

PURE BRED STOCK.—Mr. Jas. A. Girvan of Kingston, purchased a couple of pure bred Holstein cattle—a bull and a heifer in Amherst last week. They are fine specimens.

A COW THAT PAYS.—Mr. John Taylor of Kingston, has a grade Jersey cow which besides supplying the family with milk, produces one hundred dollars worth of butter and milk yearly. For 8 months last year this cow's milk was made into 215 lbs. of butter, besides selling 3 qts. of milk daily. In the previous year her product was about the same as last year.

KINGSTON A. D. CLUB.—The Kingston Amateur Dramatic Club played the beautiful comedy drama, "A Fisherman's Luck," to a crowded house in the public hall, Kingston, on Friday evening. Special scenery had been prepared for the occasion; and in order to illustrate a thunderstorm, mimic thunder and lightning had been improvised and these proved almost as good as the genuine articles. The members executed their respective parts in a highly credible manner. Tom Manly, a poor fisherman—or rather a victim of fisherman's luck—finally succeeded in capturing the coveted prize, a good big fish. Music was furnished by Messrs. Fred Phinney and Robt. Goldie on the organ and violin. The audience was the largest yet seen in that hall.

Mr. Thos. McWilliams, of Mill Branch, visited the shiretown last week.

Mr. John Graham returned from Chatham, Thursday.

Miss N. Hutchinson, of Kingston, was in town last week the guest of Miss Maggie Irving.

Capt. R. McLaughlan, returned last week from Boston, where he had been for medical treatment.

Manager Brown spent Sunday in Moncton.

R. S. Broderick, Toronto, was in town Monday.

Mr. Fred Girouard, Buctouche, was in town Saturday.

Mr. H. H. Mortimer, Montreal, was in town Saturday.

Mr. Jas. McLelland of Galloway, who has spent the last few months in Boston, arrived home last week.

Mr. H. H. Fairweather, of St. John, was in Kingston this week.

Mr. James Ferguson, of Bathurst, was in town last week.

Mr. G. W. Smith, of St. John, was in Kingston this week.

Mr. Thos. Griffin, St. John, was in Kingston this week.

Mrs. S. C. Weeks has been confined to her house through illness during the past week.

Messrs. Jas. Hains and Edward Hayward, of Moncton, arrived here on Saturday, and will spend a few days in this vicinity.

Mr. J. H. Abbott and family will leave Kingston for Moncton on Monday, 22nd inst.

Capt. Geo. Long went to Charlottetown last week to take charge of his schooner, the Minnie E. Moody, which has been laid up at that port all winter.

J. D. Phinney, M. P. P., arrived in town from Fredericton, Thursday.

Mr. L. A. Miles, of St. John, came in on the K. N. R. Tuesday.

Mr. Fred P. Magee, St. John, was at the Kent this week.

Mr. B. McLeod, of Harcourt, registered at the Kent Tuesday.

Mrs. Jas. Henney, of St. Louis, left on Wednesday for Moncton, where she will remain for some time visiting friends.

Judge James of Buctouche, was in town Friday.

Mr. D. D. McEachrane, the well-known lumber surveyor of Mill Creek, Buctouche, went over the K. N. R. on Tuesday on his way to Harcourt.

CATARRH RELIEVED IN 10 TO 60 MINUTES.—One short puff of the breath through the Blower, supplied with each bottle of Dr. Agnew's Catarrhal Powder, diffuses this Powder over the surface of the nasal passages. Painless and delightful to use, it relieves instantly, and permanently cures Catarrh, Hay Fever, Headache, Sore Throat, Tonsillitis and Deafness. 60 cents. Sold by W. W. Short.

There are many indications of improvement in the lumber business. There is a better demand for lumber for South America, and if only there can be a fairly settled state of things politically, that is to say not more than one revolution every six months, there will be a marked improvement in that line.

### AYER'S THE ONLY Sarsaparilla ADMITTED

READ RULE XV. "Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition."

Why was Ayer's Sarsaparilla admitted? Because it is not a patent medicine, not a nostrum, nor a secret preparation, not dangerous, not an experiment, and because it is all that a family medicine should be.

### THE "NEW IDEA PATTERN" NEW YORK.

We have been fortunate in securing the Sole Agency for St. John of the above Company's goods. As its name implies, it is an entirely new departure in the Pattern business, and the success of the venture has been phenomenal. As the success of "Munsey's," "a first class magazine at the people's price," so the "New Idea," a first class pattern at the people's price; as Munsey's among the magazines, so the "New Idea" bids fair to revolutionize the pattern business.

