

T. BRIG LOVEN WRECKED.—Last week Capt. Gordon, of Kingston, received a letter from Capt. Roer, of Filbvedt, Norway, which contained an account of the wreck of the brig *Loven*, off Ardrossan, on Dec. 22nd last. The *Loven* was the last vessel to leave this port last fall, having loaded deals for Mr. Edward Walker at Kingston. After having discharged at Rhyll the cargo of deals taken from here she went to Ardrossan and loaded coal for Christiania, Norway. Capt. Roer, who had the vessel here was taken sick and was obliged to give her in charge of another captain. When two days out from Ardrossan she drove ashore in a gale and sank in six fathoms of water. The Capt. and four men were lost. The two mates and one seaman were rescued by a fishing smack after having clung to the main-top for 10 hours. The *Loven* is well known here, having traded to this port for a good many years. Before being purchased in Norway, she hailed from Belfast, Ireland, and was known as the *John Richards*. During the great August gale, over twenty years ago, she with the bark *Lochee* were driven ashore within a few yards of THE REVIEW office, where they both remained several months. The *John Richards* is said to have taken the highest deck cargo ever taken from this port. Though nearly forty years old, she had been all rebuilt and was practically a new vessel.

WEDDING BELLS.—Mr. and Mrs. Thomas Murphy, of South Branch, entertained a large number of their friends Thursday evening 14th inst., on the occasion of the marriage of their daughter Matilda and James F. Collins, of Spring Brook. The bride was attended by Miss Nora Collins and the groom was supported by John Murphy, the bride's brother. On their arrival from St. Anus, where the ceremony took place, they were met by so many friendly faces that they must have forgotten their tedious journey. The dinner was everything that could be desired. D. D. McEachern, our popular lumber surveyor, did the honors of the table and his pleasant face and portly figure while wielding carving knife and fork showed to the best advantage. After dinner the company engaged in several games. The genial host and others favored the party with some fine singing. Special mention may be made of the old Scotch songs among them "Wood and Married and A," by James J. Walker in his usual good style, deserves praise. After spending a very pleasant evening they started for their respective homes, wishing that another wedding in the near future would bring them together again. The bride and groom were the recipients of many handsome and valuable presents which testify to the esteem in which they are held by a large circle of friends.

The sick in our vicinity have nearly all recovered under the skillful treatment of Dr. Olloqui.
We notice the private mail up quite often.
What has become of O. K. B.—? We wonder if he has given his place to W. C. C., or has he heard of the long courtship question?
We understand that Mr. Edward Hannay of Kingston, has purchased the house lately occupied by James Girvan, and Dame Rumor says that he is going to take one of our fair ones as a partner in the business. He will likely succeed as there is no opposition this time.

Ayer's Sarsaparilla

"Several years ago, my blood was in bad condition, my system all run down, and my general health very much impaired. My hands were covered with large sores, discharging all the time. I had no strength nor energy and my feelings were miserable in the extreme. At last, I commenced taking Ayer's Sarsaparilla and soon noticed a change for the better. My appetite returned and with it, renewed strength. Encouraged by these results, I kept on taking the Sarsaparilla, till I had used six bottles, and my health was restored."—A. A. TOWNS, prop. DANIEL & ROBERTSON, ST. JOHN.

—Who owns the plow in Weldon's Creek?
—Lumbermen report thirty inches of snow in the woods.
—Mr. Geo. Robertson has opened a flour store in Kingston.
—Dr. R. P. Doherty, dentist, will not visit Kent County this month.
—Every young man should read the advertisement of the St. John Business College in this issue.
—On any clear still morning the chimes at St. Charles, eight miles away, can be heard quite distinctly.
—Mr. Henry O'Leary put sixty-five tons of blinks (unmarketable smelts) on his land this winter to enrich the soil.
—The smelt fishing season terminated on Friday last. An ineffectual attempt was made by the fishermen to obtain an extension of time.
—The readiness with which the average small boy of this town can utter a string of oaths is something appalling, even if they only have a poor dumb dog to swear at.
—Mr. Keady O'Leary, our enterprising fellow townsman, has been awarded the contract to build a new bridge over Mooney's Creek. The contract price is \$800.00.
—A wedding party drove through Kingston on Tuesday. The principals were, Mr. Melem Richard, of St. Anne, and Miss Barriau, of McLeod's Mills, St. Louis. The party occupied five sleighs. They were on their way to St. Anne, their future home.
—Geo. and Edward Wilson, of Kingston, have purchased a building lot from Mr. Hazen Russ, and will begin in the spring to erect a carriage factory thereon. The property is situated in the rear of Palmer House on the road to the station, and ought to be a good stand.
—Mr. Hutchinson has finished revising the lists. The following shows the number of voters in each parish:—Dundas, 631; Wellington, 754; St. Mary, 422; St. Paul, 245; Harcourt, 348; Welford, 895; Richibucto, 931; St. Louis, 456; Carleton, 335; Acadieville, 217. Total, 5234.

—If you have a friend abroad to whom you wish to write the happenings at home send him or her a year's subscription of THE REVIEW. You will save the subscription price in postage and stationery, not to speak of the trouble of collecting and writing items. It will prove a weekly letter from home.
—A dramatic and athletic club has been started in Kingston. The following young men are the members:—W. H. Lively, John W. Thibideau, Jas. Mitchell, Fred Lanigan, John Palmer, Wm. McArthur. An entertainment will be held about the middle of March in the public hall in aid of the deserving poor of the town. Mr. John B. Richard, of Lower Village, will furnish music on the bagpipes and other instruments.
—The basket social held in the school house, East Galloway, last Thursday evening was quite successful considering the bad state of the roads. The snug sum of \$21.00 was realized. Some of the baskets sold as high as \$2.75. Readings were given by the teacher Miss Wathen, and altogether an enjoyable time was spent. Some friends from Kingston attended and contributed largely to the successful entertainment.
—Some of our foremost citizens might easily form themselves into a regular debating society and make it very interesting, if an outside look is any guide, as at a recent "talk" some of the questions were very expressive and showed no lack of animation. Their enthusiastic natures give one an idea that the "talks" are entertaining as well as instructive, and they ought not to confine their topics to the "Church and its state." Men of their mental caliber should express views on a wider range and give the public the benefit of their thoughts and not limit their "meets" to a chosen few.
—On Monday evening Messrs. J. & T. Jardine received a telegram from Captain Thompson of the barque *Sagona* which is loading at Darien, Ga., announcing that Captain McLean, second mate Lynch, and Charles Rhodes, of the bk. *Valona*, have been missing since Thursday last. The *Valona* was loaded at Sapelo Island, and the Captain and the above named seamen started to go up to Darien, a distance of about twenty miles to clear the ship. It is thought that the boat has upset and the crew are lost; still there is a possibility that they are yet safe and may turn up all right. Capt. McLean is well known here. Last year he sailed the tug *Calluna*, for G. W. Robertson and has commanded the *Valona* since she was taken off the south beach last summer. Lynch the second mate is not known here, and Rhodes is a son of Mr. Wm. A. P. Rhodes, harness maker, of this place.
