

LEFT THE ASYLUM.—George Hamilton, a man of middle age, slightly built, who has been in the Lunatic Asylum for the last ten or twelve years, left the institution on Saturday. Hamilton is reported to be a very quiet man and has worked chiefly about the carpenter's shop. He belongs to Northumberland county. It is mentioned as a curious thing about him that before he entered the Lunatic Asylum he was in one in Massachusetts, and that he left that and walked all the way to Northumberland.—Globe.

GOOD FOR SAILING VESSELS.—Last season sailing vessels were obliged to endure unreasonable delay at the coal shipping ports of Cape Breton. At North Sydney and other places in a number of cases vessels were compelled to wait five or six weeks before securing their cargoes. This detention, as can be readily understood, meant a great deal to ship owners, and if the same system was continued this season very few vessels would go to Cape Breton ports for coal. This season both the Dominion Coal Co. and General Mining Association are advertising to give sailing vessels quick despatch.

SUDDEN DEATH AT CHATHAM.—Mr. H. A. Muirhead of Chatham, died suddenly Sunday at 10.30. Mr. and Mrs. Muirhead left Mrs. Blair's (his mother-in-law's) house about nine o'clock, evidently in the best of health. After getting home his wife noticed he did not look very well and asked him what was the matter. He replied that he was tired. After going to bed he was seized with a choking fit. Mrs. Muirhead sent for a doctor, who arrived in about twenty minutes. Mr. Muirhead died in about five minutes after the doctor got to his house without having spoken after he was taken sick. Deceased was the second son of the late Senator Muirhead. He leaves a wife and five children.

THE LOBSTER TAX.—A large delegation of maritime members, including Messrs. Adams, Kenny, Woods, Stairs, McAllister, Blanchard, McInerney, McLean, McDonald of P. E. Island, Stairs and J. A. McDonald, waited on the minister of marine last week and urged several amendments to the act dealing with the lobster business, especially asking that the proposed reduction in the fee for small packers should take effect this year. The minister said the change would go into operation in 1896, but as the licenses had already been issued for this year he did not see his way clear to grant the request. Hon. Mr. Costigan, however, manifested a strong desire to meet the wishes of the delegation on all points as far as possible. Messrs. McInerney and McLean took the ground during the discussion that all special taxes on fishermen were an injustice and that this class of citizens should be placed on the same footing as all other bread winners in the land. Fishermen, said Mr. McInerney, resent the idea of being classed with liquor dealers for revenue purposes.

Rev. Fr. McAulay went to Chatham, Saturday.
Miss Sutton returned home on Saturday from Moncton, where she had been visiting friends.
Mr. Geo. Moffatt, of Dalhousie, spent a few days in town last week.
Mr. J. A. Irving, of Buctouche was in town Friday.
Mr. Thomas McPherson, I. C. R. section boss, spent Sunday last in town.
Samuel Thompson, Esq., of Miramichi, spent Sunday in town.
A letter from Judge Wells states that he is at present in London, and will remain in England six weeks. He expects to sail for New York on June 10th.
Mr. Wm. Irving, of Buctouche, was in town Tuesday.
Jonathan Little, Jr., returned to his home in Kouchibouguac on Saturday, from the United States.
Kent County is about to lose one of her most energetic and enterprising citizens in the person of Mr. Oswald Smith, of Kingston, who is removing to St. Mary's, York Co., where he will engage in business. Mr. and Mrs. Smith take with them the good wishes of hosts of friends.

THOMAS.—At East Branch, Sarah Ann, beloved wife of Sampson Thomas, died May 11th after a lingering illness. She leaves a husband seven sons and two daughters to mourn their sad loss. She was a loving wife and a kind mother. Her end was peace.

"Several years ago, my blood was in bad condition, my system all run down, and my general health very much impaired. My hands were covered with large sores, discharging all the time. I had no strength nor energy and my feelings were miserable in the extreme. At last, I commenced taking Ayer's Sarsaparilla and soon noticed a change for the better. My appetite returned and with it, renewed strength. Encouraged by these results, I kept on taking the Sarsaparilla, till I had used six bottles, and my health was restored."—A. A. TOWNS, prop. —A New York court has virtually decided that bronze paint is a more decent covering for limbs of "living statuary" than tights. It is stated that in some of the Asiatic countries the natives wear tattoo-marks in place of clothing, and it is regarded as sufficient. A garment tattooed on the skin is waterproof and will last a life-time. If it were not for the severity of our climate this, under the New York decision, would be an economical solution to our "nothing to wear" problem.

—Mr. Wm. J. Smith has the handsomest yearling colt in town. He tipped the beam Monday at 710 pounds. Words of Wisdom.
The people who are literary advertise the fact too much.
You will hear the same old complaints as long as you live.
Most people who give you advice don't know as much about it as you do.
Keep an eye on your opportunities and be prompt to take advantage of them.
A bad workman quarrels with his tools and a poor farmer says it is the weather.
Every man demands that his wife keep two-thirds of his good resolutions for him.
There is only one thing prettier than the sunrise, and that is an early morning nap.
Every real thought on every real subject knocks the wind out of somebody or other.
Don't hurry; don't worry. Too swift is as tardy as too slow, and "Care will kill a cat."
