A Midnight Walk
with a colicky baby or a colicky stomach
isn't pleasant. Either can be avoided
by keeping a bottle of Perry Davis'
PAIN KILLER on the medicine shelf. It
is invaluable in sudden attacks of Cramps,
Cholera Morbus, Dysentery and Diarrhoea.
Just as valuable for all external pains.
Dose—One teaspoonful in a half glass of water or milk (or as directed).

**ONE THING'S
CERTAIN,
PAIN KILLER
KILLS PAIN!**

GENERAL NEWS.
It is currently reported at Ottawa that Dr. Montague will be appointed Minister of Agriculture.
An English syndicate offers to place a seventeen-knot steamship syndicate on the Atlantic between Great Britain and Canada.
In the Province of Volhynia, Russia, during one week towards the close of August there were 5,549 cases of cholera, with 2,134 deaths.
Advices from Honolulu, dated the 13th inst. state that up to that date there had been fifty-nine cases of cholera, with forty-six deaths since the scourge broke out.
Mrs. Langty's jewels, valued at \$200,000, have been delivered by her banker at London to a swindler on a forged order. Scotland yard has been notified, but up to the present time no trace has been found of the jewels.
Discussing the revival of the rumor that Italy may be induced to sell a small territory to the Pope, a Paris correspondent telegraphs to London that the project for the Pope's ransom by the Catholic world is no secret in the Cabinets of Europe.
General Greely, who has been interviewed on the proposed balloon polar expedition of Mr. Andree, does not believe the plan is feasible or likely to be successful. Engineer Melville if of a like opinion, and regards Mr. Andree's scheme as foolish.
James Ross, a native of New Glasgow, N. S., was murdered in New York a few days ago. His dead body was found on one of the streets. The murderer shot him through the head and then rifled his pockets. The remains were interred in Berwick N. S.
Palmer Cox, author of the famous "Brownies," was tendered an immense reception on the old green in the centre of New Haven, Conn., Thursday afternoon. Not less than twenty thousand children were present. The Mayor and several prominent gentlemen took part in the affair.
About two hundred Russian Jews arrived in Norwich, Conn., Thursday night en route to New York. They arrived at Quebec on Tuesday on a Beaver Line steamer from Liverpool. They said they were taking this roundabout route to New York to avoid the rigid custom house inspection of that city.
Mrs. Stewart, daughter of Mrs. Alex. Paider, and wife of Mr. Stewart of St. John, an engineer on the Intercolonial Railway took a drink of carbolic acid Thursday by mistake, thinking it was castor oil, and before the doctor arrived she was dead. She was a native of Truro and only married a few months.
Although the more humble among those concerned in the massacre of missionaries at Ku-Cheng have been punished, the utmost efforts of the British Consul have been unavailing to induce the authorities to deal with the Viceroy of the province and other high officials who are alleged to have been responsible for the riots.
The British felucca *Virgin de los Angeles*, which arrived at Gibraltar Wednesday, reports that while becalmed off Alhucemas, a small island off the coast of Morocco, a party of Arabs occupying eight boats boarded her and carried off part of her cargo. The Arabs also took \$600 in specie, which they found in the captain's quarters.
Thirty buildings were destroyed at Greenbay, Wis., by a cyclone Wednesday night. Farmers were the principal losers. A large church was torn from its foundations, borne through the air several rods and dumped bottom up on a mass of debris. The cyclone swept a path twenty miles through the forest and farms, leveling all in its way.
In connection with the proposal to send one of Uncle Sam's warships to be dry-docked at Halifax, the New York Tribune says: "Whose fault is it that we have no dry dock in which it is safe to put the battleship *Indiana*? The question is one for Secretary Herbert to answer. The circumstances which compel the Cramps to send the *Indiana* to an English dry-dock are humiliating to a degree. Mr. Herbert may find himself in an uncomfortable position in case Congress decides to probe this subject."
When the exhibition of 1883 was opened in St. John, the cannons which were discharged were fired from Vancouver, B. C.; the electricity being conveyed over the wires of the Canadian Pacific Telegraph Co., when the cotton states exhibition at Atlanta, Georgia, was opened. President Cleveland, in the parlor of Gray Gables, pressed the button which started the machinery in operation. The Atlanta exhibition bids fair to be the greatest success of any affair that has ever been held on this continent.
Philadelphia is congratulating itself on the great success of a popular loan experiment. The city had to borrow \$1,200,000. It advertised bonds of \$1,000 to pay 3 per cent., and attempted to get banks or brokers to take up the bonds, but these regarded the interest as too low. The city prepared new bonds of \$100 each and invited people of ordinary means to invest in them. The entire issue was disposed of in a short time, people able to buy only

