BROUGHT HOME FOR BURIAL.—The re-
mains of Mrs. Henry Daigle of St. Charles
were brought home from Boston on
Saturday last for interment by her hus-
band and son. Mr. Daigle was formerly
postmaster at St. Charles.

The remains of Tomo Joe, a well known
Indian, who died in Miramichi last week,
were brought to his home in Big Cove on
Saturday last for burial.

A GROWING BUSINESS.—A call at the
brass works of W. H. Stirling, Walker's
wharf, St. John, will convince anyone that
the Niagara injector must be meeting
with general favor among steam users
throughout Canada. Mr. Stirling has a
large number of very valuable testimonials
from steam users, among which are a
number of the largest machinery and
boiler making establishments in Canada.
The Niagara injector has beyond doubt
a saving in fuel alone of about 33 per
cent over any other injector. He is mak-
ing large shipments to western cities as
well as the maritime provinces.

CONTRACT NOT SIGNED.—Dr. deBertram
writing from New York under date of
May 23rd to the Sun says: "I read in
your paper that James Barnes of Buc-
touche who had the contract for the con-
struction of the Central railway from
Chipman to Newcastle is getting every-
thing in readiness for the work. As out-
side of James Barnes I have received from
different parties applications for the said
work, and as these parties to whom I have
promised to take their demands into con-
sideration and examine them, are writing
to me complaining of bad faith on my
part, I wish you to be kind enough to
contradict your statement and to inform
the public that no contract has been signed
and no contract will be signed until my
return to St. John.

DEATH OF DAVIS P. HOWE.—Mr. Davis
P. Howe, whose death is announced to-
day, was born in Tipperary county, Ire-
land, nearly seventy-six years ago. He
was a well-educated man, a graduate of
Trinity College, Dublin. Over thirty
years ago he was principal of the Gram-
mar school at Chatham, and at the same
time printed there, by the help of his
sons, the Colonial Times, a newspaper
which had quite a circulation. This pa-
per he afterwards moved to Richibucto.
He reported in the House of Assembly,
as did one of his sons after him. This
son, Palmer, died at Ottawa. Two other
sons—John and Joseph—became physi-
cians in New York. The latter died a-
bout four years ago while on his way to
England from New York. Two daugh-
ters died unmarried; of his two other
daughters one was married to Mr. W. G.
Morrison, of this city, who is now in
New York, and the other was married to
Mr. Wm. Morrison, son of Sheriff Morri-
son, of Prince Edward Island. These two
are dead. Mrs. Howe died over thirty
years ago. Wifeless and childless the old
man had survived his better days, but
kind friends here looked after him as far
as this was possible; his roving propensi-
ties, his love to talk of what he knew of
phenology, made him known far and
wide and everybody was kindly tolerant
of him. His funeral will take place to-
morrow morning, the service being at St.
Paul's church, and he will be at his own
request, interred alongside of his daugh-
ter.—Globe.

Mr. Howe's sister, Mrs. Fale, of this
town died a few weeks ago.

WARMAN-MURPHY.—At St. Mark's
church, Bass River, May 22nd, by Rev. F.
W. Murray, Mr. Gordon A. Warman of
Molus River, to Miss Aggie L. Murphy,
eldest daughter of Mr. Robert Murphy of
Bass River.

McINERNEY.—At Richibucto, May 26,
Mary, eldest daughter of George V. Mc-
Inerney, M. P., aged 10 years.

AYER'S THE ONLY Sarsaparilla

**ADMITTED
READ RULE XV.**

"Articles that are in any way dan-
gerous or of-
fensive, also
patent medi-
cines, nos-
trums, and
empirical preparations, whose
ingredients are concealed, will
not be admitted to the Expo-
sition."

Why was Ayer's Sarsaparilla ad-
mitted? Because it is not a patent medicine,
not a nostrum, nor a secret preparation,
not dangerous, not an experiment, and
because it is all that a family medicine
should be.

LONDON HOUSE RETAIL.

—Fresh salmon at S. C. Weeks.
—Splendid growing weather and farmers are happy.

—Martin Lamigan is making a fine job of the public wharf.
—Some big catches of trout are being made in Kouchibouguac.

—Some \$8,000 worth of canned lobsters have been shipped from Richibucto so far this season.

—Schooner Matilda, Capt. Haines, arrived in port Monday with a cargo of coal for Mr. Henry O'Leary.

—Lobster fishing continues good. Many of the packers have already packed more than they did all last season.

—Mr. Wm. Forster, of Galloway has sold his trotting stallion, Almost Wilkes, to a syndicate of Moncton gentlemen.

