THE ACADIENNE MUNICIPAL ELECTION PROTEST.

The result of the vote of the Council on the Acadienne election petition furnishes evidence of the necessity for the enactment of a law constituting an independent tribunal to inquire into and decide questions of this nature. The petition of Mr. Pineau in this case, supported as it was by numerous affidavits, furnished almost conclusive evidence that the petitioner had been honestly elected by a majority of 1. It was openly admitted by Mr. Barribeau and Mr. Maillet, chairman of District No. 1, that the ballots of District No. 2 had been recounted after they were returned to Mr. Maillet.

JAN 15th, 1894.—We are having genuine winter weather just now. Snow storms, and cold enough to appal an Arctic Explorer. The storm that originated with Friday morning's howling North-Easter and finished up with Sunday morning's calm, was a typical one in the most fitting sense of the word, nearly two feet of snow having fallen on the level while drifts varying from ten to fifteen feet in height loom up in every direction.

Mr. L. Louis Legere the popular secretary of our Temperance club has given up school teaching as a profession. On dit that Mr. L. anticipates entering into partnership with his brother-in-law, Mr. P. R. Gogan. Success to the persevering.

Mr. Luther Killam and family of Notre Dame, have left recently for New York. During their short stay Mr. and Mrs. Killam made many friends and will be much missed.

Mr. George Hope, Mr. Bowen Smith's foreman, has decided also on making New York his future home. In Mr. Hope's absence the Temperance Lodge of Notre Dame loses one of its most prominent members.

Mr. Harrison Smith has returned from Boston lately. All are pleased to hear that Mr. James Lucas, now of Boston, but formerly of this place, and by the way, when of this place, one of its most honorable young men, has recovered perfectly from a very serious attack of pneumonia.

With best wishes to THE REVIEW and its many readers, I remain DIXIE.

Piles! Piles! Itching Piles.

SYMPTOMS.—Moisture; intense itching and stinging; most at night; worse by scratching. If allowed to continue tumors form, which often bleed and ulcerate, becoming very sore.

South Branch Notes.

Snow, snow, nothing but snow has been the cry for the last month, but there has been a change from snow to frost, and now they cry frost, frost.

The snow in the woods is very deep and has been a great inconvenience to lumber men in getting out their lumber. There will not be much work for the surveyor next spring. Our lumber surveyor, D. D. McEachern is away to Houlton, Me. He is much missed, but we look for him back in the spring.

Mr. Harry Palmer has a fine lot of spruce logs hauled to Mr. R. N. Doherty's Mill.

There have been a number of social parties around here of late, and all seem to be enjoying themselves notwithstanding the severe winter.

Mrs. John Cullen still continues in poor health.

Mr. Chrystal is very sick. He is not expected to recover.

There were a few cases of fever around here, but all afflicted have recovered.

We have to congratulate Mr. and Mrs. Steward McDonald. It's a baby girl.

Miss Ettie Warren has removed to Ballyphilip, and intends to remain there for some time.

It is rumored that a wedding is not far distant, and then (W. B.) will be monarch of all he surveys.

We have to regret that another of our young men has left S. B. and gone to N. H. We wish him every success.

William Cobbett on Drunkenness.

William Cobbett once wrote the following stirring words on drunkenness:—"When this vice has taken fast hold of a man, farewell industry, farewell emulation, farewell attention to things worthy of attention, farewell love of virtuous society, farewell decency of manners, and farewell, too, even an attention to person; everything is sunk by this predominant and brutal appetite. In how many instances do we see men, who have begun life with the brightest prospects before them, and who have closed it without one ray of comfort and consolation? Young men with good fortunes, good talents, good hearts, and sound constitutions, only by being drawn into the vortex of the drunkard have become by degrees the most loathsome and despicable of mankind.

In the house of the drunkard there is no happiness for anyone; all is uncertainty and anxiety. He is not the same man for any one day at a time. No one knows anything of his outgoing or his incomings; when he will rise, or when he will lie down to rest, is only a matter of chance. That which he swallows for what he calls pleasure brings pain as surely as the night brings the morning. Poverty and misery are in the train. To avoid these results we are called upon to make no sacrifice. Abstinence requires no aid to accomplish it; our own will is all that is requisite, and if we have not the will to avoid contempt, disgrace and misery, we deserve neither relief nor compassion."

Kent County Council.

(Continued from page 1.)

THURSDAY, 10 A. M. Council called to order. Minutes of last meeting read and approved.

Councillor Murphy moves that resolution relative to non-resident tax be reconsidered. Resolution again moved by Councillor Murphy, seconded by Councillor B. J. Johnson.—Carried.

Councillor Bernard moves that the Inspector of licenses be heard. Report read by Inspector. 18 applications last year, 1 refused. 20 applications this year, 13 follows:—

Moise P. Gallant, Dundas, retail; John Elliot, Dundas, retail; Andrew Hanigan, Wellington, retail; M. L. D. Cormier, Wellington, retail; Phillip Theriault, Wellington, retail; John J. Archibald, Harcourt, retail; John O'Leary, Wellington, wholesale; Clovis Chase, Wellington, retail; Isaac Trenholm, Wellington, retail; David Palmer, Kingston, retail; Mary Hannah, Richibucto, retail; Thos. Flanagan, Richibucto, wholesale; J. W. McDermott, Harcourt, retail; S. O'Donnell, Richibucto, retail; Geo. A. Irving, Richibucto, retail; Geo. W. Raymond, Carleton, retail; Richard Herbert, Kingston, retail; James Conway, Kingston, retail; Hugh Dysart, Dundas, retail; Frank McInerney, Kingston, retail.

