THE ELECTIONS.

The provincial elections have been sprung at the shortest possible notice, and with little apparent reason. Few will find in the manifesto issued by the Attorney General any sufficient justification for calling upon the people to select a new legislature, though Governor Fraser has thought it best to act upon the advice of his council and order a dissolution. Doubtless it suits the government's convenience to have the local elections disposed of before the federal contest is brought on, inasmuch as it will thus give a free hand for the local ministers to take a hand in the latter, but elections are costly things and the cost should not be incurred needlessly. Without an emergency such as does not at present exist, once in four years is sufficiently often for a general election.

Yet for some reason an election before another session has been expected by many, but certainly not at such short notice. We think more time should have been given for the selection of candidates and the discussion of the issues involved. No honest government should object to such discussion and fair time for the making of such organization as would make the election a fair expression of public opinion. We trust that as the time is short, the electors will act with the utmost promptitude, and that the elements of wholesome opposition, which are very strong in St. John, York, Westmorland, Carleton, Kent and Northumberland, will not be found unready when polling day comes round. It seems from the reading of his manifesto that Mr. Blair will seek re-election in Queens County, and it is expected that all the local ministers will again contest their present seats. So far as heard from the opposition is not sleeping, but is quite determined that despite the surprise of an election sprung at a moment's notice, no seat shall fall to the government by acclamation. As nomination day is but one week hence the fulfilment of this programme will require great activity and energy. If prompt action is taken it may turn out that the electorate will give Mr. Blair an even greater surprise on election day than he has given them by his secret, autocratic dissolution.

THE EXHIBITION.

The International Exhibition so-called of St. John, is international rather in name than reality. There are, it is true, many articles of foreign make among the exhibits, such as pianos from New York and Boston, sewing machines and various other products of foreign mechanical or artistic skill, but these are mainly shown by local agents of the manufacturers, and were features of former exhibitions not called international.

There has been some complaint among the earlier visitors that the Live Stock was not to be seen. The complaint is not just, inasmuch as it was most extensively advertised in the newspapers, in the official programmes and premium lists, that the Live Stock department of the Fair does not open till October first. It is expensive to exhibitors of horses and cattle not only to pay freight to the Exhibition—they are returned free—but to feed them and pay for attendants, &c. Hence, at former exhibitions the live stock was, much of it taken away the third or fourth day, this giving the impression that the Exhibition was breaking up almost as soon as it was well begun. This year the cattle show opens late but will continue to the close, and make the second week the principal attraction of the Exhibition.

In the olden time, when the Provincial Exhibition was run by the government, the freight on Live Stock for exhibition was paid out of the public funds. Now each exhibitor pays for his own, and to some the removal of the privilege of free freight once enjoyed is counted a hardship. This will also tend to lessen the numbers of horses, cattle and sheep displayed, but otherwise will prove an advantage, as there will be a much less number of poor and indifferent animals, and a larger proportion of the best pure bred stock placed on exhibition. At this writing the display of stock promises to be of

most superior quality, though fewer in number than at some previous Fairs. A special freight train ran through from Point du Chene on Monday night conveying several carloads of horses, sheep and cattle from P. E. Island.

The manufactures are principally shown in the Main Building, erected in 1883. This is a superb display, surpassing in finish and excellence anything before seen in the province. The display in the Fine Arts department, though not the largest, is also of superior merit. Machinery Hall is noisy with the operation of scores of machines, trip hammers, nail and tack machines, wood working, pumping, printing and other processes going on day and evening.

A separate building, the Military Drill Shed, is set apart for carriages and sleighs, a splendid show altogether, in which upper and lower provinces are represented. Though the building is a large one, THE REVIEW is informed that three times the space available was applied for by intending exhibitors, many of whom were denied a chance or compelled to put up with half or less of the space they desired.

Agricultural Hall, a very large building erected this year, is devoted to farm and dairy products and implements. The display is a grand one, and well arranged and classified. The show of grain is excellent but not large, the same may be said of butter, which is quite overshadowed by Cheese—a big and superior display, principally of factory make. Roots and vegetables are of the very best—probably never equalled in quality at any exhibition in Canada.

The show of apples embraces great variety and is splendid in quality. Of other fruits the quantity is limited but fine in appearance and flavor. Nova Scotia and Carleton County have the principal share in this department. Some prominent fruit growers from the sister province have stated that it is the finest show of fruit they have ever seen, quite surpassing anything yet seen at exhibitions in Halifax and other parts of Nova Scotia. As judges of fruit the management had selected Mr. Starr, from Nova Scotia, Mr. Sharp, of Woodstock, both prominent growers, and Mr. A. L. Goodwin, the well-known fruit dealer of St. John. Unfortunately Mr. Sharp could not come and the awards were made by the two other judges named.

Mr. C. C. Gardiner, of Charlottetown, P. E. I., has been imported as a judge of Live Stock, and it was intended that Sheriff Sterling, of Fredericton, should act with him, but official business of the latter prevented. The judges of Fine Arts, Poultry, and the Ladies Department are all St. John people. Mayor Murchie, of St. Stephen, and Mr. W. H. Merritt, of St. John, decide upon the merits of Butter, while Mr. D. M. McPherson, an expert from Ontario, will be sole judge of Cheese.

