RICHIBUCTO, N. B., JAN. 31, 1895

AN ELECTION PROBABLE.

Is there to be a general election before another session of parliament? This question has been for some time agitating the politicians, but as yet the government has not taken the public into its confidence in the matter.

MEMRAMCOOK, Jan. 28.—Acadia is mourning. "Father Lefebvre is no more." The president of St. Joseph's College died this morning of paralysis of the heart.

MAINE RIVER NOTES. Rev. Mr. Murray conducted service in the school-house on Thursday evening, 24th inst., and the full house was a good evidence of the way in which his sermons are appreciated.

BEYOND DISPUTE. There is no better, safer or more pleasant cough remedy made than Hagyard's Pectoral Balsam. It cures Hoarseness, Sore Throat, Coughs, Colds, Bronchitis, and all throat and lung troubles.

NEW MILLS. Rev. W. McNichol, of Londonderry, a native of this place, has received and accepted a call from the congregation of Hopewell, N. S. His induction will take place on the 14th Feb.

NO EQUAL TO IT. As a cure for Frost Bites, Chills, Burns and Scalds, Chafing, Chapped Hands, Inflamed Breasts, Sprains, Wounds Bruises, Hagyard's Yellow Oil is the most reliable remedy on the market.

people but it is said he has decided to retire from the contest and await the next provincial election. Mr. Johnson, who is also credited with a desire to represent the constituency at Ottawa, declares that he will not be in the field unless chosen by a convention. It is pretty certain, however, that the election will not be allowed to go by default and a keen contest may be expected.

Letter of Condolence.

At a regular meeting of Caledonia Division No. 126, S. of T., the undersigned committee were appointed to write a letter of condolence to the relatives of the late Geo. Stephens.

It was also resolved that a copy of the same be published in the local papers.

We therefore in behalf of Caledonia Division extend to you our heartfelt sympathy in this your sad bereavement. You have lost a kind and loving brother, one who felt a delight in making those dependent upon him comfortable and happy.

R. H. JASSAMIN, HUGH KIRKPATRICK, THOMAS MCKENZIE, Com.

Douglstown, Jan. 14, 1895. Mr. Stephens was an uncle of Mrs. H. M. Ferguson, Kingston, and has other relatives in Kent County.

Death of the Rev. C. Lefebvre, President of St. Joseph's College.

MEMRAMCOOK, Jan. 28.—Acadia is mourning. "Father Lefebvre is no more." The president of St. Joseph's College died this morning of paralysis of the heart.

The decease of no other ecclesiastic in the Maritime Provinces perhaps would cause so much genuine grief among so large a circle of mourners as will be evoked by the tidings given above. Father Lefebvre during the three decades of his presidency of St. Joseph's College has had training of the great majority of the Catholic priests of the diocese and of hundreds of business and professional men in New Brunswick, Nova Scotia and P. E. I., and was regarded by all his students as a real father.

Born at St. Phillippe, Quebec, Feb. 14 1831, he came to New Brunswick in 1864. He opened on Oct. 10th of that year St. Joseph's College, and has presided over the institution continuously since then. The deceased priest was remarkable as a pulpit orator. He received some years ago the title of Apostolic missionary and had D. D. conferred upon him last June by Laval University.

The funeral service will be held at 10 a. m. on Thursday, the 31st inst., and the Fathers of Holy Cross extend an invitation to the clergy of this and the neighboring dioceses to attend thereat.

Main River Notes.

Rev. Mr. Murray conducted service in the school-house on Thursday evening, 24th inst., and the full house was a good evidence of the way in which his sermons are appreciated.

The distance being great, and the roads very bad between the school and the school "marm's" boarding house, Billy S. and his black charger are very essential requisites about closing time.

Miss Weston of Jardineville, spent last week with her aunt, Miss McKay.

Miss Warman of Moulies River, spent Friday with her sister, Mrs. W. W. Graham.

The many friends of Mr. James A. Clare, especially in Moulies River, will be sorry to hear of his continued illness, the result, we fear, of his many long walks a few weeks ago. We hope the fair enchantress may prove as faithful as fascinating.

If Webster lived in Main River, at the present time, we might possibly have a new definition of the word wing. Now, however, it is quite an enigmatical term.

Many of the fashionable "Winter resorts" in this vicinity are closed altogether, owing to the scarcity of the main attraction, the smelt, also to necessity of attending to the provision of fuel for home fires. Still we may see our worthy postmaster wending his way riverward occasionally, to see what is "doing," and to cheer the drooping spirits of at least one proprietor with the promise of continued patronage and good fellowship.

