LEGAL NEWSPAPER DECISIONS. 1. Any person who takes a paper regularly from the Post Office...

RICHIBUCTO, N. B., MARCH 14, 1895.

UNDECIDED.

It has not yet been definitely announced whether there is going to be a session or dissolution. If the latter course has been decided on the government has not taken the country into its confidence...

Canada, and this without regard to the doctrines of either free trade or protection, but as a matter of free politics. I think we betray a lack of statesmanship in allowing commercial advantages to a country which owes allegiance to a foreign power...

The well informed Washington correspondent of the Boston Transcript, referring to the action of congress in refusing to vote money to pay the sum agreed upon in payment of the Canadian Behring Sea claims, says:—

The refusal of congress to authorize the payment of \$425,000 to Great Britain as alleged damages said to have been sustained by Canadian sealing vessels, has placed our government and Secretary Gresham in a very awkward position. Congress not only refused to carry out the agreement made by the president and Gresham, but it also refused to pass any bill whatever in regard to the subject or to make any appropriation for a commission to investigate the claims for damages. The acceptance by Great Britain of the lump sum proposed by Secretary Gresham suspended all negotiations for the payment of individual claims. Congress having rejected Secretary Gresham's proposition the English minister is now desirous of resuming negotiations looking to the payment of those claims. Secretary Gresham however, has informed the English minister that he has no authority in premises and that nothing can be done until Congress has taken action in the matter. The administration therefore is placed in a very embarrassing position, which will enable Great Britain to charge that the United States has violated a treaty.

Provincial Appointments.

Westmorland—David Webb to be a referee in equity, in place of Arthur L. Robinson, removed from the province; Peter McSweeney to be a member of the board of school trustees for Moncton, in place of T. T. Ryan, deceased; Brunswick G. Burns, Shediac, Gilbert Boudreau, Shediac; Isaac N. Alward, Salisbury, and Francis X. His honor the lieutenant governor has been pleased to accept the following resignations:

William Masson, as justice of the peace and commissioner of the parish of Newcastle civil court, in the county of Northumberland.

Thomas Kerr, as Labor act commissioner of the parish of Addington in the county of Restigouche.

Ford's Mills.

MARCH 9th, 1895.—We are very sorry to have to record the death of Mrs. John Ford which took place at her home on the night of the 22nd of Feb. Her death is deeply regretted, for she was not only a loving wife and mother, but a kind friend as well to all who knew her. She leaves a husband and family of eight children. The sympathy of the community at large is extended to the grief stricken ones.

Mrs. John Curran, who has been ill, is recovering.

Master Frank McWilliam is suffering from a serious attack of quincy, but under the skillful treatment of Dr. Keith, we trust he will soon recover.

For Sick Headache, Sour Stomach, Loathing of Food, Dyspepsia or Biliousness, take HAWKER'S LIVER PILLS. They will cure you. Recommended by leading Physicians as a most reliable medicine.

FORD.—At Ford's Mills, Kent Co., Feb. 22nd, Elizabeth, beloved wife of John Ford, Esq. aged 58 years.

We'll meet again the true heart speaks, When dearest one departs, And in the pleasing prospect seeks Balm for the bleeding heart.

In Heaven's serene and endless rest, Secure from care and pain, There in the mansions of the blest We'll surely meet again.

CELIA.

McEwen.—At Wellington, Kent Co., March 5th, Luke, son of the late Andrew McEwen, aged 42 years. Requiescat in pace.

Buctouche Notes.

MARCH 11.—Still no train, and the merchants are anxiously awaiting the opening of the railroad.

The snow has melted down considerable during the past few days.

Rev. Mr. Hackenley held divine service in St. Lawrence church, yesterday.

The Sacrament of the Lord's Supper was administered in the Methodist church, Sunday.

Jas. Harris, of Moncton, is in town.

Thos. McManus, who has been in Cape Breton during the past year, returned home on Saturday.

Albert Dysart, of Cocagne, spent Sunday in Buctouche.

J. B. Gogain, M. P. P., of Cocagne, was in town on Sunday.

Geo. V. McInerney, M. P., spent several days in Buctouche and vicinity during past week.

Miss Edith Price, who is teaching at McLean Settlement, visited her parents on Saturday.

Miss Marie Bourque, of Cocagne, visited her parents last week.

C. Richardson was in town last week.

Frank McInerney, of Kingston, was in town on Friday.

Rev. Mr. Ramsay intends giving a temperance lecture to night in the school house at McKee's Mills, after which a donation is to be made the reverend gentleman.

Rev. Father Michaud intends on Sunday 17th, to give an English sermon in memory of St. Patrick.

Mr. and Mrs. Penman Allen of Bayfield intend taking charge of the Bay View this week. Mrs. Allen is a sister of the present proprietor, Isaac Trenholm, who still continues as manager.

Judge James was in Richibucto last week on professional business.

In last week's issue several business places were overlooked. Among them must not be forgotten the tinware and all kinds of hardware establishment of Clement Savoie. He is a first class mechanic and is doing a first class business. Also the watch, clock and jewelry repairing establishment of Jos. Maillet. The town has two first-class dressmakers, Miss Morrison and Miss Wallace, a tailors, Miss Leger, and a tailor.