This Company has been organized but a little over a year and already their Patts. are being handled by business houses in some 300 cities in the United States, and the sale is almost doubling daily. The secret of this success is from the fact that the company employ the highest skill obtainable in getting up these Patts., ensuring perfect fit, economy in cutting and simplicity.

Before taking the Agency for these Patterns we corresponded with a number of prominent Dry Goods houses in New York and elsewhere, who replied that the "New Idea" Patts. were giving every satisfaction. Messrs. Jordan Marsh & Co., of Boston, have taken them up, and in writing us recommend them very highly. Hundreds of well known merchants throughout the U. S. are selling them, and many unsolicited testimonials are received daily by the makers speaking in the highest terms of the "New Idea."

THE PRICE. New methods of production and immense output have reduced the cost of manufacturing so that these Patts. will be sold in St. John at a uniform price, 15c.; about half what are asked for Butterick's.

For instance take one of the new Basque Patts. Butterick price, 30c. New Idea price, 15c.

We have now in stock newest designs of Skirts, Waists, Blouses, Jackets, Capes, etc., and in introducing the "New Idea" to the public, we do so with every confidence in their excellence. The complete design book now ready; price 10c. Monthly Fashion Sheets free on request.

Try the "New Idea" and save from 15 to 30c. on each pattern. Endorsed by the "Dry Goods Economist," the best trade journal in the world.

### DANIEL & ROBERTSON, Cor. Charlotte and Union Sts. ST. JOHN.

NOTE.—Pattern sheets sent to any address on request, and design books mailed on receipt of 10c.

—W. H. L.'s letter will appear next week.

—K. Bezanson is showing the finest line of bicycles in Moncton. Be sure and see them.

—Coun. McAlmon has shipped three carloads of potatoes from Kingston to Halifax.

—Dr. Doherty, of Somers & Doherty, will be in Kent Co. this month. See dates in another column.

—Barque Dunvegan is on her way to St. John from Middlesboro, England, with about 600 tons of salt.

—There were a couple of scrapping matches at the north end on Monday. Nobody killed, however.

—At a meeting of the stockholders of the Cornwall, P. E. Island cheese factory the other day, a dividend of 10 per cent. was paid.

—Under the genial influence of the April sun, assisted by some of our citizens, the sidewalks which have long lain under a deep coat of snow, are beginning to show up.

—Little Kent Wheten, of Kingston, who, as was stated in our last issue, was dangerously ill of appendicitis, is slowly recovering under the skillful treatment of Dr. Ferguson.

—Mr. John Martin, of Kingston, while raking oysters near the bridge fished up an English half crown. The coin which was in a good state of preservation bore the date of 1821.

—Work on the large, new sulphite pulp mill at Chatham will commence in a few days. The new mill which will be as large as any on the continent, will be built by Montreal capitalists.

—A horse belonging to Mr. Charley Babineau got in the ice near J. & T. Jardine's wharf, on Monday but as there was a good crowd around the horse was promptly hauled out.

—It is seldom that the snow and ice disappear with such a rush as it has done since Sunday last. On Monday teams were travelling on the ice, and as we go to press (Wednesday) the harbor is open nearly up to town.

—Mr. Thos. Scott, of Jardineville, who has been confined to his bed for about nine weeks, is slowly recovering. Mr. Scott has sold his property here and intends removing with his wife to Moncton where they will reside in future.

—The mill men of Kingston are making preparations for the season's work. Mr. Thos. Burns has had a run built on piles from his mill to the channel where he can load vessels, and a like work is being done at Lanigan's mill. Mr. Jas. L. Hutchinson does the pile driving.

—We are in receipt of the 4th annual report of the Glasgow (Scotland) Cancer Hospital. This institution was established in 1890. Dr. Robert Jardine, son of Mr. Thos. Jardine of Kingston, is one of the leading movers in this laudible undertaking. Patients afflicted with cancer are treated free of charge.

—On Sunday, while Mr. John Manzer, of East Branch, St. Nicholas River, was returning from church, his horse and sleigh broke through the ice and the whole rig except the robe was lost. But for the assistance of a young woman who was with Mr. Manzer at the time, he himself would probably have been drowned.

