

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of
the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

IT IS A GREAT REMEDY FOR THE CURE OF

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., Aug. 20, '86.
To the Great South American Nervine Tonic Co.:
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing doing me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If every one knew the value of this remedy as I do you would not be able to supply the demand.

A SURE CURE FOR ST. VITUS' DANCE OR CHOREA.

CRAWFORDVILLE, IND., June 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for Indigestion and Dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.
JOHN T. MISH, State of Indiana, Montgomery County, ss.

Subscribed and sworn to before me this June 22, 1887.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely untailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and only one great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRET E. HALL, of Waynesville, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted stomach. Indigestion, Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well. Had tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a wondrous cure for the Stomach. No remedy will at all compare with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon. If you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

SHATFORD'S CHILDREN.

Judge Tuck Gives Them to the Father.

A great crowd gathered at Judge Tuck's chambers at three o'clock this afternoon to hear his decision on the application of Mr. Shatford for the custody of the two children now in the keeping of his wife. The Judge said he had not had time to prepare a written judgement. He considered it unfortunate that it had been considered necessary to bring the case into court and more unfortunate that its details had been heralded all over the country. It was surprising to him that the lady most interested had sat unobtrusively throughout all the proceedings as though she was the heroine of some beautiful play. The law prima facie gave the father the right to his children, but the interests of the children had to be considered. If it was better they should remain with the mother then the judge should so decide. In a case where father and mother were unapproachable and the children in the care of their mother had formed attachments that it would be injurious to break then the mother should be left in charge. If the charges first made had not been answered then Shatford should have the children, but if the answers and charges against him were true then he was not fit to bring up the children. Taking up the charges against Mr. Charles Campbell the Judge said they were of a most serious character. He had very carefully examined all the evidence for and against Mr. Campbell and could not understand that the evidence against him was untrue unless there was a conspiracy. If the charges were not proven against him they were pretty nearly on the border line. Perhaps Mr. Campbell should have the benefit of the doubt. The charges against Mrs. Shatford were then taken up. Wm. Melliday could not have been approached. His statements were most damaging. Other affidavits were of a damaging nature. The statements of Ring and Jenkins, if true, incriminated the lady in a way not pleasant to think of. There were evidences not of indiscretion alone, but of gross impropriety. Ring says they could not have done more if engaged. It struck him they could not have done much more if they were married. Regarding the affidavit of Robert Campbell and Harry Kaye, Judge Tuck said they were interested parties. He could not say their statements were untrue, but he did not believe in that code of morals that allowed a man to swear falsely to protect a woman. He did not think Ring or Jenkins had done any great wrong. The charges against Shatford were next taken up. They were four in number: drunkenness, cruelty, failure to support his family and being an atheist. The charge of drunkenness had absolutely failed. Concerning the statements about the visit of Evil to Shatford's house, Judge Tuck said if the condition was as he said he should have ordered him from the house if he was not able to put him out. The letters of Mrs. Shatford to her husband while he was in Chicago were not consistent with the charges of cruelty. There was no charge of immorality made against Shatford down to 1892, and in fact in all these proceedings there was not one rumor of immorality against him. It was a significant fact that the charge of divorce rested upon acts alleged to have been committed in Chicago. It did look as if the proceedings were made to enable Mrs. Shatford to get rid of her husband. It had been charged that Shatford instead of being a loving husband had been hounding his wife. There was nothing else for him to do. His wife started the proceedings and he had to defend himself. In closing, Judge Tuck decided that it is for the best interest of the children that they be handed over to the father, and ordered accordingly.

To-morrow the lawyers will agree as to who shall have the children pending settlement on appeal.—Globe.

Sore Throat Cured.

DEAR SIRS.—I had a very sore throat for over a week and tried several medicines without relief until I heard of Dr. Wood's Norway Pine Syrup, which I tried with great success. I think it a fine medicine for sore throat, pain in the chest, asthma, bronchitis, and throat and lung trouble.

MONTREAL, Jan. 12.—Montreal has got accustomed to noisy mobs of French students, who turn out and parade the vicinity of Russell hall, in the French section of the city, when Father Chiniquy holds forth there. The proceedings Wednesday night were unusual, however, and there were rumors of serious trouble for the priest, Louis Papineau, of Montebello, son of the noted French patriot who rebelled against the British in 1837, was received into the Presbyterian church by Father Chiniquy.

The proceedings were interesting, and the place was crowded. Outside there was also a big crowd, but with the thermometer 15 below zero the squad of police did not have to use force to keep them on the move. The predicted riot and bloodshed did not materialize and it is doubtful if any was intended. The French Canadian hot heads are cautious since the Nelson monument affair.
