely ceased, and I could eat a workman's hearty meal, and before long I was able to go to work. I am now in excellent health, and I believe that Dr. Williams' Pink Pills have saved my life. I would not be without a supply in the house and I warmly recommend them to others who may be ailing.

The reporter called upon Mr. Wm. Colclough, the well known druggist, who said he was acquainted with Mr. Friday's case and had every confidence in the statements made. Interrogated as to the sale of this remedy about which everybody is talking, Mr. Colclough said that so far as his experience went, he knew the sales to be very large, and that the remedy gave general satisfaction. In fact although he had sold all the best proprietary medicines he finds Dr. Williams' Pink Pills the best selling remedy on his shelves.

Dr. Williams' Pink Pills are a specific for all diseases arising from an impoverished condition of the blood or a shattered condition of the nervous forces, such as St. Vitus' dance, locomotor ataxia, rheumatism, paralysis, sciatica, the after effects of a grippé, loss of appetite, headache, dizziness, chronic erysipelas, scrofula, etc. They are also a specific for the troubles peculiar to the female system, correcting irregularities, suppressions and all forms of female weakness, building anew the blood and restoring the glow of health to pale and sallow cheeks. In the case of men they effect a radical cure in all cases arising from mental worry, overwork or excesses of any nature. These pills are not a purgative medicine. They contain only life-giving properties, and nothing that could injure the most delicate system.

Dr. Williams' Pink Pills are sold only in boxes bearing the firm's trade mark and wrapper, (printed in red ink.) Bear in mind that they are never sold in bulk, or by the dozen or hundred, and any dealer who offers substitutes in this form is trying to defraud you and should be avoided. Ask your dealers for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists or direct by mail from Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y., at 50 cents a box, or six boxes for \$2.50. The price at which these pills are sold make a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

Certificate of Analysis.

Laboratory of Dr. R. Bryce-Gemmel, Consulting and Analytical Chemist, 228 Boylston Street, Boston, Mass.

I hereby certify that I have carefully examined the sample of K. D. C. submitted by the K. D. C., Ltd., Feb. 10, 1893, and have been unable to detect any objectionable or injurious ingredients therein. It is a compound prepared from pure drugs, and it is my opinion that, if properly administered it will give ready relief to sufferers from the different forms of the disease for which it is intended. It is a perfectly safe remedy.

Respectfully,

R. BRYCE-GEMMEL,

"Late Analyst Surgeon's hall," Edinburgh, Scotland.

Dominion Parliament.

OTTAWA, April 2.—In the House to-day in answer to Mr. Brodeur, Sir John Thompson said it was not the present intention of the government to introduce a bill this session to increase the salaries of judges.

In answer to the same member, the premier explained that it had not yet been settled what party if any decided to appeal from the recent decision of the supreme court on the Manitoba school case or what party if any were entitled to appeal.

In answer to Mr. Kennedy the Minister of Finance said it was not the intention of the government to collect duties on tea and coffee on account merely of transshipment at foreign port.

The budget debate was resumed by Mr. Davin.

He was followed by Dr. MacDonald, of Huron, who spoke up to recess. After recess Dr. MacDonald resumed and spoke for another hour. His principal complaint against the new tariff was that it left Nova Scotia coal with a duty of sixty cents a ton, while Ontario salt had no protection.

He was followed by Mr. McInerney.

OTTAWA, April 3.—In answer to Mr. Fraser, Sir Adolphe Caron said that H. A. Archibald was paid for the year ending February 28th \$2,447 for carrying mails in the county of Inverness, part of which was for work done under temporary arrangements pending a contract.

In answer to Mr. Fairbairn, Hon. Mr. Foster explained the cattle disease in the county of Grey spoken of in the House yesterday by Mr. Landerkin, was a piece of somewhat ancient history. The Minister of Agriculture having had his attention called to the matter some time ago had caused an investigation to be made, and had ascertained that the disease was due to local causes and was not contagious.

