Dr. Chase's Ointment CURES

Fergus, April 6, 1894. To Robert Phillips, Druggist, Fergus. This is to certify that I have suffered from piles for a long time and I tried several articles to be commended for this complaint, but none of them relieved me until I tried Chase's Ointment, which has completely cured me.

My six-year-old daughter, Belle, was afflicted with cancer for 24 months, the principal seat of eruption being behind her ear. I tried almost every remedy I saw advertised, bought the most reliable medicine and soap, and took the diet of a medical specialist in skin diseases, but without result. Finally, a week ago, I purchased a box of Dr. Chase's Ointment, and the first application showed the curative effect of the ointment. We have used only one-sixth of the box, but the change is very marked. The eruption has entirely disappeared, and I can confidently say my child is cured.

Sold by all Dealers, or on receipt of price, by Address: EDWARDS, BATES & CO., TORONTO.

Near The Dark Valley.

A YOUNG GIRL RESCUED FROM AN EARLY GRAVE.

Pale, Listless and Weak, the Victim of a Hacking Cough, She Was Apparently Going Into a Rapid Decline—A Case of Deep Interest to Every Mother in the Land.

From the Cornwall Standard.

It is now a common thing in this locality to hear people acknowledge the wonderful benefit they have derived from the use of Dr. Williams' Pink Pills, and it is not to be wondered at that the druggists find the sale of this remarkable medicine so large and yet constantly increasing.

"Was merely a shadow of her former self."

everything done to help her. But it appeared to be useless, and week after week she continued to grow worse, until it was evident she was fast going into a decline.

A hacking cough set in, and the poor girl, who was formerly plump and healthy looking, with bright rosy cheeks, began to waste away, and in a few months was merely a shadow of her former self.

After writing the above, the reporter again called on Mrs. Dore and read it to her, asking her if it was entirely correct. She replied that she would like to give even stronger expression to her appreciation of this wonderful medicine.

In the case of young girls who are pale or sallow, listless, troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood, and bring a rosy glow of health to the cheeks.

These pills are a positive cure for all troubles arising from a vitiated condition of the blood or a shattered nervous system. They are a specific for troubles peculiar to females, correcting suppressions, irregularities, and all forms of weakness.

Manufactured by the Dr. Williams' Medicine Co., Brockville, Ont., and Schenectady, N. Y., and sold in boxes (never in loose form by the dozen or hundred) 50 cents a box, or six boxes for \$2.50.

Fort Scott, Kansas, was flooded Monday. Four inches of water fell in several hours. Two boys were drowned in one of the principal streets, and many families were driven from their homes.

Children Cry for Pitcher's Castoria.

Phonograph Described in 1660.

A few months ago while amusing myself with Cyrano de Bergerac's Historie Comique des Etats et Empires de la Lune et du Soleil (Paris 1660), I was amazed to come across the matter quoted below, which surely foreshadows the phonograph as closely as do Bacon's words the steamship and railway.

"On opening one of these boxes I found I know not what kind of metal (apparatus) similar to our clockwork, composed of I know not how many little devices and imperceptible machinery. It was a book certainly, but a most marvellous one, which has neither leaves nor characters; a book to understand which the eyes are useless—one needs only to use his ears.

I will say, further, that Cyrano anticipated many of the inventions and conceptions of modern aeronauts. No wonder that he was considered by his contemporaries as "somewhat off."

DR. FOWLER'S

Extract of Wild Strawberry is a reliable remedy that can always be depended on to cure Cholera, Cholera Infantum, Colic, Cramps, Diarrhoea, Dysentery and all looseness of the bowels. It never fails.

The Eye of the Needle.

Elias Howe almost beggared himself before he discovered where the eye of the needle of a sewing machine should be located. His original idea was to follow the model of the eye at the heel. It never occurred to him that it should be placed near the point, and he might have failed altogether if he had not dreamed he was building a sewing machine for a savage king in a strange country.

3 Lines On E. and L.

I find the people around here prefer Dr. Chase's Kidney-Liver Pills to any other I have in stock. They are a wonderful pill. Send 3 dozen at once, I am nearly out. P. S.—Send by post, J. W. Ireland, Gourack.

A Case of Brute Intelligence.

"I was on my bicycle," wrote a man to an English magazine, "and was passing a very large field where a number of sheep were grazing. As I passed, a sheep ran towards me in an excited manner, looking up at me like a pet dog, and bleating in a most piteous way. I was so interested in what I saw that I stopped and instantly the sheep galloped to the further end of the field in the same excited way and then raced back to me again, bleating and looking up at me just in the same beseeching way as at first. Had it spoken it could not have been plainer in its request that I should go with it to the other end of the field. I could see nothing but a few trees, still, I felt compelled to go with the sheep, so unmistakably did it let me know that it wanted me to go with it. So I went, the sheep galloping on before me till it reached a spot at the end of the field, where I felt sure it wanted me to go. Till I reached the place the animal ran round and round the same particular spot in the same excited way, as if it wanted to say, 'Make haste, come as fast as you can.' When I arrived I found there was a deep stream of water, and one of the sheep had fallen into it and was struggling to get out!"

Wire Rope One Thousand Nine Hundred Years Old.

While conducting a series of tests with a 100 ton testing machine at the Yorkshire College in England, which included the testing of a steel wire rope, Prof. Gooden stated that such ropes were not a modern invention, and that he had recently seen a bronze wire rope one half inch in diameter and from 20 to 30 feet long which had been found buried in the ruins of Pompeii and which must have been at least 1,900 years old.

USE PELEE ISLAND WINES FOR DEBILITY NATURE'S TONIC.

E. G. SCOVILL, AGENT PELEE ISLAND GRAPE JUICE. St. John, N. B. MARCH 15th, 1895. DEAR MR.—My family have received great benefits from the use of the PELEE ISLAND GRAPE JUICE during the past four years. It is the best tonic and sedative for debility, nervousness and weak lungs we have ever tried. It is much cheaper and pleasanter than medicines. I would not be without it in the house. Yours, JAMES H. DAY, Day's Landing, Kings Co.

E. G. SCOVILL, TEA and WINE MERCHANT, Wholesale. 62 Union Street, St. John, N. B.
