

# THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.  
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

## NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., AUG. 20, '86.  
To the Great South American Medicine Co.:  
DEAR GENTS—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I feel much better and am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

## A SURE CURE FOR ST. VITUS' DANCE OR CHOREA.

My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

## INDIGESTION AND DYSPEPSIA.

### The Great South American Nervine Tonic

Which we now offer you, is the only absolutely untailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Waynesville, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach, indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nervine. No remedy compares with South American Nervine as a wonderful cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure indigestion and dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon. If you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

### The Law's Allowance.

After the wedding.  
Syracusan (to minister)—"Well, how much for the splicin'?"

Minister—"The law, sir, allows us a dollar and a half for performing the marriage ceremony."

Syracusan—"Oh, it does, eh? Well, here's fifty cents. That make two dollars."

Simply apply "SWAYNE'S OINTMENT." No internal medicine required. Cures tetter, eczema, itch, all eruptions on the face, hands, nose, &c., leaving the skin clear, white and healthy. ### A Big Bargain.

William Ann—"You haven't got a cook here that would weigh, say, two hundred pounds, have you?"

Intelligence Lady—Mercy, No! Why must you have such a big one?

William Ann—"My wife bought a forty-eight corset for eight cents, and she wants a cook she can give it to."

### It Might Have Been Worse.

Horrid Mother—"I just this minute saw Mr. Niccetto's arm around your waist. It's perfectly awful."

Repentant Daughter—"Y-e-e-s, mother; but it would be a good deal more awful to see his arm around some other girl's waist."

### Affection Suppressed.

Ethel—"I could have loved Harold Vincent but for one thing."

Yvonne—"What was that?"

Ethel—"I was engaged to him."

Tourist (in the country)—Your daughter, ma'am, is a beautiful girl. Is she accomplished in household duties?

Mother—"No; not to any great extent. As soon as we discovered that she was going to be pretty we decided to fit her to be a typewriter."

### The Dictator.

Her Adorer—"May I marry your daughter?"

Her Father (dejectedly)—"I don't know. Ask the cook; she runs the house."

### Poor Thing.

"Jones, your dog barks so much at night that I haven't had a quiet sleep for a week."

"Great Scott! Does he bark as much as that? I'm afraid he isn't well."

### Not Much of a Feat.

Bertie—"Auntie, the car was so crowded I had to stand on one foot all the while way from Harlem."

Caddie—"Why, that's nothing. Any goose can do that and never think of talking about it."

### He Envious the Car.

Grocer—"Mr. Slowpay, do you know why the car of Russia would make a success in the grocery business?"

Mr. Slowpay—"I don't think I do."

Grocer—"Well, it's because he doesn't trust anybody."

### A Degree Worse.

"Well, Johnny, how are you? Do you find dollars scarce, as everybody else does?"

"I am worse off than that. I even find half-dollars scarce."

"Haw-haw!" laughed the Chicago man, as he read the bill of fare. "You easterners make some queer mistakes. You've got croquettes under the head of entries, Out West croquette is a game."

I can highly praise Burdock Blood Bitters because it had a fair trial in my case with wonderful success. My symptoms were dropsy, backache and sleeplessness, and all these disappeared after using two bottles of Burdock Blood Bitters. I cannot praise its healing powers too highly.

### Driven to Drink.

"What makes you look so thirsty today, old fellow?"

"I had to stick one of those deucedly large Columbian stamps on the letter my wife gave me to mail."

Mabel—"All right. Well?"

Willie—"Now you tempt me to eat the apple, and I'll succumb."

Do NOT NEGLECT coughs, colds, asthma and bronchitis, but cure them by using Dr. Wood's Norway Pine Syrup.

Great Man (aggravily): So you want my autograph, eh? I'm getting pretty tired of this thing and must put a check to it.

Borem: Oh, well, sir, I'd just as soon have your name on a cheque.

Dropped on sugar, children love to take Johnson's Anodyne Liniment for coughs and colds.

"John," said a lady to her very sick husband, "the doctor is down stairs and wants to see you." "Tell him I'm out and he'll have to come again," said John from sheer force of habit.

A country reporter happened to be at the Zoological Gardens in London when the animals were being fed. He saw the keeper give the tiger a large piece of meat.

"Does he get that often?" asked the reporter. "He is fed regularly every day," replied the keeper. "Great heavens! why was I not born a tiger?" said the reporter, clapping his hands.
