COULD HARDLY WALK ON ACCOUNT OF RHEUMATISM

P. H. FORD -OF- Quachita City, La., After TWO YEARS Suffering IS CURED -BY- THE USE OF Ayer's Sarsaparilla

"For fully two years, I suffered from rheumatism, and was frequently in such a condition that I could hardly walk. I spent some time in Hot Springs, Ark., and the treatment helped me for the time being; but soon the complaint returned and I was as badly afflicted as ever. Ayer's Sarsaparilla being recommended, I resolved to try it, and, after using six bottles, I was completely cured." -P. H. FORD, Quachita City, La.

-Dr. Buchanan was electrocuted in Sing Sing prison, New York, on Monday. Dr. Buchanan poisoned his wife in March, 1892, and has been in the clutches of the law for nearly three years. Three times was he sentenced to death. Interest attaches to his fate from the fact that while he was born in Scotland he grew up and was educated in Halifax, and there married his first wife.

-Emery Belyea, caretaker and gate-man at the Cantilever Bridge St. John was killed by falling from the bridge while on his way home with goods which he purchased in Fairville. The tide was out at the time the unfortunate man fell, striking on the rocks. Both legs were broken and the skull was smashed in. Death was instantaneous. It is supposed he had been seized with a fit.

-We have received a sample copy of the "Co-operative Farmer and Maritime Dairyman," a semi monthly paper, devoted, as its name implies to the farming and dairy interests. It will be issued regularly after the 1st of October next, at Sussex. R. D. Robinson is the publisher and W. W. Hubbard, the editor. The sample is a good one and the enterprise should receive the hearty support of the agriculturists of the maritime provinces.

-We trust our delinquent subscribers will not imagine, from the fact that we have said little to them for the last week or two, we have forgotten them. Not at all, we still keep them in mind. What surprises, not a little, is why those well able to pay at any time will allow their subscriptions to remain unpaid for several years. Now, do they treat their grocer, tailor or blacksmith in the same manner? If they do they commit a great injustice! If they do not why do they make the distinction? Do they imagine we can obtain our supplies and get work done for nothing, and carry on business just for the fun of the thing? Now friends, we trust you will give this a passing thought. If you do we feel sure you will remit.

Kent's Only Lady B. A.

Miss Margaret W. Coates of Kent Co. N. B. graduated from Acadia University with honors, receiving the degree of Bachelor in Arts on June 6th. Throughout her entire course she possessed an excellent record-one of Acadia's best.

Clever, ambitious and a hard student examinations were regarded as pleasures rather than dreaded. Not content with the amount of studies prescribed in the course she pursued each year an additional course in Modern Languages.

On several occasions during the past five years she has, with pleasing delivery and grace, delivered orations in the Assembly Hall but her crowning success along this line was at her graduating exercises, in the "Prophecy"-an admirable production, witty, clever, highly imaginative and brilliant. It was the cause of extremely complimentary encomiums from many competent judges present in the large audience.

Nor has Miss Coates been admired for her intellectual qualities alone. In social circles her unassuming manner, vivacity, wit, entertaining powers, with that ever present quiet dignity rendered her an universal favorite; secured the respect and admiration of her class-mates and highest esteem of her Professors.

The "Orchardist's" statement of her intention to go to Europe in the fall and continue her studies has been contradicted as she plans to teach before taking a further course.

A successful future appears to attend Miss Coates and it is only to be regretted that New Brunswick and not Nova Scotia claims her as its daughter.-Com.
