every household of the town. The day was bitterly cold; a curtain north wind swept the streets piercing us all to the bone. The plaintive, tender, earnest tones of that wife and mother who was pleading in prayer, arose on the blast and was carried to every heart within reach.

BLACKVILLE, N. B., Feb. 8.—A sad accident occurred on the Canada Eastern Railway to day, whereby a young lad will lose his life. It is the fashion at a great many way stations on the different railways of this country, and especially on these roads where there are only two or three trains per day, for a number of people to assemble on the station platform to watch the train go past, and to see who are on board.

They are in the habit of jumping on the train as it leaves the platform and riding a short distance. This morning the train from Fredericton to Chatham had a flange car in the rear. As the train left Chatham station some boys jumped on to have their usual ride. They jumped off when a short distance from the platform, but one of the boys, McGregor, aged fourteen, fell as he jumped, and the iron flange struck him on the head. He is very badly hurt, and it is not likely that he will recover.

No blame can possibly attach to the railway authorities or employees.

Rev. William Hollinshed Of Sparta, N. J., voluntarily says: "To Whom It May Concern: Unasked I deem it my duty to a suffering humanity whose bodies and souls I would have healthy, to tell them of the value of Hood's Sarsaparilla. While living in Ohio one of my children was greatly Afflicted With Boils having 30 on her limbs, and being unable to walk. I had heard of Hood's Sarsaparilla, and bought a bottle, half of which cured entirely. Two years after, another child was afflicted as badly. I used the other half bottle of Hood's Sarsaparilla with like results. About four years after, the child first afflicted was again tormented like Job, and I bought a bottle (on Sunday at that) and again a cure. I gave some of the medicine to a poor woman and two children; they were helped as were mine. Through a testimonial sent to C. L. Hood & Co., inquiries came from all the country, asking if it was a 'bona fide' testimonial, and of course I wrote all that it was, and have the knowledge of Scores and Scores Of persons helped or cured by Hood's Sarsaparilla. Mild cases of rheumatism have yielded to it. Eithersness and bad liver have been corrected in my own family. This is the only patent medicine I have felt like praising. I speak not for C. L. Hood, but for the jobs who are impatient and are tormented beyond endurance. Nothing I know of will cleanse the blood, stimulate the liver, or clean the stomach so perfectly as Hood's Sarsaparilla. Any person wishing to know more, enclosing a stamp will be informed. Yours for the health, happiness and virtue of humanity, WILLIAM HOLLINSHED, pastor of Presbyterian church, Sparta, N. J. Storm in England.

LONDON, Feb. 12.—[Special]—The gale that set in throughout Great Britain late Saturday night continued to gain in violence during yesterday and in the afternoon the wind was blowing with hurricane force. Telegraphic communication is greatly interfered with and details of the damage done are being received very slowly. It is feared there have been many wrecks along the coast. A peculiar feature of the storm was the destruction wrought among the churches at Teignmouth, in Devonshire. A church in course of erection was entirely destroyed. The spire of St. Mary's church at Shewsbury, County of Salop, was blown down. At Peterborough, County of Northampton the pinnacle of the church of St. John was blown over and the glass roof of the Great Eastern Railway destroyed. The English Presbyterian church at Holywell, Flintshire, Wales, was also among the buildings wrecked. A Boarding School and many dwelling houses in that town were blown down. At Newport, South Wales, the roofs have been blown off a number of houses. Several vessels have gone ashore off Margate and Ramsgate, Isle of Thanet, Devonshire. At Dudley, in Worcestershire, a number of factory chimneys stacks were burned down. In two or three instances falling chimneys struck the factories, causing great damage. In this town many persons were injured and scores of houses were unroofed. Communication between London and the continent is completely cut off. The Yarmouth steamer, Resolva, bound for Cardiff, has been wrecked, but her crew of seventy-five men were rescued.