The poultry show is a capital one, several provinces and an adjoining state having sent exhibits. The buildings and grounds are ablaze with electric lights, gas lights, and Auer lights. No fewer than six bands furnish music, with a special orchestra for Amusement Hall. There is a capital display of wild-west horsemanship, lassoing practice and trick riding on the grounds several times in the day, and a capital variety show, including acrobatic tight wire and trained dog performances is kept running afternoon and evening in Amusement Hall which is always thronged.

Then there are the usual side shows—the long trained horse Marquis with mane and tail 15 feet in length, a tent devoted to sea monsters, two or three merry-go-rounds, with swings and other amusements for the young folk. The city is full of people, yet there appears to be ample accommodation for all. Last week the attendance was fair at the beginning, run up to 8,000 on Friday, partly owing to the attraction of fireworks in the evening. The latter was a very pretty display, showing the advances recently made in pyrotechnic art. There will be further displays of fireworks this week.

It is confidently expected that this week with the concluding horse races at Moosepath, the regatta on Tuesday and Wednesday, and with the Live Stock Fair in full swing all previous records of attendance will be broken. There are to be special trains from east, west, and north, on the Intercolonial, the Canadian Pacific and Maine Central, not to mention the shorter railway lines and steamboats, and if the weather only serves thousands will witness with delight the varied features of the St. John Exhibition. And if nothing else were to be seen the crowd of visitors on the streets, in the electric cars, and the Exhibition, are of themselves a most entertaining sight.

As yet no tickets on either the government or opposition side have been formed in this county. But they will probably be: Opposition—Jas. D. Phinney, John B. Gogain and Moise Barribeau or F. M. Richard. Government—James Barnes, P. H. Leger and Urbain Johnson. Mr. C. J. Sayre, as will be seen by our advertising columns, is in the field and endorses the Blair administration.

The Chatham World says: Geo. Palmer paid the \$50 fine that was imposed on him Wednesday, and was immediately served with summonses to plead to three more charges.

Miss Clemmie McCafferty, who was convicted on two counts, was sent to jail.

Wm. Lobban gave security for the payment of his fine of \$50.

On Thursday Margaret Conway was fined \$50.

Robt. Jardine was convicted of two sales and went to jail.

R. Flanagan paid \$50 into the fund.

On Friday D. Doyle paid \$50, and convicted on a second charge and fined \$50 more.

Catherine McConnell was fined on two charges, \$100.

Alice Annie Erickson, charged with four offences, secured an adjournment, on the application of R. B. Adams, till Monday.

Catherine Fitzpatrick was fined on two charges, \$100.

Andrew Connors was fined for two sales, \$100.

Margaret Dempsey was convicted of three violations, and fined \$150.

All the convictions were made on the testimony of E. E. Peck, the detective. This is the first time, we believe in this county, that more than one charge has been laid for the same day. Detective Peck goes into a barroom and treats. He notes the hour and minute. Then somebody else treats. He notes that. Then he treats again. That is duly noted, and the dealer is confronted with three charges, for three separate offences, all within a quarter of an hour, and fined \$150. If the detective had been present at an all-night session, and kept sober, the saloon-keeper would have been fined two or three thousand dollars. Verily, it is expensive for the saloon-keeper when Detective Peck is one of the revellers at his bar.

Lawyers appear to be of the opinion that Detective Peck is liable, under the Criminal Code, to the same penalties that have been imposed on the persons he induced to break the law. The point has, we believe, not yet been tested in court.

Coatsville Items.

The basket social held at this place on the 25th inst was decidedly a success. Buctouche was well represented as well as Hicksville, McNairn, Lewisville and Moncton. A nice lot of refreshments were provided and all present seemed to enjoy themselves immensely. Nearly thirty dollars were realized which will be used in providing new lamps and other improvements in the church property. N. H. Gesner acted as auctioneer and is quite an adept in the business. Miss Maggie Foley's basket took the highest figure.

The farmers are about through with their harvest. The crops are better than last year.

At last losing strength he said: Please miss my shoe lace is loose. She then stopped giving him time to rest. "I'll never go there any more."

Mr. Ignatius Hackett, who has been ill in the Hotel Dieu hospital for the past two weeks, is reported somewhat better.

Although the Victoria Cross was instituted nearly 40 years ago. It has been bestowed on only 174 men whose bravery was deemed conspicuous enough to merit it. Last year none was given, and only one was given in each of the two preceding years. Most of the crosses have been bestowed on soldiers of rank, but on the list are the names of nine corporals, eight sergeants, and nineteen private soldiers who have won it. It is one of the few orders of merit that have never grown cheap.—New York World.

GENTLEMEN, ELECTORS OF THE COUNTY OF KENT:—

The Local Legislature of New Brunswick having been dissolved, it is again your privilege to elect members to represent you in the General Assembly.

Since the last election in this County another member has been added by Act of Assembly to your former representation and you are called upon to elect three members instead of two as in the past. At the solicitation of many friends I have consented to be put in nomination, and now have much pleasure in announcing to you all my determination to contest the County in the interests of the present Local Administration.

The conduct of public affairs by the present Government led by the Hon. A. G. Blair, has met my approval as being in my opinion conducive to the best interests of the Province generally and calculated to promote the peace and good order of the community and the common welfare of the people.

If I shall be honored with a majority of your votes I will to the best of my ability assist to sustain the present Government so long as they continue to carry on the public business of the country in the general interests of its inhabitants.

Respectfully soliciting your generous assistance and support in the coming contest

I remain,
 Your Obedient Servant,
