### Kingston Notes.

Miss Maggie Graham returned from Backville on Tuesday of last week.

Messrs Graham and David Jardine are home from Backville.

Mrs. Mason of Picton is visiting her sister, Mrs. H. M. Ferguson.

Dr. Doherty is in town.

Mr. T. F. Curran is about to leave us and take up his abode in Bathurst.

Mr. Dobson left for his home on Monday and intends spending his vacation with his mother at Dorchester.

Mr. H. M. Ferguson left on Monday for St. John where he will spend a few days.

We are pleased to notice by the papers that Mr. Thomas Stothart has received an appreciation of his services in the form of an increase in his salary from the St. John School Board.

Miss Farrer left for her home on Saturday.

Miss L. Forster returned home from her school on Saturday.

Mr. Robert and Miss Sarah Masterson are home on their vacation.

A basket sociable was held at Nicholas River on Thursday evening.

Mr. James Porteous sold out his stock on Saturday.

We are pleased to see Mr. Daniel McDonald of Bathurst with us once more if only for a few days.

We understand that another Play is to be given again this winter in aid of the Hall. We trust that they may be as successful as last winter when they pleased us so much.

The snow disappeared very rapidly last week and the waggons are in use again. It is said that there are over fifty tons of smelts on this river and vicinity which will be lost unless we have a change soon.

Mr. Dobson entertained a few of his friends last Saturday evening.

Miss Annie Forster we understand intends to remain in New York.

The School Concert took place on Friday evening and was a great success. Much credit is due both to teachers and scholars for the way in which it passed off. We would not dare to make special mention of any part for it was all good and the verdict of all parents was that it was good. As the curtain rose for the first time we were greeted by the bright faces it seemed of thousands and we wondered where they all came from. We would suggest to the trustees that a slight token in the form of candies or apples should be given to the scholars for we are sure they deserve it. We do not hesitate to say that most of those who were there would gladly help.

The next dance in the Hall is to take place on the 27th and we understand that the committee have followed our suggestion and asked the dancers of Richibucto. We are sure that it is a step in the right direction, and we hope that it will not be the last time.

The January Number of the Delineator is Called the Winter Holiday Number.

The Fashion articles for the month are timely and complete, covering the entire field of styles for ladies, Misses and children, Millinery, Lingerie, Dress Goods and Trimmings. The rich holiday display in the shops is interestingly described. Mrs. Roger A. Pryor's article on the Social Code relates to Society Balls and Parties for Children. The space devoted to Women's Work and Advancement includes a thoughtful conversation between Edith M. Thomas and Dr. S. R. Elliott on Woman in Business, an interesting paper by Miss Margaret McNaughton discussing Architecture as a Profession for Women, a graphic description by Lucia M. Robbins of Woman's Work at the Atlanta Exposition, Harriet Keith Forbes' directions for Burnt Decorations upon Cardboard, and the continuation of Sara Miller Kirby's Kindergarten Articles. The first of a brief series of Papers on the Care of the Teeth, by a well known New York dentist, will be found exceptionally valuable. Mrs. A. B. Longstreet describes the Carving of Meats, and in Seasonable Cookery Impromptu Luncheon Menus receive attention. In Mrs. Witherpoon's Tea-Table Gossip are noted some new Home-Made Holiday Gifts. The review of Holiday Publications includes mention of many particularly intended for young readers. The novelties in Knitting, Tatting, Crocheting and Lace-making are illustrated and described.

The Subscription price of the Delineator \$1.00 per year or 15c per single copy. Address The Delineator Publishing Co., of Toronto, Limited, 23 Richmond St. Toronto, Ont.

### "Notes By The Way."

Simon T. Babineau, one of the most energetic of the lobster packers, at Richibucto Cape, has sold out his interest in the Factory, etc., to his brother and intends devoting his energies towards "making farming pay." He has removed from "Horse Point" to Reuben D. Richard's at Bedeque, and will make that his future home.

The strange noises, which the superstitious ones attributed to witchcraft or the Devil, that so haunted Bedeque and vicinity some time ago, has ceased of late. "The bird has retired to its nest."

Smelt fishing at Indian Island has been very good, and if the wings or leaders are kept removed, grumbling may not be heard.

