

**Figs and Chistles.**

(From Run Horn.)

Love has to die to prove that it has lived.

Much doing is not so important as well doing.

The furnace and the gold are good friends.

The sin we spare is sure to become our master.

The closet of prayer ought to be carpeted with praise.

It never becomes entirely dark to those who look up.

The religion that costs nothing is worth just that much.

The man who does not look ahead soon has to fall back.

The first thing man needed in this world was Christ.

Nothing but constant trust in God can give us perfect rest.

The devil is generally close by when the preacher trades horses.

It is not the last drink that makes the drunkard, but the first.

The important thing is not how long we are going to live, but how.

When you go to church to pray for a revival, don't do it on a back seat.

The devil's principal work is to make wrong people think they are right.

God never sends danger to any man to whom he has not first given courage.

The religion of some people makes you wonder if they were baptized in ice water.

When starting for Zion don't stop to take a parting drink or you may lose your ticket.

When you want a fresh blessing, get on your knees and thank God for the last one.

If some people couldn't find anything to hide behind, they would be always on the run.

There are only a few hypocrites in the church compared to the number outside of it.

The devil is willing to stand by the preacher when he can take a hand in the music.

If the churches were kept open as much as the saloons, the devil would soon be on the run.

The devil likes to see a man join the church who expects to do all his work with his mouth.

There is no wisdom in having a man to watch a bank who believes stealing chickens is right.

Turn the devil out of the church at one door, and he will put on a different coat and go in at another.

The Christian should never go where it would throw a damper over things to mention the name of Christ.

It is a great deal easier for some people to pray for the preacher than it is to do their part toward his support.

The devil is not wasting any ammunition on the man who is stepping over little duties looking for something big to do for Christ.

The man who thinks the world owes him a living finds it hard now-a-days to collect the debt.

An infidel is a man who builds a house without windows, and then blames God because he has to live in the dark.

**Main River.**

Smelt fishing thus far has not proved a bonanza to those engaged in it. During the late thaw the fishermen had to take up their nets, but they have since replaced them.

Miss Maggie Graham is home from Mount Allison Academy spending her vacation with her parents.

George tells us he is not coming home for Xmas but says he is contented to stay in Kouchibouguac.

The recent thaw, followed by the cold weather has made the river in prime condition for skating, which is being thoroughly enjoyed by a large number of our young people.

Mr. Alfred Ward spent Christmas with his parents here.

Misses Mary and Janet Graham attended the supper in Kingston on Thursday of last week.

School closed on Friday last, and our teacher, Miss Buckley, left for her home on Saturday to spend a well earned vacation.

**Mill Creek.**

DEC. 28.—The lumbermen have a large quantity of lumber on the yards and are anxiously waiting for snow to draw it to the mills.

A social dance was held at Mr. Angus Cameron's on Xmas eve. A large number of guests were present, including Mr. Dan McDonald of East Branch and Mr. John Walker and wife of Shediac, Mr. and Miss McIntyre of Little Bactouche.

Prof. Morrison and McIntyre discoursed very fine music on the violin and were accompanied on the organ by Mr. Landry.

Miss Tenie Cameron acted as hostess, and altogether a very enjoyable time was spent.

The young folks tripped the light fantastic toe until morning. The lady in brocade silk trimmed with white lace was the belle of the ball.

Mr. Charley Seeley of Boston, Mass., and his sister Mrs. John Smith, of Buctouche, is visiting here, the guests of Mr. and Mrs. Alex. McAulder.

Why did Jack and Daniel leave the ball so early? Did they get left?

The congregation will welcome most cordially all who come. Sunday School workers will be expected as far as possible to allow no ordinary cause to prevent their attending.

Will you talk this convention up? Speak a good word for it. Pray for it.

Both pastor and people hope this will be one of the best gatherings ever held in Kent County.

Will Sunday School workers kindly drop me a card some time beforehand giving me notice of their intention of being present.

Trusting and praying that many will accept this invitation, I remain

Yours most respectfully,

W. F. MURRAY.

County Secretary.

**Restigouche Notes.**

The wind blew a hurricane up the Bay on Thursday last with a heavy fall of snow. The roads were blocked and the trains were delayed for many hours.

It being spring tides at the time the gale assisted in raising the tide higher than it has been for many years. The fishermen hastened to get their nets and shanties ashore as quickly as possible as the ice was in danger of being broken up as it was a fortnight before (when many nets and shanties were lost.) Three horses were lost in the attempt. Several of the fishermen had a narrow escape of being drowned.

The shingle mill at the foot of Sugar Loaf Mountain, belonging to Mr. A. E. Alexander, Campbellton, was destroyed by fire a few days ago. No insurance. Mr. A. intends to rebuild immediately.

The Rev. Mr. McNichol and family of Londonderry, have spent their Xmas holidays with their relatives and friends in New Mills. The congregation of Hopeville have got up a call in favor of Mr. McNichol, which will be presented to him at the next meeting of Truro Presbytery, to which he belongs.

A January thaw is always more productive of colds and coughs than a January freeze. Then is the time Ayer's Cherry Pectoral is needed and proves so extremely efficacious. Ask your druggist for it, and also for Ayer's Almanac, which is free to all.

**Johnny's Completed Smiles.**

"Next boy," exclaimed the teacher. "Can you give me a smile for the word 'maiden'?"

"Yes'm," responded Johnny Summers. "A maiden is like cider."

"Very good, Johnny. You see, boys," explained the teacher, who is a lady of uncertain age and irascible disposition. "Johnny means that a maiden is sweet."

"Yes," broke in Johnny, "and grows sour with old age."

Facial neuralgia is promptly relieved by a free application of Dr. Manning's German remedy, the universal pain cure.

To meet no more on earth. Sister, farewell!

Yet, in the centre of thy brother's heart A thought of thee will ever fondly dwell. The hope still cherished in my breast shall be

To gain a place in Heaven, there to meet thee.

Dr. Shields, an eminent physician of Tennessee, says: "I regard Ayer's Sarsaparilla as the best blood-medicine on earth, and I know many wonderful cures effected by its use." Physicians all over the land have made similar statements.

When it was announced the other day that the ice on the Aroostook would 'bear,' one of the first skaters out was George Ross, of Caribou, aged 70. He hadn't had his skates on in forty years.

Dyspepsia seldom causes death but permits its victims to live on in misery. Hood's Sarsaparilla cures dyspepsia and all stomach troubles.