Dr. Sproule resumed the tariff debate. He first took up and dealt for considerable time upon the present contention of the opposition that they as a party had never advocated commercial union and by quoting at length from Liberal speeches, resolutions and pamphlets during the years 1887 to 1892 proved conclusively that not only on the United States side of the line but among the Liberals themselves the terms unrestricted reciprocity and commercial union were regarded as synonymous and were used interchangeably.

After recess Mr. McMillan of Huron spoke in reply to Mr. Sproule and like Dr. McDonald he made the duty on coal and the want of a duty on salt the main themes of complaint.

He was followed by Smith of North Ontario, Rinfret, Frechette and Forbes, of Queens, N. S. The latter said a great many things which will surprise a good many maritime province people should they ever read them.

OTTAWA, April 4.—In the house this afternoon Hon. Mr. Foster stated, in reply to Sir Richard Cartwright that it was still the intention of the government to ask a grant of three quarters of a million dollars for the fast Atlantic Mail service.

In reply to Sir Richard Cartwright Sir John Thompson said the government would ask parliament to ratify the French Treaty.

In reply to Mr. Fauvel, Hon. Mr. Foster said the subsidy to the steamer Admiral between Dalhousie and Gaspé would be continued another year.

The budget debate was resumed by Mr. Bille. He was followed by McBruneau of Richelieu and by Mr. Campbell of Kent, Ont., who spoke up to recess.

After recess, Mr. Amyot made an able and witty speech in support of the revised tariff.

The adjournment of the debate was moved by Mr. Mills of Bothwell.

Continued on Page 6.

HIS MAIL IS HEAVY.

Fisheries Inspector Brickwood gets letters from all over the Dominion asking for particulars about Dodd's Kidney Pills curing him of Chronic Rheumatism.

KINGSTON, April 2.—Enquiry develops the fact that the story of J. H. Brickwood's wonderful cure of his rheumatism by Dodd's Kidney Pills has brought him notoriety. Mr. Brickwood daily receives letters from all quarters of Canada asking further particulars of his cure. He invariably answers that after all other remedies failed, Dodd's Kidney Pills restored him to health. Dodd's was the first kidney remedy in pill form ever offered the public. Its wonderful success in curing all forms of kidney disease, has led to the introduction of numerous cheap and worthless imitations. Purchasers, for their own safety should insist on getting Dodd's Kidney Pills. Sold in large boxes; price, fifty cents per box, or six boxes for \$2.50. To be had of all dealers.

Modestly Stated.

Traveling Agent—Are you the head of the house, sir?

Mr. Cowed—H'm—Ah!—I represent her.

"It acts like a charm."

Capt. Jas. Beck, St. John, N. B. says: It affords me pleasure to testify from experience to the merits of Hawker's Tolu and Wild Cherry Balsam, which acted like a charm in an irritating case of cough. It was resorted to after other remedies had signally failed, affording immediate relief and complete satisfaction.

Equal to the Occasion.

St. Peter (to musician just arrived from Boston)—Come right in. You came at the nick of time, for we are about to sing "Comrades."

Musician (taken aback, but equal to the occasion)—Er—excuse me, but I merely called to ask you to have the kindness to direct me to the other place.

Bright Spring Days.

The spring should be pre-eminently a season of contentment, happiness and hope. In these bright and pleasant months the country should enjoy its highest degree of tranquillity and prosperity. But spring, it is well known, is often a period of discomfort and disturbance in the physical system. Important organs of the body become torpid or irregular in their action, and the fact is instantly reflected in the mental condition of the individual. A disordered liver means disordered nerves and a dull and unsteady brain. Anything which will bring the physical system into harmony with budding Nature confers an enormous benefit upon the nation, besides the mere allaying of physical discomfort. Hood's Sarsaparilla does this, as thousands of grateful and happy men and women can testify, and increased use of this standard spring medicine is of more real practical importance in promoting health and quiet in the business world than reams of abstract theorizing.