The "Gaspereaux" has been severely visited by sickness this winter, and while many have fully recovered, very slight hopes are entertained of the recovery of Mrs. Patrick Finnigan, Mrs. Placid Fournier and Mrs. Philip O'Brien.

F. S. Peters, who has been confined to his house for a week, is again appearing outside.

An exciting incident was witnessed on the farm of Mr. Julien Doiron a few days ago, when a large owl attempted to regale itself with some of the fat fowl Mr. Doiron was reserving for his Xmas dinner. Mr. Doiron, observing the situation, hastily assumed the defensive armed with the handiest baton he could obtain, and after considerable effort drove the fierce creature away.

Miss Re Carrie Peters left on the 20th to spend her Xmas holidays in Moncton and elsewhere.

### Restigouche Matters.

Mr. S. Laughlin, Black Point, did a profitable business in cutting shingles last summer with his mill. He has moved it to the woods in the rear of Charlo, and cutting shingles for Gray & Lawrence & Co. He expects to have a good winter's work.

Mrs. G. Miller, Black Land, was badly gored by a cow a few days ago. Her face is much bruised, and may be disfigured.

About 10 days ago the Bay above Dalhousie was frozen over. The fishermen were in high spirits. They were prepared to haul their shanties on the ice, and expected to have a profitable time in fishing smelts. Their expectations were suddenly blasted by a thaw, which has continued for many days. The ice is all broken, up and carried to sea. The weather still continues mild.

The examination of the Superior School, River Charlo, was held on the 19th inst., which never was in a higher state of efficiency. The Rev. G. McLeod and the Rev. T. Nicholson took part in the examination, and at the close gave complimentary addresses. Mr. Masterton, teacher, has gone to spend his holidays with his friends in Kent Co.

A young man in the woods in Eel River had a narrow escape of being killed by a falling branch of a tree.

A passenger on board a steamer when leaving Ireland, was heard plaintively singing the following lines:

"While the waves are round me breaking,  
As I pace the deck alone,  
And the green spot in vain is seeking  
Some green spot to rest upon.  
What would I not give to wander  
Where my dear companions dwell?  
Absence makes the heart grow fonder,  
Isle of Beauty! Fare thee well."

Mr. J. Windors, New Mills, is doing an extensive business in all kind goods on both sides of the Bay.

Mr. and Mrs. John McNichol, New Mills, have gone to spend the holidays with the Rev. Mr. McNichol, Hopewell, N. S., their son.

### Don't Know the Man?

Don't know a man who always kicks, no matter what you do,  
Who kicks with most prodigious ease the whole long season through,  
Who kick if anything goes wrong and kicks if all goes right,  
Who kicks because he likes to kick, and kicks with all his might?  
We know some awful kickers on this wicked mundane sphere,  
Who came on earth by accident, and kick because they're here.  
To make themselves uncomfortable and other people sick  
They drive their friends to suicide, and still they always kick.  
We know a man who kicks and kicks the blessed livelong day,  
And if there's naught to kick about he's kicking anyway.  
At times when things are going right and other men would smile,  
He kicks on general principles, and kicketh all the while!

## Like the Touch of Magic

Desperate Itchings of the Skin Allayed by Chase's Ointment—The Recognized Skin Specific.

It is only a few months since Dr. Chase's Ointment was brought prominently before the public, principally by its cures of stubborn and long standing cases of Itching Piles that had defied all other treatments. To-day it is recognized from ocean to ocean as an infallible cure for Itching Piles, Eczematous Eruptions and all Itching of the Skin. Its cures have rendered its sales larger than those of all other preparations for such ailments combined. People use Dr. Chase's Ointment with confidence, because in every community someone has been benefited like Mr. Simpson, Berlin, Ont., who, under date of Feb. 8, '95, writes that for a number of years he was troubled with Itching Piles; they caused intense suffering, and although dozens of advertised remedies were used, none of them did any good although some of them had long and thorough trials. Here are his own words quoted from his letter: "Last fall I got a box of Chase's Ointment from Mr. Landreth's drug store, Berlin. I applied according to directions and soon found it was what I wanted. Only used part of one box when I was well as ever in my life. Once in a while since I have felt slight symptoms of its return, but one application of the Ointment and all is right again."

Such expressions as this from those who use Chase's account for its popularity.