MOHAWK.

As a cure for Frost Bites, Chills, Burns and Scalds, Chafing, Chapped Hands, Inflamed Breasts, Sprains, Wounds Bruises, Hagyard's Yellow Oil is the most reliable remedy on the market.

Kouchibouguac Notes.

The weather here of late, has been very cold but is now moderating.

One of the chief events of the season was the marriage of Mr. John Zin and Miss Daigle, of Point Sapin, by the Rev. Fr. Patteneau. The bride and bridesmaid were attired in becoming grey suits, charmingly decorated with pink ribbon. Mr. Zin is congratulated on his choice. It is to be regretted that there were no old shoes on hand to be thrown after them, but the youths of the village wished them joy in the form of a serenade.

Mr. John Flanagan, of St. Margarets, spent last Sunday in Kouchibouguac, the guest of Mrs. Grogan and other intended relatives.

Miss Lizzie Grogan who has been spending her vacation at home, will take charge of a school in the near future.

Our teacher, Miss Fraser, left for Kingston, Friday, where she will remain a week. During her absence her sister fills her position.

Mr. Lawrence Rainsborough spent Sunday with his parents at St. Margarets.

Mr. Benjamin Williams, late of Memramcook College, intends giving music lessons, chiefly sacred music, to some of our young ladies.

Miss Dollie Hackett has returned from a pleasant visit to St. Margarets.

Mr. Wm. Ryan has returned from a visit to Chatham, to the delight of the girls, in particular to the teacher.

It is reported that Kate and Willie B. are about to join hearts and hands. He is the object of much envy owing to the farm and stock which we understand is already bequeathed to the intended bride.

Mr. Jas. Hill has been absent about two months. It is to be hoped that some attraction in Buctouche may tempt him to remain, as he left no aching heart behind.

Joseph will probably visit Bay du Vin, as the roads are now inviting that long-intended visit.

I sincerely sympathize with little Hughie as he is too down-hearted of late to appear in this vicinity, and why is it, I wonder? Oh my! Just think! His fascinating young lady has gone to Chatham. Have patience my friend, she is not gone forever. Do not think she is the ship that "never came back."

"There is a light in the window for you, Paddy Shea," but not an electric one.

TA-RA-BOOM-DE-AY.

We are glad to see the cold weather, as the bay was almost impassable, so bad was the slush; and besides it was none too safe.

Six teams came from Chatham last week for loads of frozen fish from W. S. Loggie's factory, and it was with the utmost difficulty that they got across the bay.

Mr. Como hauled 10 tons of hay a distance of 3 miles in 2 days. Mr. C. challenges any horse in Kent County for a haul.

Gustave Como, son of Mr. J. Como, is home from the woods with erysipelas in his arm. He is recovering rapidly under the very skilful treatment of Mrs. Fidele Robichaud.

Two farmers engaged in a pugilistic encounter the other day over a horse. Marquis of Queensbury rules. Both men are scienced, and it is thought that had the police not interfered both men would have been glad to quit of their own accord. As one of the combatants was cross-eyed and "didn't hit where he looked" he possessed a decided advantage over his opponent.

One fisherman caught 1500 lbs of smelts in one tide the other day.

Joseph Doucett has caught a fine lot of furs this winter. He says he is only finding out how to trap them.

George Kelly's horse got through the ice the other day and but for the timely arrival of some men, he would have lost him.

Johnny Gallant saw a black fox the other day, and he says he will get it or die in the effort.

Michael Kelly caught a 7 lb salmon and a 12 lb bass in his smelt net the other day.

Beyond Dispute.

There is no better, safer or more pleasant cough remedy made than Hagyard's Pectoral Balsam. It cures Hoarseness, Sore Throat, Coughs, Colds, Bronchitis, and all throat and lung troubles.

New Mills.

Rev. W. McNichol, of Londonderry, a native of this place, has received and accepted a call from the congregation of Hopewell, N. S. His induction will take place on the 14th Feb.

Mr. R. McAlister died on the 26th inst., at the advanced age of 92. He emigrated from the Island of Arran, Scotland, upwards of 60 years ago, and was one of the first pioneers of the country.

The smelt fishing has been abandoned here as they were not caught in sufficient quantities to pay expenses. Between Dalhousie and Campbellton the fishing has been good on both sides of the Bay.

Upwards of sixteen inches of snow has fallen during the last few days. There is now four feet of snow in the woods.

Children Cry for Pitcher's Castoria.

Kingston.