Things needed in Buctouche might be a good subject to discuss, because Buctouche needs several things. First, is railway communication with the outer world, we will have that with early spring and then the swallows will come back to us again and earth's gladness shall fill the valley of the Buctouche. Another thing needed is more social intercourse and a more thorough knowledge of the goodness of fellow-man and a lesser knowledge of the faults and failings of our neighbors. Another thing needed is the secret of evading the hole in playing pede. Another thing required is the most improved method of taking astrological observations during the eclipse of fair luna. The observatory was well attended and ocular and specular observations were made, by first taking an ocular observation and then a specular, caused a spectrum through which could plainly be distinguished the face of the man not in the moon. The eclipse seemed to be late in arriving in Buctouche, no doubt partly caused by the snow blockade on the railway. Some were under the impression that when the authorities ordered an eclipse on the 10th they did not think of it being Sunday and noticing last issue of THE REVIEW decided to withhold the eclipse until after midnight, but it came just the same. Who watched for it and saw it not? Another thing Buctouche wants is other parts of London set down in Buctouche, at present we only have Whitechapel, we have the Whitechapel murderer too, only he only murders cats, W. shoots and C. hangs. Sam is able to move around town notwithstanding his broken hip. Wm. McKee got one of his feet slightly frozen on Sunday, he got one foot wet and his overshoe was frozen fast to his boot. Another thing wanted is less snow, but time alone will remedy that. Wanted to match the world against Buctouche for letter writing, your correspondent picked up the following letter on the street this morning, having been written by one of Buctouche fair ones to her friend:

Dear M. I am going to right you a few lines dear M. you told me that I have to write to you yes I am dear M. you ask me why I didn't go over Saturday dear M. I couldn't go over Saturday I work all day long dear friend will you ask J. your sister if she won't lend me her rippelic wand she done with herself dear friend my father is well now dear M. I'll wait till summer to go over to my grandfather my mothers dad. Dear friend I'll write you back after tea if you want to send me a peace of paper I haven't got any paper at all. Dear friend will you write me back well that is all for now. Dear friend excuse me for my writing please. Good by dear friend write me back as soon as you can.

YOUR FRIEND.

Another thing of which mention must be made is the benevolent societies of Buctouche. The C. M. B. A. and I. O. F., both of which orders are in a flourishing condition. The former meets in the hall at the Butter Factory every Tuesday, the latter in Barnes Hall on the first Saturday in the month.

Considerable trouble is being experienced in the school district adjacent to Buctouche up the river. One party wishes for two districts as there is such an extent of territory, others want one district as the taxes would be so much lighter, hence the trouble. A meeting had been called for this morning at Newell's Creek, but it having been decided that the meeting was illegal, no business was transacted but some very hot opinions were expressed.

A Popular Traveller.

Mr. G. Fred. Anderson, the popular representative of T. S. Simms & Co., St. John, N. B., in speaking of Norway Pine Syrup, says:—"It is the best cough cure I ever used and I prefer it to any other. Have given it to friends of mine and it cured every time. It would be difficult now to induce me to use any other."

To Sunday School Workers.

Dear Fellow Workers: I addressed cards last week to all the pastors of the County whose address I could obtain. I asked them to urge their congregations in every way advisable that the Sunday Schools now dormant be reopened at an earlier date than last year.

I have already received a reply from one pastor saying that his efforts will be given to the work. The schools in my own congregation propose to assemble this year on the 1st Sunday in April—some may begin earlier. I trust every school in the County will be open earlier than that date if possible—at any rate not later.

I have also addressed cards to all Parish Presidents asking them to urge every Supt. in their district, by word of mouth where possible and at any rate in writing, to reopen earlier. The names of the Parish Presidents are:—Fr. King, Wellington; H. A. West, Dundas and St. Mary's; Edwin Bowser, Richibucto; Andrew Dunn, Harcourt; Alex. Mundle, James Starrak and Wm. Marshall for their respective sections of Weldford. Should any of these brethren have failed to receive my card, will they kindly accept this intimation? One parish president has already assured me that he will do his best. In some of these districts there is room for a new school. Who will report one new school this year?

To Supts. As soon as your school is open will you kindly drop me a card giving me date for publication in THE REVIEW. It will be a stimulus to others.

Yours faithfully, F. W. MURRAY, Co. Sec'y.

Rheumatism Cured in a Day.

South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. For sale by W. W. Short, druggist, agent for Kent Co. *

St. Margarets.

The weather for the past two weeks has been very fine which gave the lumbermen a chance to make good roads, and there is a smile of satisfaction on the teamster's face as he sails to the brow with a load piled high in the air.

Some of our young men are returning from the Miramichi lumber woods, and by their appearance the fat pork and molasses suffered.

We are sorry for the departure of Mr. and Mrs. Doyle, who have spent the winter here.

Two of our moose hunters got on a moose trail last week, the chase being so close that the moose turned into a caribou, and the poor hunters got left.

We are glad to see our esteemed friend Lizzie has recovered. Mr. B. and his flyer must have gone into exile, but it is to be hoped he will soon return.

COPPER TOM.

To search out impurities and drive them from the system is the work of Burdock Blood Bitters: thus B. B. B. cures dyspepsia, constipation, bad blood, biliousness and all diseases of the stomach, liver, bowels and blood.
