

## EX-MEMBER OF PARLIAMENT REUBEN E. TRUAX

Hon. Reuben E. Truax, one of Canada's ablest thinkers and statesmen, a man so highly esteemed by the people of his district that he was honored with a seat in Parliament, kindly furnishes us for publication the following statement, which will be most welcome to the public, inasmuch as it is one in which all will place implicit confidence. Mr. Truax says:

"I have been for about ten years very much troubled with Indigestion and Dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try the Great South American Nervine Tonic. I obtained a bottle, and I must say I found very great relief, and have since taken two more bottles, and now feel that I am entirely free from Indigestion, and would strongly recommend all my fellow-sufferers from the disease to give South American Nervine an immediate trial. It will cure you."

"REUBEN E. TRUAX,  
Walkerton, Ont."

It has lately been discovered that certain Nerve Centres, located near the base of the brain, control and supply the stomach with the necessary nerve force to properly digest the food. When these Nerve Cen-

tres are in any way deranged the supply of nerve force is at once diminished, and as a result the food taken into the stomach is only partially digested, and Chronic Indigestion and Dyspepsia soon make their appearance.

South American Nervine is so prepared that it acts directly on the nerves. It will absolutely cure every case of Indigestion and Dyspepsia, and is an absolute specific for all nervous diseases and ailments. It usually gives relief in one day.

Its powers to build up the whole system are wonderful in the extreme. It cures the old, the young, and the middle-aged. It is a great friend to the aged and infirm. Do not neglect to use this precious boon; if you do, you may neglect the only remedy which will restore you to health. South American Nervine is perfectly safe, and very pleasant to the taste. Delicate ladies, do not fail to use this great cure, because it will put the bloom of freshness and beauty upon your lips and in your cheeks, and quickly drive away your disabilities and weaknesses.

Dr. W. Washburn, of New Richmond, Indiana, writes: "I have used South American Nervine in my family and prescribed it in my practice. It is a most excellent remedy."

### FAINTED IN CHURCH.

THE DEPLORABLE CONDITION OF  
A YOUNG LADY IN BROCK-  
VILLE.

A Case that Created Much Interest—  
Weak Almost Bloodless and Fre-  
quently Confined to Her Bed—Again  
Enjoying Complete Health.

From the Brockville Recorder.

Readers of the Recorder have no doubt followed with interest the many instances related in these columns of recoveries—sometimes of a very remarkable nature of persons affected with diseases of different kinds, by the use of Dr. Williams' Pink Pills. Apart from the marvellous recoveries, the accounts were interesting to the people of Brockville and vicinity from the fact that this town is the home of the Dr. Williams' Co., and the place where the celebrated medicine is made. The family of Mr. Thomas Humble, residents on Park street north, furnish a case of such recovery no less notable than many previously published, that will be of particular interest in this community. Mr. Humble is an employee of Bowie & Co., brewers, and is well known and highly respected by many of our citizens. The member of his family whose cure we have mentioned, is his eldest daughter Carrie, a girl of about nineteen years of age. The facts in the case were first brought to the notice of the Recorder by Mr. Wm. Birks, a well known merchant tailor, who on one occasion assisted in removing Miss Humble, who was attacked with a fit of extreme weakness while attending service in the George street Methodist church. The other evening a reporter visited the home of the family in question, and upon stating the mission to Mrs. Humble, the story of the case was briefly related, not however, with any desire for notoriety, but rather a determination on her part that it should be given if it might in the least be of benefit to others similarly afflicted. According to her mother's story, Miss Humble's illness dates back to the summer of 1889. Her trouble was extreme weakness and exhaustion, caused by weak and watery blood. She was subject to severe headaches, heart palpitation, and other symptoms which follow a depraved condition of the blood. Often while walking down street on business the young lady would become so exhausted by the walk as to be scarcely able to get home, and she was frequently confined to her bed for weeks at a time, and had to have her meals carried to her. For a period of over three years she was almost continually under medical treatment. The doctors' medicine would prove of benefit while being taken but as soon as the treatment was discontinued, the patient would become worse. Her friends were much discouraged and feared she would not recover. In the winter of 1893 Mrs. Humble read of a similar case where a cure was brought about by the use of Dr. Williams' Pink Pills. This prompted her to give them a trial in her daughter's case, who was at that time so weak that she could not leave her room. The result was remarkable. There was soon a marked improvement, and by the time two boxes were used Miss Humble appeared to be so much recovered that the treatment was discontinued. But it later became evident that the patient had not been fully restored for after a few months there was a return of the trouble. Miss Humble was sent on a visit to some friends in the United States in the hope that a change of air would prove beneficial, but she returned to her home worse than when she went away. Her mother was determined to give Dr. Williams' Pink Pills a further trial, and the result proved most gratifying, as the girl's health has been completely restored, and she is to-day as well and strong as any girl of her age. Mrs. Humble told the story of her daughter's illness and recovery with an impressiveness that carried conviction of its absolute truthfulness. Miss Humble also corroborated her mother's statements, and they can be vouched for by many of her friends in the church, the Sunday school and others.

Dr. Williams' Pink Pills are an unfailing cure for all troubles resulting from poverty of the blood or shattered nerves, and when given a fair trial they never fail in cases like the above related. Sold by all dealers or sent postpaid at 50 cents a box, or 6 boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y. A BOON TO HORSEMEN.—One bottle of English Spavin Liniment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or caloused lumps, blood spavin, splints, curbs, swellings, stifles and sprains.

A remarkable case of rapid growth has recently been investigated by the French Academie des Sciences. A boy at the age of five began to grow a beard and to change his voice; he seemed a man of 30. At six years old he was five feet six and strong enough to lift and carry on his back bags of grain weighing 200 pounds. At eight his hair and beard turned gray, at ten his teeth fell out and his hands and legs became palsied, and at twelve he died.

The British house of Lords was recently occupied with a somewhat curious appeal. It was whether the owner of an adjoining estate had power, without consent of his neighboring proprietor, to cut down such branches as overhung his property. The judges in the lower court could not agree, and on the case being taken to the court of appeals, it was thought the man whose property the trees overhung had a right to abate the nuisance. This view was also taken by the house of lords.
