CURED BY USING
Ayer's Sarsaparilla

"Several years ago, my blood was in bad condition, my system all run down, and my general health very much impaired. My hands were covered with large sores, discharging all the time. I had no strength nor energy and my feelings were miserable in the extreme. At last, I commenced taking Ayer's Sarsaparilla and soon noticed a change for the better. My appetite returned and with it, renewed strength. Encouraged by these results, I kept on taking the Sarsaparilla, till I had used six bottles, and my health was restored."—A. A. TOWNS, prop. Supper to Mr. Abbott.

About forty friends of Mr. J. H. Abbott from Kingston and Richibucto gave a farewell supper to Mr. J. H. Abbott at the Kent Hotel, Monday evening. A very pleasant evening was spent. After the supper the company indulged in toasting and speechmaking. The following toasts were proposed:—

"The Queen," responded to by singing God Save the Queen.

The Governor General was responded to by Mr. C. J. Sayre.

"Our Guest," was answered by Mr. Abbott, who expressed his deep regret at leaving Kingston and Richibucto. He had come here about a dozen years ago, fresh from the city and unacquainted with a single person in the place. He left knowing that he was leaving some very warm friends behind. He hoped, however often to run up from Moncton to see them. He was a member of the Alag-wasook Fishing Club and intended if possible spending a week in Kent County next summer. He hoped that when any of his Kent County friends happened to be in Moncton they would not fail to look him up and give him a call. Mr. Abbott was loudly applauded.

Rogersville.

The snow is going exceedingly fast and the roads are almost impassable.

The drives are somewhat backward this spring as all the ice is not out yet and many crews have come out.

The mills around here have all commenced their spring's sawing and we hear that Mr. C.'s averages one hundred pieces a day.

Moose are quite abundant around here and some have been seen on the highway. One also ventured on the ice on J. Murphy's pond going to within one hundred yards of the mill.

The Bastian Bros. have been doing quite a business drilling wells in Rogersville and Acadieville which will lighten the work of many families.

Mrs. M. Duggan entertained some chosen friends at a candy pull the other night, where a few pleasant hours were spent enjoying the candy and playing various games of amusement.

Girls must be getting tame now-a-days, for most anyone can get a wife. There is to be a wedding next week and talks of several others in the near future.

The trains were in confusion on Wednesday. The morning freight going north was wrecked in Acadieville, caused by the wheels of the tender breaking and piling five cars in the ditch, and it took fifty men all day and all night to get it on the track again.

We are sorry to say that one of our fair ones has taken her departure, which leaves a certain youth very down-hearted.
