

Miss Alice Hennessy arrived in town from Boston this morning to visit her brother who is ill at the Queen Hotel.— Transcript.

The many friends of Mrs. Wm. White will be pleased to hear she is on the road to recovery from a severe attack of acute bronchitis. Mrs. White has been seriously ill for the past fortnight.

Mr. Hiram Thompson has been confined to his home for the past four weeks with muscular rheumatism, but is now slightly improved.

We are pleased to note that Mr. John Cochran is recovering from his recent illness.

R. Hutchinson, Q. C., revising barrister, has recovered sufficiently from his late illness to be able to resume his duties.

Mr. G. A. Warman, secretary of the Kent Dairy Co., was in town last week.

Mr. James Murray, our genial fellow townsman was confined to the house last week through illness.

Kingston.

Old Winter has been showing his teeth during the last week for the first time this season. It would seem that he had derived renewed vigor from his long period of inaction, and seems disposed to show his authority in anything but a pleasant manner. One big storm follows close upon the heels of another, until there is scarcely room for all the snow. The captain, mate, and even the boatswain of the bye-roads, have to use all their tact to keep their refractory crew from breaking into open mutiny. There is no weather prophet of any reliability, for he to whom all looked for advice is gone to Kouchibouguac, and a great big blizzard is allowed to swoop down upon us without a word of warning. Verily, the people of Kingston are not at all loath for something to grumble at, and this fact ought to compensate them for the small trouble of breaking the road: six or seven times a week.

There is much sickness here and in the country districts. The doctors have more than they can do to attend all their patients. Dr. Olloqui is confined to his home with sickness, caused, of course, by exposure in his many long tedious drives over the bad roads. Drs. Doherty and Ferguson are not "played out," but they have to go through an amount of hard work that is very trying. Imagine a twenty mile drive when a horse can do no more than walk, and sometimes fences have to be taken down, and the doctor is compelled to find his way as best he can; places even are reached where it is impossible for any horse to get through, and then the doctor has to make an effort to reach his destination on foot, hampered as he usually is with heavy clothing, and the indispensable medicine box, it would be no wonder if he should succumb to fatigue. People ought to make every effort to keep the roads broken, for nobody knows how soon the doctor will have to be sent for for himself or some of his family.

Robert Hutchinson, Esq., has been confined to his house with a severe cold, the effect of his long cold drives through the different parishes of the county where he has been holding his revising courts.

Captain Sutton is laid up with a very severe attack of rheumatism. Dr. Ferguson is in attendance.

Mrs. Richard Elward who has been very sick is improving slightly.

Mrs. Thomas Scott, of Jardineville, is not expected to recover.

Mrs. Donaher and Mrs. Barry are getting better.

Last Friday night another attempt was made to break into Bowser's store. A pane had been broken in one of the rear windows, but the shutter on the inside stopped their further ingress. Tracks were seen around the store the following morning. It is a pity that such things happen for suspicion must rest on some one and it is apt often to rest on some innocent person.

Mr. and Mrs. P. J. O'Malley, of Chatham, are visiting Miss McEwen, of Black River.

Messrs. S. K. Foster, of Montreal; R. J. Hurst, Woodstock; J. B. LeBlanc, St. John; E. W. B. Scovil, St. John; Louis Commo, St. John.

Mr. O. Smith left on Friday for St. John.

Mr. J. Y. Mersereau left on Wednesday for Chatham. He will return next week and spend a short time in Richibucto, when an opportunity will be afforded to get photos taken.

Coun. McAlmon has purchased the schooner Eddie of Souris, P. E. I. The vessel is 65 tons register and will make a good addition to our coasting fleet.

The last week has proven that a pair of snowshoes are ahead of a horse, or even a railroad train as a means of locomotion.

Mr. David Manderson, of Chatham, is visiting Miss McEwen, Black River.

Messrs. Harry King, Halifax, P. J. Bornstrel, Niagara Falls, Ernest Ross, Quebec, and V. E. Gowland, St. John, were at the Royal this week.

COULD HARDLY WALK ON ACCOUNT OF RHEUMATISM P. H. FORD -OF- Quachita City, La., After TWO YEARS Suffering IS CURED -BY- THE USE OF Ayer's Sarsaparilla

"For fully two years, I suffered from rheumatism, and was frequently in such a condition that I could hardly walk. I spent some time in Hot Springs, Ark., and the treatment helped me for the time being; but soon the complaint returned and I was as badly afflicted as ever. Ayer's Sarsaparilla being recommended, I resolved to try it, and, after using six bottles, I was completely cured."—P. H. Ford, Quachita City, La.