There is considerable sickness here at present. Mrs. James Donaher is very poorly; Mrs. Barry, who has been sick, is recovering; Mr. Joseph Chamberlain, who has been confined to his house with bright's disease for some time, is not expected to recover; Mrs. Thomas Burns is recovering very slowly.

Mr. Edward Walker, of Bass River, was here on Friday.

Mrs. H. M. Ferguson went to Douglstown on Friday.

Mr. Mersereau is being well patronized. Some few of his customers have received their pictures and are very highly pleased with them. He has taken some private residences, the Royal Hotel and the new Public Hall. He will take views of other public buildings, photos of which will no doubt meet with a ready sale.

Mr. Richard Warman and his son H. H. Warman, of Molus River, were here on Monday.

Mr. Geo. Wilson and Miss Ella McAlmon drove through to Moncton Friday. Perhaps a charivari would be in order on their return.

Mr. A. McInnis, of St. John, was here this week.

Mr. Wm. Roach and his son Wm. of Douglstown, formerly of Main River, were visiting friends here this week.

Mr. Robt. McLellan is suffering from a badly sprained ankle.

Mr. Lade, a blind man from Nova Scotia, delivered a Gospel Temperance lecture in the Presbyterian church to a large and appreciative audience on Friday evening.

Rev. Wm Hamilton is attending the Presbytery which meets in Chatham this week.

Mrs. Thos. G. Wheten, of Waltham, Mass., is visiting old acquaintances in this locality.

Mr. Frank Curran, of Moncton, was here this week.

One of our enterprising young blacksmiths is just recovering from a severe shock which he received the other night. He was returning from escorting a young lady home who lives at Jardine's yard, when on his return, what should he meet but something dressed in white. Some people call them ghosts, but Jack says he don't believe in ghosts, but says it was one all right. At first sight it made his hair stand on end and he was so badly frightened that he yelled for help, but no help came—only the ghost. He says the ghost kept ahead of him and the faster he walked the faster the ghost walked, so he started on the run and the ghost started on the run, and just before it came to Mr. Eddy's it disappeared. Jack says next time he sees his girl home he will carry a fence post to protect himself.

Mr. Geo. Wilson and Miss McAlmon arrived home from Moncton Tuesday evening, having had a very enjoyable drive still unfettered.

GENERAL NEWS.

LONDON, Jan. 25.—A despatch to the Times from Tien Tsin says that the Chinese met the head advance guard of the Japanese army near Yung Chang bay, on Thursday, and repulsed them. Some of the Japs were killed. It is believed that the Japanese will bring a larger force before making another attack. A Pekin despatch to the Times states that Wang Wen Strao, ex-viceroy of Yunnan, has been appointed to assist Li Hung Chang in the superintendence of trade, thus further curtailing Chang's functions.

Three Norwegian delegates of high repute are being sent to the Kootenay district of British Columbia, to inspect the country with a view of a large Norwegian emigration.

A serious strike of street railway employee is in progress in Brooklyn, N. Y. Troops have been called upon to preserve the peace. Several conflicts have taken place in which persons have been injured and killed.

The mortality in the recent earthquake in Kuchan, Persia, was very great. Some 800 persons were entombed in a mosque and 600 persons in various baths, and many were burned to death. The survivors suffered terribly from cold and want, neither food nor water being obtainable for three days. Not a single building in the city is standing.

LONDON, Jan. 23.—A Scotch missionary named Young, writing from Tien Tsin mentions the fact that the Red Cross society's steamer went to Port Arthur after the capture of that place by the Japanese in November last, with surgeons and others, including the American consul intending to bring a thousand Chinese wounded from Port Arthur to Tien Tsin, but Mr. Young adds, the Japanese commanding general, after two days' delay, refused to allow the wounded to be removed, declaring that they would be treated in the Japanese hospitals. The Japanese commander also ordered the Red Cross society steamer to leave Port Arthur. Finally, Mr. Young says, that they learned before leaving Port Arthur that the Chinese, previous to the fighting which resulted in the capture of the place, burst into the hospital, killed all their own wounded and skinned the doctor alive.

IT'S ELECTRIC ENERGY VERLASTINGLY RADICATES Inflammation without Irritation

Every Mother should have it in the house. It acts promptly. It is always ready for use; it is the best; it is the oldest; it is unlike any other; it is superior to all others; it is used and recommended by physicians everywhere; it has stood upon its own intrinsic merit and excellence while generation after generation have used it with entire satisfaction and handed down the knowledge of its worth to their children as a valuable inheritance. Could a remedy have existed for eighty years except that it possesses great merit for family use?

GREAT--MARK--DOWN--SALE
