ON AN INTERESTING MISSION.—Mr. R. Stanley Murray, of Schenectady, New York, is at the Royal, and leaves this morning for Chatham, N. B., where on Friday he will lead to the altar one of the fair daughters of that place in the person of Miss Nina Benson, daughter of Dr. Benson. Mr. Murray was a former resident of Chatham. He is now connected with the General Electric Company of Schenectady, and has an excellent position.—Telegraph.

AN EDITOR'S WALL.—Is there an individual on earth so much abused as a local newspaper editor? The man out in the country sends him notice of a coming concert or social or tea-meeting; he is expected to puff it up for several weeks and to do it free; then when it's over the man out in the country never has the politeness to send him even a line of how it came off as a news item. Every advertisement he must puff; if he forgets to mention any particular of a social event he is made to suffer; if he doesn't hear of a piece of news which no one says anything about he is called unprogressive. All this could be endured if his patrons would only remember to pay their bills. The vicissitudes of newspaper life are surmountable by cash. Let the reader take the hint.—Digby Courier.

A GREAT LUMBER CARGO.—Says the Liverpool Timber News of Aug 17th: We reported last week the arrival here of the Liverpool with the largest timber cargo ever carried by any vessel. The Liverpool is a four-masted iron sailing ship, the second largest afloat. She brings 141,508 pes. deals and ends, measuring about three and a half million superficial feet, or about 1,700 standards. She is 3,400 tons register, 332 feet long, 47 feet 9 in width of beam, and 26 feet 5 inches depth of hold. She was built in Glasgow in 1889 by Russell & Co., and is classed 100 A1, and is registered at Liverpool under the British flag. She is owned by the Sailing Ship Liverpool Company, Ltd., and R. W. Leyland and Co. are the managing owners. The cargo was shipped by Alex. Gibson of St. John, New Brunswick and his agents here, Farnsworth and Jardine, have sold it to Holme, Wainwright & Co. The vessel is now in the Brocklebank dock discharging her enormous cargo.

C. E. CONVENTION, RESTIGOUCHE.—The County C. E. Convention met in Dalhousie on the 20th inst. At the opening Mr. G. Murchie, President, delivered an address on the great objects of the Convention, which was highly appreciated and gave a fine tone to the whole proceedings. Papers were read on the following important subjects:—The Rev. A. F. Carr, on "Bible study essential to spiritual growth"; the Rev. Thos. Nicholson, on "Faithfulness to God"; Mr. J. Wheeler, on "Sanctified Endeavor"; the Rev. G. Fisher, on "Our duty to Missions"; Miss L. Haddow, on "The character of christian life." All the papers were written with great ability, delivered in a fine spirit and fully discussed by various members. The reports of the different societies were very encouraging. Mrs. Ferguson read a very interesting paper on the proceedings of the Convention lately held in Boston. Several solos were sung which produced a good effect. —The picnic recently held at Molus River was a decided success, financially and otherwise.

—We regret to learn that the Rev. A. F. Thompson, of Bathurst, is laid aside with typhoid fever.

—While engaged cutting kindlings the other day, Gordon Holleran gave his leg a severe gash with a hatchet.

—Someone stole a quantity of rope and some lumber last week from a scow belonging to Messrs. McLeod & Atkinson.

—Large quantities of bark are being shipped by rail to the Quebec market by Mr. Cliff Atkinson and Grogan & Co., of Kouchibouguac.

—The school house presents a handsome appearance. It's wonderful what a difference a little paint makes in the appearance of a building.

—Another severe hailstorm visited Kent County last week. This time the farmers in the Parish of St. Mary's suffered severely, much of the grain and other crops being badly damaged.

—A comfortable seat for the accommodation of weary curbstone brokers has been erected on 'Change, (i. e. "Don's Corner") by the enterprising proprietor of a north end hotel.

—We are advised by Daniel & Robertson, St. John, that they have just received 15 packages of Foreign novelties in Fall dress goods, etc. By dropping them a card for samples you can see the whole assortment.

—The remains of the Misses Loban, who were drowned in the steamboat fatality on the Miramichi, were recovered last week—on Wednesday and the other Thursday. The World says the funeral, which took place Thursday, was a very large one.

—Owing to differences of opinion arising between the City Council and the Exhibition Association of St. John, N. B., the publishing of the Prize Lists have been delayed. Persons desiring copies of the List may address C. A. Everitt, Managing Director, who will mail them when ready.

—At a meeting of the Presbytery of P. E. I., held last week, the Rev. J. M. McLeod, of Kensington, accepted a cordial call extended to him from the congregation of New Mills. His induction into his new charge is appointed to take place on the 17th Sept. The people of New Mills are to be congratulated in the prospect they have of having a pastor settled over them who has such an excellent record.

—The Rev. J. W. Fowler has received a very cordial call from the Presbyterian congregation of St. George. Mr. Fowler is a superior scholar, an excellent preacher, and much respected wherever he labored in the vineyard of his Master. The people of St. George have made a good choice in selecting a pastor. He is well-known on the North shore. His many friends will be pleased to hear of his settlement.

—An effort is being made by some of our public spirited citizens to induce some capitalists to erect a pulp mill in Richibucto. We trust it will not end in talk. There is no better site on the north shore for a mill of that kind. The supply of pulp wood in the county within easy reach is said by experts to be inexhaustible. Coal can be delivered here cheaper and navigation opens earlier and closes later than any other North Shore port.

When Mr. McInerney called upon the editor of the Transcript and asked him to retract and save a suit for libel, Mr. Hawke's reply was "sue and be damned." On Saturday, however, the Transcript retracted, and excused itself by saying that the slander was only an "election squib!"—Times.

—What came nearly being a fatal accident occurred at Molus River on Friday, 23rd inst. Mr. Wm. Stevenson and his son Edward were returning from cutting grain, when, in the act of getting over a fence, Edward who had a bow with scythe attached, received a cut about eight inches long. He had turned to descend when the stake of the fence broke, causing the poll to roll and flinging the man backwards on the upturned edge of the scythe which the bow held upright. The scythe was wider than a common one, thus the cut on the fleshy part of the hips is of great depth. The edge of the scythe is considerably bent where it struck the bone. Doctor Ferguson attended and under his skillful treatment Mr. S. is doing well. Nineteen stitches were needed to hold the wound.