Ayer's Only Sarsaparilla Admitted AT THE WORLD'S FAIR

—St. Valentine's Day. —Snowshoeing is now in order. —The Manitoba Legislature meets to-day.

—Dr. R. P. Doherty, dentist, will not visit Kent County this month.

—Plenty of fresh sausages at W. W. Short's now, also finnan haddie.

—The rose is red, and the violets blue, and so is the man whose note is due.

—Mr. and Mrs. P. Gallagher, of the Commercial hotel, Moncton, will celebrate their silver wedding on the 25th, instant.

—Mr. K. B. Forbes draws attention in his new advertisement this week, to the celebrated Skoda Remedies of which he has a full line on hand.

—At a meeting of the board of School Trustees held Monday last, Mr. Robert Beers was appointed secretary vice Mr. James McDougall, resigned.

—Oh, what a fickle, changin' thing This winter weather is! It blew, an' snow, an' then it thaw, And now, by jing, it's friz.

—Roadmasters Barnett and Bell were busy men last week. But, aided by a large army of citizens, it was astonishing the way they annihilated the big drifts.

—"Times are getting better," remarked the merchant. "Somewhat," replied the disconsolate citizen. "Everything is going up." "Yes, everything except the new post office."

—We draw attention to W. W. Short's advertisement in this issue (on page 7.) Mr. Short believes in advertising and takes advantage of the large circulation of THE REVIEW to reach the homes of the people.

—Just think of the fine nerve of a New York book agent, with Dr. Parkhurst's book for sale, calling on Police Commissioner Sheehan and Inspector Williams to ask them if they wouldn't subscribe for a copy just to help a poor girl along.

—Miss Stewart, daughter of Dr. Stewart, Sackville, arrived in town on Friday, and delivered a lecture in the Methodist Church on Tuesday evening before a large audience, under the auspices of the Women's Missionary Society of the Methodist Church.

—Society and the courts cannot agree upon one subject. It has been decided by Mr. Justice Robertson that "damn" is a mere adjective, and cannot properly be looked upon as a naughty cuss word. In this opinion the bench must stand alone. Polite society has no need for such an expression when it can adequately relieve its feelings by saying "fiddlesticks."—Toronto Mail.

—Mr. R. W. Abercromby, of Shediac, is dead. Deceased was born near Glasgow Scotland. He was for a number of years in connection with the commissary department of the army and resided in the British West Indies. From thence he moved to St. John where he did a general grocery business. Of late years he has been doing business in Shediac. He has been in poor health for four years, having never recovered from an attack of la grippe.

—Last week contained some genuine old-fashioned winter weather, more real winter being crowded into the six days ending Sunday than we experienced altogether during the two months previous. Three big snow storms in six days, accompanied by high winds which piled the snow up in huge drifts everywhere, completely blocking the roads. Owing to the indefatigable exertions of the Kent Northern Railway management only three trips were missed on that road.

—An Illinois newspaper recently sued forty-three men who did not pay their subscription. It got judgments against each of them. Of the forty-three men some twenty-eight then swore that they owned no more than the law exempts from judgments. They were thereupon arrested for petit larceny and bound over in the sum of \$300 each. All but six gave bonds. The postal laws make the taking of a paper out of a post-office with refusal to pay for it, petit larceny.—Brooklyn Eagle.

—The dancing party in the Masonic hall last Thursday evening was a most pleasant affair and a decided success socially. Judging from the merriment which echoed through the hall and the pleasures indulged in, a jolly time was spent. The dancing was kept up with much vigor to the sweet strains emanating from Mr. John Fitzpatrick's violin, the organ accompaniments of Mr. B. Johnson and Mr. Fred Phinney lending an additional charm. The ladies were prettily dressed and looked exceedingly nice. Hot coffee and refreshments, supplied by the ladies present, were passed around about twelve o'clock. This pleasant party broke up at one o'clock to meet again in two weeks. Amongst those present were Mr. and Mrs. A. C. Storer, Mr. and Mrs. Arthur O'Leary, Mr. and Mrs. Basil Johnson, Mr. and Mrs. John D. McMinn, Mr. and Mrs. Fred Ferguson, Miss McMinn, and Miss Phinney, Miss Hudson, the Misses Grierson, Miss McFarlane, the Misses Ferguson, Miss Sayre, Miss Irving, and Messrs. R. Phinney, W. Brown, W. D. Carter, G. Irving, F. Phinney, D. Grierson, G. Atkinson, W. Lawrence, J. Robinson (Newcastle).
