THE PROVINCIAL ELECTIONS.

The people of New Brunswick are a patient people, and not unthankful for small mercies. They have submitted to be ruled by the Blair government for twelve years. Is not that a proof of their patience? And doubtless they are thankful that they are still permitted to vote for representatives to sit in the provincial legislature.

As things political are very much mixed in Kent the outcome of the present local election is somewhat difficult to foresee. All the candidates in the field, with the exception, perhaps, of Mr. Phinney, are known to be supporters of the Blair government.

It seems difficult for some of our esteemed contemporaries to realize that THE REVIEW is really an independent journal. Even the St. John Globe has quoted certain utterances of this journal as probably reflecting the views of Mr. Phinney.

ELECTION CHANCES.

It is the custom of various journals, according to their party predilections, to predict a sweeping success for their particular parties. THE REVIEW, as an independent journal, desires to keep its readers impartially informed of what is going on, and whenever we indulge in a forecast of the future we seek to do so impartially whether such forecast accords with our own wishes or otherwise.

advantage to the Blair government. That is why they have seized upon this plan. That is why the opposition are deprived of a fair measure of time in which to name candidates and complete their organization to meet the organized forces of the government.

But yet the chances of the contending parties appear not very unequal. Taking the five large constituencies which return four members each—Charlotte, St. John city, Westmorland, York and Northumberland—the opposition chances are undoubtedly best in York and St. John, while the government chances are probably best in Charlotte and North'd, leaving Westmorland a fair fighting chance for either.

Taking next the counties returning three members each, in which group are Kings, Kent, Carleton and Gloucester, and we have a somewhat similar division.

We have yet remaining seven counties with two members each—Albert, Queens, Sunbury, Victoria, Madawaska, Restigouche and St. John. In St. John, where the last contest was so close that the government carried one seat by a nominal majority and the other by the casting vote of the sheriff, the opposition hope to redeem both seats.

An election, like a horse-race, is always uncertain, but with this difference that every government must meet defeat some time. The only question is one of time. Whether the popular will shall now terminate the Blair regime and give us a new and more honest administration is for the people to determine.

DEAR SIR,—I was troubled with running sores on my face which nothing could cure up to the time I tried Burdock Blood Bitters, but after taking two bottles my face was completely cured and it left my flesh clear and sound.

A HEALER.

27 Woolley St., Toronto

RICHIBUCTO, September 27, 1895.

DEAR SIR:

The Provincial Government has again caused a dissolution of the legislature, and a general election prior to a fourth and regular session, and several months before the expiration of the full term of the Assembly.

Since 1887 (when I was on my first appeal elected at the head of the poll against a strong opposing ticket,) I have had the honor of representing the County of Kent in the Legislature at Fredericton.

The responsibilities and labor devolving upon a member of the Legislature are considerable, and while I am not vain enough to think that I have in all cases gained the approval of the entire electorate, I have the assurance that my general course has been such as to commend itself to your good judgment.

The newspaper reports of the legislative proceedings and your observance of public affairs have fully informed you of my views and general conduct in the Legislature, and I do not consider it necessary in this letter to make any further reference thereto.

Under recent legislation the County is now entitled to three representatives at Fredericton. My own opinion is that the increase will enable the different districts into which the County appears to be somewhat naturally divided, as well as the two so-called nationalities (French and English) which constitute our population to be more fairly represented.

I now offer myself again as a candidate for one of the seats, and respectfully solicit your support and influence, with the assurance that if elected no effort will be spared on my part to prove myself worthy of your confidence.

I am Your Obedient Servant, J. D. PHINNEY.

TO THE ELECTORS OF THE COUNTY OF KENT:

Gentlemen: The Local Legislature having been dissolved and a general election declared, at the earnest solicitation of our friends throughout the county, we announce ourselves as candidates in the Government interest, and ask for your support. We will give the Government our undivided support in all good measures, always keeping in view the interests of Kent County first, party next.

We remain, Gentlemen, Yours respectfully, J. BARNES, U. JOHNSON, P. H. LEGERE.

CARD.

GENTLEMEN, ELECTORS OF THE COUNTY OF KENT:—

The Local Legislature of New Brunswick having been dissolved, it is again your privilege to elect members to represent you in the General Assembly.

Since the last election in this County another member has been added by Act of Assembly to your former representation and you are called upon to elect three members instead of two as in the past.

At the solicitation of many friends I have consented to be put in nomination, and now have much pleasure in announcing to you all my determination to contest the County in the interests of the present Local Administration.

The conduct of public affairs by the present Government led by the Hon. A. G. Blair, has met my approval as being in my opinion conducive to the best interests of the Province generally and calculated to promote the peace and good order of the community and the common welfare of the people.

If I shall be honored with a majority of your votes I will to the best of my ability assist to sustain the present Government so long as they continue to carry on the public business of the country in the general interests of its inhabitants.

Respectfully soliciting your generous assistance and support in the coming contest

I remain, Your Obedient Servant, CHARLES J. FAYRE

There is not a medicine in use today which possesses the confidence of the public to so great an extent as JOHNSON'S ANODYNE LINIMENT. For more than eighty years it has stood upon its own intrinsic merit, while generation after generation have used it and transmitted the knowledge of its excellence to their children as a valuable inheritance.

I. S. JOHNSON, Esq. My Dear Sir:—Fifty years ago this month your father, Dr. Johnson, called at my store and left me some Johnson's Anodyne Liniment on sale. I have sold it ever since. I can most truly say that it has maintained its high standard and popularity from that time to this.

I have used your Johnson's Anodyne Liniment for more than fifty years in my family. Name is signed to every genuine bottle of Johnson's Anodyne Liniment in the month of Jan., 1840, first left at my store some of the same. I have supplied my customers with it ever since, (over fifty years) with increasing sales. I have used it in my family for sprains, coughs, colds, lame back, and consider it the best.