two or three bonds coming forward in unexpected numbers.
While a coal train of the C. C. and R. Co. was coming into Parrsboro, on Thursday at full speed, the points were wrong, and she dashed through the engine shed and out the other side, and ran into B. T. Smith's barn, imbedding the engine in it and throwing the barn nearly over. There was a horse in it at the time, which was got out uninjured, but with great risk, as the barn was just tottering over. The engineer and fireman escaped uninjured. The engine is nearly completely demolished, and it will take some time to clear away and get the engine out.
Private letters which have been received at London, from the Congo Free State, say that affairs there are in a condition verging upon anarchy. Encounters between Belgian forces and natives which have been represented in official despatches as resulting in Belgian victory, are said to have been, in fact, serious reverses. It is reported that two Englishmen travelling in the Congo Free State, have been murdered and eaten by the natives. A Belgian expedition under Lient. Franquiere was attacked by natives on February 11. The soldiers hastily formed into a hollow square, upon which the natives rushed with such overwhelming force that the Belgians were put to rout within ten minutes. Shortly afterwards it became known according to the correspondence alluded to, that a native chief named Ndorman, had massacred Captain Hansens and the whole of his escort, numbering sixty people.
Baby Nearly Died.
SIR,—My baby was very bad with summer complaint, and I thought he would die, until I tried Dr. Fowler's Extract of Wild Strawberry. With the first dose I noticed a change for the better, and now he is cured, and fat and healthy.
MRS. A. NORMANDIN, London Ont.

A Favorite Prescription.
HOW IT CURED MRS. SOMERVILLE OF BRANTFORD.
Her Case Had Baffled Ten Years of Treatment—The Trouble Brought on by an Attack of Typhoid Fever—She is Again Enjoying Good Health.
From the Brantford Nationalist.
That Dr. Williams' Pink Pills are a favorite medicine in Brantford and vicinity will be readily borne out by the local druggists, and that much suffering has been alleviated by the use of this wonderful healer, is amply shown by the number of strong statements in favor of Pink Pills from this section. And yet the number of cases published is small in comparison with the total number that have found benefit from the use of this great blood builder and nerve restorer. It is true that Pink Pills are used in many cases to tone up the system, enrich the blood and stimulate the nerves where no serious illness exists; but it is equally true that in many cases in which they have been used, other medicines have failed, and the result achieved by Pink Pills may very truly be characterized as marvellous. The editor of the Canadian Nationalist came across just such a case recently. It is that of Mrs. S. Somerville, a well-known and highly respected resident of this city. Mrs. Somerville does not seek notoriety, but is willing that a statement of what Pink Pills have done for her shall be made public in the hope that some other sufferer may be benefited thereby. "My illness at first," said Mrs. Somerville, "was a serious attack of typhoid fever. Although I recovered from the fever it left its effects that have caused me many years of misery. The doctor said that my blood had become impregnated with poison and that it would take a long time to eradicate it. The trouble seemed to have its chief seat in my limbs, which caused me a great deal of pain. For about ten years I continued doctoring, not continually, but at times, and I tried many remedies without permanent results. This went on until the end of '93, when I became so much crippled up that I despaired of getting relief. I had read much of the remarkable cures through the use of Dr. Williams' Pink Pills and became interested in them. One day I asked my physician if I might try them. He gave his permission and I began using them. By the time the third box was finished I found myself very much improved—in fact, the pains had entirely left me and I was growing healthier and more fleshy. I continued using the pills until I had taken six boxes more, when I felt that I was entirely cured, and was enjoying better health than I had done for years. I am satisfied that to Dr. Williams' Pink Pills I owe my recovery, and have implicit confidence in their curative power, and shall continue to recommend them to other sufferers."
Dr. Williams' Pink Pills for Pale People are not a patent medicine, but are a long tried prescription acting upon the blood and nerves. They are of great value as a tonic during recovery from acute diseases, such as fevers, etc., building up the blood and system, preventing the often disastrous after effects of such troubles. Sold by all dealers or sent post paid at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont. Refuse all imitations and substitutes.

Children Cry for Pitcher's Castoria.

LUMBER!
I have on hand at my Mill, situated within a few yards of the Intercolonial Railway, a quantity of
Pine, Spruce and Hemlock
BOARDS AND SCANTLING,
SHINGLES.

GOOD COMMERCIAL AND OTHER PRINTING AT THE REVIEW OFFICE

Farm for Sale!
That valuable farm at Bass River, Kent Co., known as the Robert Brown farm, is offered for sale or rent.
The farm contains about 186 acres of the best land in the County, over 100 acres of which are cleared and under a high state of cultivation.
There is a large first-class, two-story dwelling house, two large barns, one stage house, grainery and stable combined, and other out buildings. It is situated in the most thriving and popular part of Kent County, within two minutes' walk of the post-office, where a daily mail is received, and quite close to the superior school and within half a mile of Mr. E. Walker's lumber and grist mills.
For further information and particulars address the undersigned at Weldford Station.
JAMES BROWN.
