

# THE GREAT SOUTH AMERICAN NERVINE TONIC

## AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.  
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

### NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., AUG. 20, '86.  
To the Great South American Nervine Tonic Co.:  
DEAR GENTLEMEN—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing did me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.  
J. A. HARRIS, Ex-Treas. Montgomery Co.

### A SWORN CURE FOR ST. VITUS' DANCE OR CHOREA.

My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

State of Indiana,  
Montgomery County, ss:

Subscribed and sworn to before me this June 22, 1887.

### INDIGESTION AND DYSPEPSIA.

#### The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIS E. HALL, of Waynesville, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with South American Nervine as a cure for the Nerves. No remedy compares with South American Nervine as a cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon. If you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

### An Auctioneer's Story.

MUCH EXPOSURE BROUGHT ON A SEVERE ATTACK OF RHEUMATISM.

Red-hot For Weeks at a Time—His Trouble Aggravated by an Outbreak of Salt-rheum—An Experience of Interest to Others.

From the Stayner Sun.

There are few people in Simcoe County who do not know Mr. Thos. Furlong. For twenty-eight years Mr. Furlong has been a resident of the county, and for twenty-two years has been a travelling agent and an auctioneer, and it is safe to say that he is just as popular as he is well known. In a business of his kind Mr. Furlong is naturally exposed to all kinds of weather, and the result has been that for some years past he has been badly crippled with rheumatism and has suffered great pain and inconvenience. Happily, however, Mr. Furlong has found a release from this suffering, and his recovery has excited so much interest in and about Stayner that "The Sun" determined to secure the particulars of his cure and give them for the benefit of others. When seen with regard to the matter, Mr. Furlong expressed the greatest willingness to make public the particulars of his cure in the belief that it might be of benefit to some other sufferer.

"You are of course aware," said Mr. Furlong, "that my calling subjects me to more or less inclement weather, and this was the main cause of my suffering. Some nine years ago I first felt the symptoms of rheumatism. I did not pay much attention to it at first, but gradually it became so severe that it was with difficulty that I could hobble around, and my business really became a burden to me. I consulted several physicians who did all they could for me, but without giving me any relief. During a part of the year I was bed-fast for weeks at a time and as the remedies I tried did me no good I began to believe that there was no cure for me, and you will readily understand how despondent I was. To add to my distress I became afflicted with salt-rheum of the hands, and had to keep my hands covered with clothes from one year's end to the other. I had read of some remarkable cures of rheumatism by the use of Dr. Williams' Pink Pills for Pale People, and at last I made up my mind to try them, though I must admit that it was with a doubting heart, for I had spent a great deal of money for other medicines without obtaining any benefit. However, they say that a drowning man will clutch at a straw, and it was with much of this feeling that I purchased the first box of Dr. Williams' Pink Pills. Before that box was all gone I experienced some relief which warranted me in continuing the treatment, and from that out I steadily progressed toward complete recovery. I have used in all eight boxes with the result that I am to-day free from pain and ache, and not only did Pink Pills relieve me of the rheumatism, but they also drove out the salt-rheum, and as you see to-day the hands which had been covered with cracks, fissures and scabs are now completely well. This splendid result is due entirely to the use of Dr. Williams' Pink Pills and you may be sure that it gives me the greatest pleasure to warmly recommend them to others.

Dr. Williams' Pink Pills are a perfect blood builder and nerve restorer, curing such diseases as rheumatism, neuralgia, partial paralysis, locomotor ataxia, St. Vitus' dance, nervous headache, nervous prostration and the tired feeling therefrom, the after effects of la grippe, diseases depending on humors in the blood, such as scrofula, chronic erysipelas, etc. Pink Pills give a healthy glow to pale and sallow complexions and are a specific for the troubles peculiar to female system, and in the case of men they effect a radical cure in all cases arising from mental worry, overwork, or excesses of any nature.

These Pills are manufactured by the Dr. Williams' Medicine Company, Brockville, Ont., and Schenectady, N. Y., and are sold only in boxes bearing the firm's trade mark and wrapper, at 50 cents a box or six boxes for \$2.50. Ask your dealer for Dr. Williams' Pink Pills for Pale People and refuse all imitations and substitutes.