A Cheap Trip.

Superintendent—How is this, Murphy? Ten cents all you took in on your round trip?

Conductor—Yes, sir. I struck an orphan asylum picnic. They went down and back with me, and every one of 'em, savin' the woman in charge, was under age.

All Men

Young, old, or middle aged, who find themselves nervous, weak and exhausted, who are broken down from excess or overwork, resulting in many of the following symptoms: Mental depression, premature old age, loss of vitality, loss of memory, bad dreams, dimness of sight, palpitation of the heart, emissions, lack of energy, pain in the kidneys, headache, pimples on the face and body, itching or peculiar sensation about the scrotum, wasting of the organs, dizziness, specks before the eyes, twitching of the muscles, eyelids, and elsewhere, bashfulness, deposits in the urine, loss of will-power, tenderness of the scalp and spine, weak and flabby muscles, desire to sleep, failure to be rested by sleep, constipation, dullness of hearing, loss of voice, desire for solitude, excitability of temper, sunken eyes, surrounded with LEADEN CIRCLES, oily looking skin, etc., are all symptoms of nervous debility that last insanity unless cured. The spring of vitality having lost its tension every function wanes in consequence. Those who through abuse, committed in ignorance, may be permanently cured. Send your address for book on diseases peculiar to man, sent free, sealed. Address M. V. LUBON, 24 Macdonnell Ave., Toronto, Ont.

Not Hurtful.

"Is tight lacing hurtful, doctor?"
"Not to the medical profession, miss; not to the medical profession."

The Spring Medicine.

"All run down" from the weakening effects of warm weather, you need a good tonic and blood purifier like Hood's Sarsaparilla. Do not put off taking it. Numerous little ailments, if neglected, will soon break up the system. Take Hood's Sarsaparilla now, to expel disease and give you strength and appetite.

Hood's Pills are the best family cathartic and liver medicine. Harmless, reliable, sure.

A Tender-Hearted Husband.

Husband—I think I'll go out for a little walk, my dear.

Wife (wrathfully)—I don't see how you can stand there and see your wife struggling with a fire that simply won't burn.

Husband—I can't my dear; that is the reason I am going out.

Like Lightning.

The rapid action of the "great pain cure," Polson's Nerviline, in relieving the most intense pain, is a matter of wonder to all who have used it. There is nothing surprising in its result, for it is made of the strongest, purest and most efficient remedies known in medicine. Nerviline cures toothache instantly; cramps in five minutes; neuralgia after two applications; rheumatism is at once relieved by its use; and the same may be said of all kinds of pain. Sample bottles, costing on 10 cents at any drug store. The large bottles only 25 cents. Polson's Nerviline sold by all druggists and country dealers.

She Was Supplied.

Young Housekeeper—Have you any boneless bacon?

Butcher—Yes'm.

Young Housekeeper—Well, send me some; and some boneless liver also. I want to have liver and bacon for breakfast.

Some surprising effects have been recorded from the use of Miller's Emulsion of Cod Liver Oil in the most desperate cases of consumption. Miller's Emulsion is "the kind that cures" colds, coughs, bronchitis and lung diseases generally. Every bottle warranted. No oily taste like others. In big bottles, 50c. and \$1.00 at druggists.

BAD BLOOD CAUSES

Boils, Pimples, Blotches, Ulcers, Sores, Scrofula and Skin Diseases.

B.B.B.

CURES BAD BLOOD

MR. FRED CARTER.

DEAR SIRS.—I was covered with pimples and small boils and after obtaining no relief from a doctor tried different remedies without success until one Sunday I was given 2 of a bottle of Burdock Blood Bitters, by the use of which the sores were sent flying in about one week's time. I made up my mind never to be without B.B.B. in the house, and I can highly recommend it to all.

FRED. CARTER, Haney, B. C.
I can answer for the truth of the above.
