

FARMERS AND DAIRYMEN'S ASSOCIATION. The annual meeting of the Farmers and Dairymen's Association of New Brunswick for 1895, will take place at Fredericton on Tuesday next, 5th March.

LEAR ACQUITTED.—Percy Lear was tried in the Halifax County Court on Thursday on the charge of perjury, preferred by Frank Carter, of St. John, and was honorably acquitted.

FIRE AT HARCOURT.—The two story wooden building used as a school house in District No. 5, parish of Harcourt, was totally destroyed by fire Saturday afternoon. The desks and furniture in the lower flat were saved. Everything was burned in the upper flat. It is said there is an insurance of \$500 on the building but nothing on the contents.

ANOTHER VICTIM.—Jerry Murphy, who had both legs cut off while lying on the I. C. R. track at Jacquet River Thursday night, died Friday of his injuries at the hospital in Campbellton. Deceased was a married man about 33 years of age and leaves a wife and four small children. A bottle of whiskey found in the unfortunate man's pocket told the sad story plainer than words.

A RICHIBUCTO MAN'S DEATH.—The Evening News, Waltham, Mass., February 18th, contained the following:

John G. Myshrahl, who was for a long time a resident of this city, died at Haverhill last Wednesday. The deceased was employed for twenty years in the Bleachery as a painter where he had a host of friends. He leaves a wife and family.

Mr. Myshrahl was a native of Richibucto and removed to Waltham a number of years ago. He was one of the first subscribers THE REVIEW obtained in the United States. Deceased was 55 years of age and leaves a wife and six children.

DROWNING ACCIDENT.—A sad drowning accident occurred at Kouchibouguac, on Thursday last, the victim being little Harry Allan, son of Michael Allan. It seems the little fellow, who was only ten years of age, was engaged in watering some stock at his aunt's (Mrs. P. Harrington's) with whom he has been living since his mother's death, which occurred shortly after his birth. In drawing the water, he slipped and fell headlong into the spring, the approach to which was very much iced up. When discovered he had been about an hour in the water. Coroner Clifford Atkinson was notified promptly but considered an inquest unnecessary.

When baby was sick, we gave her Castoria. When she was a child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had children, she gave them Castoria.

The Armenian Outrages. CONSTANTINOPLE, Feb. 20.—The latest intelligence received here from Moosh, of the proceedings of the commission that is enquiring into the outrages complained of by the Armenians, has made a deep impression upon the Turkish officials here. Witnesses who were recently examined gave evidence generally reflecting upon the officials of the government in Armenia. Five of the witnesses testified that they were witnesses to the massacre of children.

AYER'S THE ONLY Sarsaparilla ADMITTED

READ RULE XV. "Articles that are in any way dangerous or offensive, also patent medicines, nostrums, and empirical preparations, whose ingredients are concealed, will not be admitted to the Exposition."

Why was Ayer's Sarsaparilla admitted? Because it is not a patent medicine, not a nostrum, nor a secret preparation, not dangerous, not an experiment, and because it is all that a family medicine should be.

Jardine received a telegram last week confirming the worst fears entertained for the safety of the boat's crew of the bark Valona, which had been missing for some days, as reported in our last issue.