—Manager Brown will probably run a special train to Moncton to carry those wishing to hear Sousa's band on the 8th prox.

—Died—At the Kent Hotel, Monday morning, after a brief illness which she bore with felicitous fortitude, Tabby, aged two years.

—Some strikingly pretty costumes appearing this season and made in that new shade spoken of in Daniel & Robertson's advt. to-day.

—The road going north is reported to be in a very bad state. Commissioner Guimond is to be commended for his masterly inactivity.

—Dr. Bourque, our popular physician, is making extensive alterations and improvements in his lately acquired property, the Phinney house.

—The St. Mary's Cheese Manufacturing Co. began to operate on Monday, the 20th inst., with 1000 lbs. milk. They expect to have a large quantity of milk this season.

—First mate Joseph Haines and second engineer James Murray of the S. S. Victor arrived from Dalhousie by the over-land route on Sunday. Capt. Alber Long reached home Tuesday.

—Myriads of those blood-thirsty wretches, mosquitoes have arrived with their implements of torture sharper than ever apparently. Entomologists tell us that the mosquito life is a brief one—only three days. There is some consolation in that.

—A Russian swindler at Saratov has just been sent to jail for selling tickets to Jupiter to peasants, whom he induced to sell their property to emigrate there promising them free land and little work. In packing up they left the images of the saints behind, as they expected to meet their face to face in the planet.

—On the Royal Exchange at London the chimes have played the same four tunes for fifty years. They recently broke down and new chimes have been put up which will play twenty-one tunes during the week, three times a day; English, Scotch and Irish airs on week days and psalm tunes on Sundays.

—What every man who goes to a barber daily fears may happen, has happened at last in England. A schoolmaster was being shaved when the barber drew the razor across his throat, nearly cutting off his head. He missed the main arteries, however, and the victim may recover. No cause can be found for the act.

—Mr. James A. McLelland says that his horse Sir Wm. Wallace, jr., is a very fast walker. He recently walked from ex-councillor S. S. Briggs' place, Salmon River, to Graham's Corner, Harcourt, a distance of 21 miles in three hours and fifteen minutes. Mr. McLelland will travel the above horse in Kent and adjoining counties this season.

—Some men who can well afford it are too mean to subscribe for newspapers, not even taking their local paper, but bum around hotels and other places devouring with avidity the contents of papers with which they have no more right than with their neighbor's breakfast. We think the soul of such a man could disport itself in a flea's bladder, and this community has reason to feel thankful that it has but few such within its gates.

—Geo. V. McInerney, M. P., was summoned from Ottawa last week on account of the illness of his eldest daughter, a pretty child of ten years. She was supposed to be out of danger Sunday morning but was taken suddenly worse during the night, her spirit passing away about one o'clock. The family have the sympathy of the entire community in their sad bereavement. The funeral which took place Wednesday morning was largely attended. The school children marched in procession carrying flowers to the grave. Dr. J. P. McInerney came up from St. John to attend the funeral.

—The present crisis is felt by a concern in Europe whose shareholders will not be likely to meet with much sympathy throughout the world. The receipts of the famous gambling bank at Monte Carlo amounted to "only" 19,100,000 francs during the past year, 5,000,000 less than the year before. After deducting 8,000,000 francs for expenses, 11,000,000 were left for division among the shareholders, or eight per cent. per annum upon the

present value of the shares—2,127 francs. Originally they were 500 francs. They dropped from 2,300 francs when the "small" receipts of the present year became known.

—Mr. H. T. Colpitts has tendered his resignation as principal of the grammar school.

—The Heine Concert Company entertained a fair sized and appreciative audience in the temperance hall on Saturday evening. The programme commenced with a tour round the world in forty minutes by Mr. J. A. Rider, which was very interesting. Madame Ada Heine's performance on the piano was something rare as were also Miss Evelyn Maude Heine's violin solos. Miss Heine, who rendered several songs, has a very sweet voice of considerable compass. Mr. Rider's recitations were well received. The company performed in Kingston, Monday night.

Mr. Phillip Woods, proprietor of Woods' Hotel, Harcourt, visited the shiretown, Sunday, accompanied by the genial Frank, of the Commercial Hotel, Kingston.

Mr. W. J. Girvau, of Galloway, was in town Monday.

Ex-alderman James Flanagan, of Moncton and his son Anglin, visited Kent last week on a fishing excursion.

Mr. William Wheten who disposed of his household effects last week, has removed to Moncton.

Mr. John S. Phinney, Harcourt, was in town Monday.

Castoria.
"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."
Dr. G. C. Osceola,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."
Dr. J. F. KINCHLOE,
Conway, Ark.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us its look with favor upon it."