—Now that the ice is unfit for travel, much inconvenience will be felt on account of several of the bridges between here and Kouchibouguac being down. The work of repairing those structures is being pushed as rapidly as possible, but it will probably be the first of May before they will be fit to cross on. The back road from Weldon's Creek to the North West was opened up Tuesday.

—Bathurst is to become the scene of some pugilistic encounters shortly. The Sun says:—Bob Campbell, of Carleton, will spar Ed. Harvey or Jim Flood fifteen rounds at Bathurst. Bob Campbell is prepared to meet Harvey or Flood at The Sun office on Wednesday evening at eight o'clock. Charlie McHugh is prepared to meet Eddie Connolly at Bathurst at a date to be mutually agreed upon.

—In another column will be found Mr. John A. Cameron's advt. Mr. Cameron has purchased the store in Kingston heretofore occupied by Mr. T. F. Curran and it is his intention to do a general store business. Mr. Cameron is well known as an upright obliging gentleman—such a man as always wins and holds the confidence and respect of everybody with whom he comes in contact. THE REVIEW wishes Mr. Cameron a long and prosperous business career.

—During the entertainment in the Kingston hall on Friday evening, the audience was considerably annoyed by boys who preferred their own rude way of enjoying themselves regardless of the discomfort they subjected other people to. Such conduct should not be tolerated, as people will cease to patronize any place of amusement where they are subjected to such annoyance. The committee will have to take steps to suppress any disorder, and of course, anybody who does not behave becomingly will be punished.

—Some of the sportsmen from town have succeeded in bagging some geese.

—Somebody has forgotten his smelt shanty between here and Jardine's wharf.

—Notwithstanding the almost impassable condition of the roads, the Harcourt mail makes very good time.

—Some of our townspeople enjoyed the hospitality of Dr. and Mrs. Ferguson, after the play at Kingston on Friday evening.

—Master Willie Wheten brought a fine large butterfly into THE REVIEW office on Tuesday. This is the first one that we have seen in town.

—A sacred concert will be given by the children of Methodist Sunday School on Monday evening next, under the auspices of the Ladies' Missionary Society.

—A goodly number of folk from town attended the play "A Fisherman's Luck," in the Kingston Hall on Friday evening. All expressed themselves as highly pleased with the entertainment.

—"One swallow don't make a spring," but several of them which have recently returned and taken up their quarters in their last year's abode under the eaves of the Masonic Hall, make a good deal of noise.

—On Good Friday morning commemorative services will be held in the Chapel of Ease (Episcopalian), and in the Methodist Church. Special offerings will be taken up and devoted to the work of the respective churches.

—Present indications point to a tolerably early opening of navigation. There is no ice in sight, and unless a protracted northeast wind sets in, there will be no ice to stop navigation in the Gulf. Should the present mild weather continue this harbor will probably be clear by the 15th inst.

—The post office department has issued a warning to the public not to pretend to enclose money in letters and then endeavor to blame the postal service for the cash not reaching the destination. Last week an Outario man was sentenced to sixty days with hard labor for having written a letter pretending to remit money to a certain firm and then purposely withholding the cash.

—At a dinner held in Brocton, Mass., on the 1st inst., in honor of the anniversary of the Central Labor Union, of that place Mr. Neil Currie, who is president of the organization, was appointed toast-master and, the Daily Enterprise says that he filled the position with grace and ease. Mr. Currie is a native of Kouchibouguac, is a shoemaker by trade, and served his apprenticeship with Mr. James Buckley, at Kingston.

Castoria. "Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children." Dr. G. C. Osgood, Lowell, Mass. "Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphia, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves." Dr. J. F. Kinchloe, Conway, Ark. "Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. Archer, M. D., 111 So. Oxford St., Brooklyn, N. Y. "Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it." UNITED HOSPITAL AND DISPENSARY, Boston, Mass. ALLEN C. SMITH, Pres., The Centaur Company, 71 Murray Street, New York City.

Visitors to our rooms often express surprise at the good order and quietness prevailing. There surprise is increased when they understand that our Actual Business Course of Training requires that students shall not only be allowed but encouraged to communicate freely with each other. Then, how is quietness possible? Just because our work is so interesting that each student's energies are absorbed in it; because each is treated as a gentleman (or lady), and, therefore is one? because each realizes he is preparing for future success. Our Catalogue explains it. Send for one.