Dr. Williams' Pink Pills may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company from either address. The price at which these pills are sold makes a course of treatment comparatively inexpensive as compared with other remedies or medical treatment.

### A BOOMING BUSINESS.

Reports from Different Points Showing Big Sales and Grand Results for Dodd's Kidney Pills—Samples of the Reports Daily Received by the Manufacturers.

TORONTO, Jan. 15.—J. A. McDonald, a druggist at Whitewood, N. W. T., writes: "Dodd's Kidney Pills are meeting with universal success in this part of the Dominion. My sales of this article are daily increasing, and it is well known impossible for me to keep them in stock." Frank Brown, druggist, of Shellburne, Ont., writes under a recent date: "Please ship me another five gross of Dodd's Kidney Pills. Sold eighteen boxes this afternoon. They are giving grand satisfaction. These pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price; fifty cents per box, or six boxes for \$2.50."

### He Convinced Her.

The other day an omnibus, full of passengers, drove up to its suburban terminus. Side by side sat a commercial traveller and a lady temperance lecturer. The commercial seized his bag and made a move to get out. The lady made a snatch after him, and he halted.

"I beg your pardon," she said, "but you have my bag."

"You are certainly mistaken, madam," the traveller said, courteously but firmly. "This bag is mine."

"No, sir," the lady replied firmly, "it is mine. I should know it among a thousand. You must not take it."

But the traveller persisted and the lady insisted, and they came very near quarrelling.

Presently one of the passengers pointed to a twin bag in the omnibus and said: "Whose is that?"

"It isn't mine," said the traveller. "It is just like it, but this is mine."

"And it isn't mine," said the lady.

"He has mine, and I want it, and I'll have it. It's a pity if a lady can't travel alone in this country without being robbed of her property in broad daylight."

Finally the traveller said he would open the bag to prove his property.

The lady objected at first, saying that she did not want her bag opened in the presence of a crowd of strangers.

But as there was no other means of settling the dispute she at length consented.

The traveller took out a key, opened the bag, and the curious crowd bent forward to see.

On the top of everything lay a big, flat flask half full of whiskey, a pack of cards, a meerschaum pipe, a quarter of a pound of tobacco and a snuff box.

The traveller was the first to recover his self-possession and speech.

"Madam," he said, "you are right. The bag is yours. I owe you a thousand apologies."

But the lady had fainted, and the traveller unlocked his bag with a quiet smile.

Early in the afternoon a sign painter received a note, in a feminine hand, asking him to come to a certain house to mark a black leather bag in white letters a foot and a half long.—London Telegraph.

### Parrsboro, N. S.

D. S. Howard, the well known merchant of Parrsboro, N. S., sends The Hawker Medicine Co. the following unsolicited testimonial: Some months ago, when suffering from a severe cold, I was advised to try Hawker's Balsam of Tolu and Wild Cherry and Hawker's Liver Pills, which I am thankful to say completely cured me. I have recommended Hawker's Balsam to very many suffering from La grippe and severe colds and in every case it has proved to be effective. Sold everywhere, 25 and 50 cents a bottle.

Town Topics, the well known weekly famed for the brightness and boldness of its writings, begins 1894 a more breezy publication than ever, and with a most interesting new feature added. It will, hereafter with each number, issue, as a loose supplement, a portrait, drawn from life by its own special artists, of some man particularly distinguished at the moment in his walk of life. These portraits will not be reproductions of photographs or an ordinary portrait for which the subject has posed, but will be an exact and lifelike picture of the man in his natural or characteristic attitude. The first of the series was the portrait of the great editor Charles A. Dana, at his desk reading the morning paper. The second, that of Ward McAllister, New York's society leader, as he may be seen walking down Fifth Avenue. The third is the Rev. Dr. Parkhurst in his study. These supplements are beautifully printed on lithographic paper, and will make a rare collection for preservation, quite worth in itself the price of the subscription to the journal. As every one knows, the stories, literary notes, poetry, jokes, field sport and turf notes, are all by the cleverest writers of the day. In fact no one, as yet, ever discovered a dull line in Town Topics. \$4.00 per year; trial subscriptions, three months, \$1.00. Town Topics, 21 West 23rd Street, New York.