Mr. Caie thanks the council for the kind treatment accorded him during his illness, and draws the attention of the board to the M. T. Glens license, which has given no little ground for discussion outside. The facts were as follows:—

Glenn procured license from him promising to forward the necessary fee immediately. Went to see him at Harcourt in connection with it. Not having received it, Glenn promises to forward it without delay, but failed in keeping his promise. Learning that Glenn was selling illegally, he had him brought down and a charge laid against him. The matter, at the suggestion of the stipendiary magistrate was arranged by Glenn paying the amount of fine, receipt for which had been handed in.

Councillor McAlmon asks for information about additional \$10.00. In reply, Inspector says he made Glenn pay the \$10.00 in addition as his expenses traveling to and from Harcourt. Report accepted.

Councillor Johnson moves that licenses be granted to-morrow at 2 p. m. Coun. S. Bourgeois gives notice of motion for 2 o'clock to-morrow relative to pigs running at large in Dundas.

Councillor Atkinson thinks question requires more consideration and suggests that it lay on table until 10 o'clock to-morrow.

Councillor Richard notice of motion to-morrow changing No. 1 polling district to No. 2 and No. 2 to No. 1 in St. Louis.

Councillor Bernard recommends that some decision be arrived at as to amount of license.

Coun. Richard, no necessity for any reduction. Coun. Atkinson, after giving years notice would not now be willing to make reduction.

Councillor McAlmon contends that cost too high, no licence will be taken out if amount increases from last year, several of the dealers advised him to that effect and the result that fines and expenses will be shouldered on the County through illegal selling.

Councillor Johnson says they must not undo what they did last session, that they were elected on this question of high license. Most of the men engaged in the business that he had interviewed were satisfied. Criminal cases in our county brought about by liquor, and the seller should pay for it, their threats all ban-combe he would vote for increased figure.

Warden in speaking on the question said he was mover of resolution last year for increased rate, and his object in doing so was to injure the liquor trade. The New Brunswick liquor law was very acceptable. He was of the opinion that the fees would not affect the taking out of licenses, was told by some dealers that \$100.00 licence would be acceptable to them if they, the dealers, were not protected from illegal selling. This the duty of Inspector was no doubt will see the law carried out.

Councillor Murphy was agreeable to the \$50.00 fee, but would have the Inspector protect the men who conform to the law. If the duties of the officer are too arduous give him additional pay, so that he can give the necessary time to it. If high license issued, must have inspector paid accordingly.

Councillor Murray disagrees with his colleague, Councillor Murphy. He thinks there is no use in taking off rumsellers and giving to the inspector.

Councillor Richard thinks there is no

necessity for increasing salary of inspector at present. Later on, if required, do so. The sellers themselves should complain of others selling illegally.

Councillor McAlmon gives notice of motion for to-morrow at 2 o'clock in the afternoon, that liquor licenses be reduced to \$35.00 retail, and \$55.00 wholesale.

THURSDAY, 2 P. M. Council called to order.

Councillor Johnson presents report of wharf committee. Recommends in report that caretaker be appointed to collect port wharfage for ensuing year, and that petition through county representative be forwarded to Ottawa for transfer of wharf to Dominion.

Councillor Murray recommends John Irving as care taker of wharf. Not accepted by Council. After a lengthy discussion on the question in which F. M. Richard, McAlmon, Atkinson, Johnson, Bernard and others take part, Councillor Murphy moves that the Warden appoint a committee to wait on Mr. Brown, relative to the back rents of the wharf. Committee comprised Murray, Bernard and F. M. Richard.

Councillor Murphy gives notice of motion for 10 o'clock to-morrow, relating to Alms House.

Treasurer's report read by him. He complained of the delay in bringing in funds by Collectors. Jury fee very late in coming from Local Government, and finds great difficulty in meeting liabilities on account of taxes not forthcoming.

Petition from G. W. Robertson asking for rebate of \$10.00 in wharf rent for last year, refused by Council.

Auditor's report read and accepted. Councillor Atkinson moves that motion to declare Barribeau's seat vacant be reconsidered. Motion defeated.

FRIDAY, 10 A. M. Council called to order. Minutes read and approved.

Councillor Johnson moves that district No. 1 St. Louis, be changed to No. 2 and that district No. 2 be changed to No. 1. Carried.

Councillor Murphy seconded by Councillor Coates, moves the following resolution:—That this board take into consideration the advisability of establishing an Alms House in this municipality in the interest of economy and the more humane and equitable distribution of public charity among the poor and indigent.

Councillor F. M. Richard opposed resolution, says that he does not exercise his judgment in the matter, but pledged by his parish to vote it down, they don't require it and he must vote against it.

Councillor Johnson similarly situated. He and his colleague bound by majority of St. Louis to not only vote against it, but if possible prevent any discussion in the Council on it.

Councillor McAlmon don't understand the people of St. Louis. The parish of Richibucto is assessed \$1000.00 for poor purposes, and Weldford \$600.00 for same object, and if two or three of these districts feel that a great saving is accomplished by the use of an Alms House, confined solely to themselves, why should St. Louis object.

Councillor Atkinson agrees with McAlmon, but don't blame St. Louis men for following out instructions of their rate payers. Harcourt would receive no benefit by it. No regular paupers there, their poor grant very small. But Richibucto and Weldford would be benefited by it, both from money stand point, and in the cause of humanity. Should have legislation from two or more parishes, and if outside parishes desired later on to be added, let them in by all means.

Warden speaking on the question, says he was advised that all the parishes were anxious to erect Alms House, and on the strength of this procured letters from Mr. Stewart of Chatham, giving cost of maintenance of Northumberland Alms House, which he read.

Councillor Murphy says his intention to
