

**LIGHTED BY ELECTRICITY.**—A 200 light electric plant has been completed at the Allison pulp mill, and the light was turned on Thursday evening. Mr. Allison at once grasped his pen and wrote to Mr. Masterman, by electric light, announcing the progress that had been made. His men are working a quarter day over time now, getting ready for the machinery. The mill looks well when lighted up. What a splendid beacon it will be for river navigators. Mr. Alex. N. McKay is the pulp mill electrician.—World.

**C. M. B. A.**—At a regular meeting of Branch 255, St. Aloysius, Richibucto, the following officers were elected for the coming year:—President, Thomas J. Bourque, M. D.; First vice-president, Arthur E. O'Leary; Second vice-president Basile E. Johnson; Recording Secretary, David Daigle; Asst. Recording Secretary, Edward McInerney; Financial Secretary, Richard O'Leary; Treasurer, Auguste Leger, Sheriff; Marshal, Fred O'Brien; Guard, James Lagouff; Trustees, Geo. V. McInerney, Joseph Allaire, Thos. Burns

**AN OLD FOOL.**—M. P. McEachern, a Normal school student, hailing from Chipman, Q. C., became converted at the recent evangelical meetings here and afterwards joined the Baptist church. He wrote and told his father about the conversion, and the news instead of creating joy in the paternal breast, appears to have had the opposite effect. The father, who is a Presbyterian, at once decided to ostracize his son, and allow him to shift for himself, writing him to that effect. The young man will be compelled to discontinue his studies at Normal school at once, and seek employment. He intends to show the old man that he can get along without his aid, and will be a Baptist.—Fredericton Herald.

**C. M. B. A.**—At the last regular meeting of Chatham Branch, No. 202, of the Catholic Mutual Benefit association, the following officers were elected for the year 1896: Robert A. Murdoch, president; Chas. Cassidy, sr., 1st vice-president; Frank Barden, 2nd vice-president; James P. Waddleton, recording secretary; James F. Maher, assistant recording secretary; Michael Haley, financial secretary; B. M. Moran, treasurer; Wm. Delaney, marshal; Dennis Creamer, guard; Rev. John G. Knight, E. Gallivan and Geo. Hildbrand, trustees; Wm. T. Connors representative to the grand council; Michael Haley, alternate. The above officers will be installed at the first meeting of the branch in January, 1896.

**SLAUGHTER OF GAME.**—Mr. Thomas T. Deery, of the Bonsecours Market, Montreal, told a reporter a story on Tuesday which can hardly be believed. "I was talking," said he, "with a gentleman from Megantic to-day and he told me that while he was there in two weeks' time no less than six hundred red deer, caribou and moose had been shipped through to the United States from that section. American sportsmen come in and instead of shooting they make a regular butchery and slaughter the animals by the wholesale. If the shooting was for sport only it would be all right, but they supply the New York and British markets. It is against the law to ship game out of Canada, but as in the case of the destruction of fish the game laws are becoming a dead letter. Just imagine five hundred deer being shipped in two weeks to a foreign country. If this is allowed to continue the Canadian deer will soon become like the Canadian buffalo, extinct, except in menageries."

Mr. and Mrs. Wm. H. McLeod went to St. John on Tuesday.  
Mr. John B. Gogain, of Coeague, was in town Monday.

—Having become as poor as the proverbial church mouse, through the neglect of many of our subscribers to pay their subscription to THE REVIEW, we fear that we will have to dispense with the usual luxury of a goose for our Christmas dinner and fall back on our diet of two-eyed beef-steak.

—Before Judge Wells on Saturday Mr. S. W. Palmer made application for review in the matter of Archibald vs. McKay. This was an action on a promissory note, tried before Justice Bailey in Kent county and a verdict returned for the plaintiff. The ground for review was insufficient proof of claim. Returnable on the 20th.—Times.

—The St. John Globe recently issued a sixteen page trade edition which is far and away the best thing of the kind ever published in that city. It was greeted with a sneering notice from Progress. The fact that it presented such a handsome appearance and was "successful from a business view" doubtless turned the Progress man green with envy. You can't have the earth, brother Carter.

—On Friday last Mr. Jacob Ferguson received a telegraphic message conveying the intelligence that his son, Charles F., was seriously ill of pneumonia at his home in New York. The K. N. R. management sent a special out Friday night to enable Mr. Ferguson (who was joined by his son John, of Newcastle, at Kent Junction) to reach his son's bedside without delay. On his arrival he wired that the invalid was out of danger and his recovery was only a question of time, which was welcome news for Charlie's many anxious friends here.

—Charlie Barnett came near losing his horse by drowning Monday evening, and had a narrow escape from the same fate himself. He was crossing the Norwest River, preceded by his brother Alexander, with a lantern, when the horse suddenly slumped through the ice. In endeavoring to get the horse out, Charlie fell in himself, and was rescued with some difficulty by his brother. The horse was in the water an hour before they succeeded in getting him out on the firm ice, and it took two hours more before they could get him on his feet, with the aid of some restoratives they procured from town.

—An exchange, in discussing the itinerant dealer question, says he is of no earthly use to a town. He gives nothing to churches or public enterprises and pays nothing for public expenses. He has nothing in common with our people. He can swindle you and often he does. He can cheat with impunity. The home merchant has a reputation to sustain. He bears his share of the expenses of the town. When a subscription is passed he is one of the first to be approached. He builds a house and makes other permanent improvements that enhance the value of our property. He helps pay for the churches in which we worship and the schools to which we send our children. He cannot afford to misrepresent his goods or swindle his customers. Self interest alone prevents this. It is not difficult to decide which of the two classes of dealers should receive the support and patronage of the people.

HUDSON.—At South Branch, December 16, Jane McDonald, wife of Thomas Hudson, aged 42 years.

**DO WE USE REFERENCE BOOKS?**

No, thank you, we do not need them. They went out with the birch stick and backwood's teacher. Normal schools were too much for them. And yet we hear of three business colleges in Canada, trying to teach by means of them. One, however, has repeated; the others will probably follow when they have learned to walk without crutches.

Our recent increase of business is a gratifying proof that the results obtained by adherence to sound principles are appreciated by the public. Which shout-hand? Isaac Pitman's, of course. Only one week Xmas vacation. Re-open again January 2nd. Catalogues free.
