

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Samuel Pitcher* is on every wrapper.

The Great Deceiver.
BY W. N. SHIPLEY.

Twenty years from now the boys and girls in our schools will be men and women. They will be busy in many ways, helping to carry on the work of the world. They will be traders, and merchants, and soldiers, and sailors, and teachers, and preachers, and doctors, and lawyers.

Many of them, we hope, will be good and respected, and happy and religious, on the way to heaven.

Some of them, we fear, may be bad, and despised, and miserable, and godless—ruined body and soul.

Why should this be? Why do not all grow up good? What is it that causes so many to take the downward path?

There are many causes, but one of the chief is mentioned in our lesson to-day. It is one that does fearful mischief, and yet it is regarded by so many people as a friend, that it is called The Great Deceiver.

Strong drink is one of the greatest curses that afflict the human race. Thousands of years ago Solomon said—

"I.—WINE IS A MOCKER.

It fools those that believe in it. It makes men think that they are happy, while they are really doing foolish and sinful things. After taking it they do not know what they are doing.

A man found himself in prison one morning. He could not understand how he came there. All he knew was that he had gone to the public house to drink with his friends. When the prison officer came to him he said, "Why am I here?" "You were drunk last night," was the reply. "Shall I be set free on paying a fine?" the man asked. "No," was the reply, "you are charged with murder." "What?" cried the man, "Whom have I killed?" "Your wife," was the terrible reply.

Yet that man loved his wife, and would not have harmed a hair in her head when he was sober. What a terrible mockery the pleasant drink was to him.

II.—STRONG DRINK IS RAGING.

When men take strong drink it seems to change their very nature, and turn them into different persons. It makes wise men foolish, careful men careless, and kind men cruel. It often seems as if the drink had changed men into raging wild animals.

A little boy once said, "All's right when daddy's sober." A woman appeared in court to speak in favour of her husband, who was charged with assault. "He is the kindest man in the world," she said, "when he is not in the drink."

An Easy Cure For Drunkenness.

Drunkenness, Morphine and Tobacco habit may easily be cured by the use of Hill's Double Chloride of Gold Tablets. No effort is required of the patient and stimulants may be taken as usual until voluntarily given up. Tablets may be given in tea or coffee without the patient's knowledge. A cure guaranteed in every case. For sale by all first-class druggists, or will be sent on receipt of \$1.00. For full particulars address The Ohio Chemical Works, Lima, Ohio.

Justice—"You are charged with stealing Col. Julep's chickens. Have you any witnesses?" Uncle Moses—"I heb not. I don't steal chickens befo' witnesses."

Weak

Worn out, nervous women, receive criticism where they should have sympathy. They cannot help being nervous, if their blood is impure. When the blood fails to feed the nerves upon proper nourishment what can you expect but nervous prostration, debility and nervous headaches? If the cause is found in impure blood the cure must be in making the blood pure. This is just what Hood's Sarsaparilla does, and it has proved the true nerve tonic because it is the true blood purifier, and the solace, comfort and defender of thousands of housewives,

Nervous

teachers, clerks and other sufferers of both sexes. Just read this letter:

"I think it is my duty to tell what Hood's Sarsaparilla has done for me and my family. Two years ago I was in a weak, nervous condition and had dreadful palpitations or jumping of my heart, followed by sinking spells, which would last for several minutes. Sometimes it would seem as though I would never come out of them. I was treated by the best physicians, but only for a little time did they help me. I seemed to be growing worse instead of better. I would often seem hungry, but when I ate, no matter how little, it would cause me such misery that I was often wicked enough to wish myself dead. I had that

Tired

languid, all-gone feeling and suffered awful distress in my stomach. I had given up all hopes of ever being well, when my mother wished me to try Hood's Sarsaparilla. I consented, to please her, and before I had taken the whole of one bottle I could see I was improving, and soon was indeed very much better. Its effects have been truly wonderful and I hope this letter may be the means of helping other suffering men and

Women

to try Hood's Sarsaparilla and be benefited by it. We have used Hood's Pills in our family and find them very excellent, especially for constipation. We give Hood's medicines great praise, and if anyone complains of feeling badly, I say 'you should take Hood's and only Hood's.' MRS. KITTIE SMITH, 326 Dane Street, Waterloo, Iowa. Remember that

Dixon's Point and Vicinity.

The election is over. It did not pass without a little strife raised by the Grit party. Some of the parties wanted to die but were filled with fresh hope when they heard of the Liberals getting into power. Our poor farmers will be alright now, especially those who do not put enough seed into the ground to live on, but now they expect a good harvest and a good market for their surplus.

Lobsters have been a little more plentiful than heretofore. Mr. Joseph Crossman still takes the lead.

The farmers are not all done putting in their crops yet, especially those who farm at Brookville.

Your correspondent overlooked Mr. Peter Nowlin when enumerating those who operated at that place. He has made vast improvements, having run the pond dry, he now has it all under cultivation. The mill has sunk into oblivion.

Mr. Boudreau has gone on a fishing trip.

Be Sure You Are Right

And then go ahead. If your blood is impure, your appetite failing, your nerves weak, you may be sure that Hood's Sarsaparilla is what you need. Then take no substitute. Insist upon Hood's and only Hood's. This is the medicine which has the largest sales in the world. Hood's Sarsaparilla is the One True Blood Purifier.

Hood's Pills are prompt, efficient, always reliable, easy to take, easy to operate.

"I don't know why you should have selected this particular site for a summer hotel," said a newly arrived guest to the landlord who was an old acquaintance. "It strikes me as a very warm place." "That may be," replied the landlord. "But you will find the proper temperature has been obtained. The waiters are all girls from the Boston colleges."
