

THE GREAT SOUTH AMERICAN NERVINE TONIC AND Stomach and Liver Cure

The Most Astonishing Medical Discovery of
the Last One Hundred Years.

It is Pleasant to the Taste as the Sweetest Nectar.
It is Safe and Harmless as the Purest Milk.

This wonderful Nervine Tonic has only recently been introduced into this country by the proprietors and manufacturers of the Great South American Nervine Tonic, and yet its great value as a curative agent has long been known by a few of the most learned physicians, who have not brought its merits and value to the knowledge of the general public.

This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nerve tonic qualities which it possesses, and by its great curative powers upon the digestive organs, the stomach, the liver and the bowels. No remedy compares with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of a broken-down constitution. It is also of more real permanent value in the treatment and cure of diseases of the lungs than any consumption remedy ever used on this continent. It is a marvelous cure for nervousness of females of all ages. Ladies who are approaching the critical period known as change in life, should not fail to use this great Nervine Tonic, almost constantly, for the space of two or three years. It will carry them safely over the danger. This great strengthener and curative is of inestimable value to the aged and infirm, because its great energizing properties will give them a new hold on life. It will add ten or fifteen years to the lives of many of those who will use a half dozen bottles of the remedy each year.

NERVOUS DISEASES.

As a cure for every class of Nervous Diseases, no remedy has been able to compare with the Nervine Tonic, which is very pleasant and harmless in all its effects upon the youngest child or the oldest and most delicate individual. Nine-tenths of all the ailments to which the human family is heir are dependent on nervous exhaustion and impaired digestion. When there is an insufficient supply of nerve food in the blood, a general state of debility of the brain, spinal marrow, and nerves is the result. Starved nerves, like starved muscles, become strong when the right kind of food is supplied; and a thousand weaknesses and ailments disappear as the nerves recover. As the nervous system must supply all the power by which the vital forces of the body are carried on, it is the first to suffer for want of perfect nutrition. Ordinary food does not contain a sufficient quantity of the kind of nutriment necessary to repair the wear our present mode of living and labor imposes upon the nerves. For this reason it becomes necessary that a nerve food be supplied. This South American Nervine has been found by analysis to contain the essential elements out of which nerve tissue is formed. This accounts for its universal adaptability to the cure of all forms of nervous derangement.

CRAWFORDVILLE, IND., AUG. 20, '88.
TO THE GREAT SOUTH AMERICAN NERVINE TONIC,
DEAR GENTS:—I desire to say to you that I have suffered for many years with a very serious disease of the stomach and nerves. I tried every medicine I could hear of, but nothing done me any appreciable good until I was advised to try your Great South American Nervine Tonic and Stomach and Liver Cure, and since using several bottles of it I must say that I am surprised at its wonderful powers to cure the stomach and general nervous system. If everyone knew the value of this remedy as I do you would not be able to supply the demand.

A SWISS CURE FOR ST. VITUS' DANCE OR CHOREA.

CRAWFORDVILLE, IND., JUNE 22, 1887.
My daughter, eleven years old, was severely afflicted with St. Vitus' Dance or Chorea. We gave her three and one-half bottles of South American Nervine and she is completely restored. I believe it will cure every case of St. Vitus' Dance. I have kept it in my family for two years, and am sure it is the greatest remedy in the world for indigestion and dyspepsia, and for all forms of Nervous Disorders and Failing Health, from whatever cause.

INDIGESTION AND DYSPEPSIA.

The Great South American Nervine Tonic

Which we now offer you, is the only absolutely unfailing remedy ever discovered for the cure of Indigestion, Dyspepsia, and the vast train of symptoms and horrors which are the result of disease and debility of the human stomach. No person can afford to pass by this jewel of incalculable value who is affected by disease of the stomach, because the experience and testimony of many go to prove that this is the one and ONLY ONE great cure in the world for this universal destroyer. There is no case of unmalignant disease of the stomach which can resist the wonderful curative powers of the South American Nervine Tonic.

HARRIET E. HALL, of Waynetown, Ind., says: "I owe my life to the Great South American Nervine. I had been in bed for five months from the effects of an exhausted and overworked nervous system. I was suffering from Nervous Prostration, and a general shattered condition of my whole system. Had given up all hopes of getting well, but tried three doctors, with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it is the best medicine in the world. I can not recommend it too highly."

No remedy compares with SOUTH AMERICAN NERVINE as a cure for the Nerves. No remedy compares with South American Nervine as a cure for all forms of failing health. It never fails to cure Indigestion and Dyspepsia. It never fails to cure Chorea or St. Vitus' Dance. Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

Tommy—Here's a queer word, nurse. It's spelled m-u-l-l-e-d-e-y.
Nurse (gazing long and earnestly at it)—I can't make it out, Tommy, unless it's some new dood way of spellin' mustard. I knowed a man in Oireland once what spelled his name Charlie Mandelay, but called it Chumly. Maybe this is one of his spellin's.

The Gallant Sixty-Ninth.

"So you've been to Peckskill, Sergeant Mulligan. Did you enjoy yourself?"
"Sure Oi had a foine time."

"Phoy, it was joist as easy as carryin' bricks."

An Incomplete Sale.

Mrs. Rifter—I ordered a piece of dress-goods here yesterday, and I wish to know if it has been sut yet.
Floor-Walker (after investigation)—No ma'am, it has not; the salesman said you hadn't been in yet to change your mind.

They Will Come Next.

Stranger—What's the matter, my little man?
Small Boy—I-I took mamma out for a walk, and I've lost her somehow, and I'm 'fraid she can't find herself any where. Boo, hoo, hoo!

His Daily Duty.

"And they say you drove that rich man to drink?"
"Yes, sir, but I couldn't help it."
"Couldn't help it! What do you mean?"
"He made me, sir. I was his coachman."

Not Her Fault.

Jennie—Hasn't Gus Clamwhooper proposed yet?
Fannie—Not yet. He hasn't even kissed me, and I have accidentally met him six different times in the dark hallway. I can't do any more than that, can I?

A Triumph.

Mr. Parvenu (to his wife who had just returned from the seaside)—Well, did you make an impression on s'ciety, my love?

Queries for Girls.

Did it ever occur to you:—
That the girl who tells you all those dreadful things about a third girl is likely to say the same evil things about you?
That the man who makes love to you the first time he meets you, knows not the meaning of the word 'sincerity'?
That when you go to the theatre it isn't a wise plan to pin your veil to the back of the seat that is just in front of you, because the man who occupies that seat will march off with your veil sticking to his shoulders. That it is very difficult for a hostess to entertain a roomful of visitors, and that it is your duty to make yourself as agreeable and interesting as you can!

The Pretty Type-Writer.

Tourist (in the country)—Your daughter, ma'am, is a beautiful girl. Is she accomplished in household duties?
Mother—No; not to any great extent. As soon as we discovered that she was going to be pretty, we decided to fit her to be a type-writer.

How do you Pronounce "Bermuda"?

Doubtless three fourths of the Americans who visit the Bermudas pronounce the second syllable of the name as if it were spelled "mew," although Shakespeare in "The Tempest" has indicated for all time the original pronunciation of that syllable by calling the islands "the still vexed Bermoothes."

Second Patient—Oh, no! But he's a reporter who got hurt in order to get in and write the place up, and they're "onto him."
