

THE GREAT SOUTH AMERICAN NERVINE TONIC —AND— Stomach & Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

Nervousness, Nervous Prostration, Nervous Headache, Sick Headache, Female Weakness, Nervous Chills, Paralysis, Nervous Paroxysms and Nervous Choking, Hot Flashes, Palpitation of the Heart, Mental Despondency, Sleeplessness, St. Vitus' Dance, Nervousness of Females, Nervousness of Old Age, Neuralgia, Pains in the Heart, Pains in the Back, Failing Health, Broken Constitution, Debility of Old Age, Indigestion and Dyspepsia, Heartburn and Sour Stomach, Weight and Tenderness in Stomach, Loss of Appetite, Frightful Dreams, Dizziness and Ringing in the Ears, Weakness of Extremities and Fainting, Impure and Impoverished Blood, Boils and Carbuncles, Scrofula, Scrofulous Swellings and Ulcers, Consumption of the Lungs, Catarrh of the Lungs, Bronchitis and Chronic Cough, Liver Complaint, Chronic Diarrhoea, Delicate and Scrofulous Children, Summer Complaint of Infants.

All these and many other complaints cured by this wonderful Nervine Tonic.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., Aug. 20, '86.
To the Great South American Nervine Tonic,
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing did me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If every one knew the value of this remedy as I do you would not be able to supply the demand.
J. A. HARRIS, Esq., Free, Montgomery Co.

A SURE CURE FOR ST. VITUS' DANCE OR CHOREA.
CRAWFORDVILLE, IND., June 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and ONLY one great cure in the world for this universal destroyer. There is no case of unalloyed disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Waynesville, Ind., says: "I owe my life to the Great South American Nervine Tonic. I had been in bed for five months from the effects of an exhausted stomach, indigestion, nervous prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a wondrous cure for the Stomach. No remedy compares with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle-aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon. If you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

A Sabbatarian.

Dr. A.—did not believe in forcible restraint for the insane, therefore, as head of an insane asylum where personal influence was made to take the place of bolts and bars and shackles, he was kept a busy man. One patient, in particular, was a young boy continually complained of at headquarters because he refused to wear his clothing, preferring to tear it into rags.

"Dr. A.—remonstrated in vain, then thought out a plan of diplomacy, with which he approached his patient."

"John," he said, "I find I am in need of a boy, and thought you might like, at the position. I want to hire a boy, not to tear clothes." "Do you think you could do that work?"

"Yes," said John.

"Very well, what wages will you ask?"

"Four cents a day."

The bargain was closed on the spot, John's destroyed clothing having cost the asylum dollars where his wages were cents.

From Monday to Saturday, John was a model laborer, receiving at the end of each day his wage with the other workmen about the asylum. Sunday came, and with it John's mania. He had not a whole rag on his back when Dr. A.—was called upon to speak to him.

"How did this happen, John?" he asked. "Weren't you engaged to work for me? You have broken your contract."

"I have not, sir," asserted John, with warmth. "Didn't I work for you all the week? To-day's Sunday, and I'll be hanged if I work for any man on Sunday."

The "Iowa Black Demon."

New York special: There was led up Broadway, foaming in impotent rage, a superb black Percheron stallion. There was a ring through his nose to which was attached a stout rope held taut by a muscular countryman and four other ropes, two on each side attached to his head, were held by four other men, while another followed with a wicked looking goad. The animal was the famous man-eating stallion known as the "Iowa Black Demon," owned by E. N. Dewitt of Bedford, Taylor County, Io., and imported two years ago by Singmaster & Co. of Keota. He has already killed three men and injured a number of others. He is too valuable to kill and too fierce to tame so after much difficulty he was put on board the cars and sent here for the famous horse trainer, Prof. Gleason, to try his hand on.

A Heartless Being.

While lobster fishing near Jeddore breakers, on the 13th inst., Wm. Barker and Joseph Williams were upset and thrown into the water. Williams washed ashore in the surf and was saved, but young Barker was drowned, to the great grief of the whole community. Deceased was a son of Azariah and Cecilia Baker, of lower east Jeddore. It is said that a man named Richardson was hauling lobster traps within fifty yards of the drowning boy, but made no effort to save him; and that had Richardson made reasonable effort to save him the young man would not have drowned. This startling piece of news comes from a reliable correspondent; and if true, is one of the most heartless things any human being could be guilty of.—Halifax Herald.
