

Little River News

In the last notes from this place S. A. was trying to rub hard on Mayflower, but Mayflower never was anything yet that was not fit to publish.

Wednesday morning the B. & M. train took some of our young people to Montreal, and they expect to take the Flying Yankee for Boston. The party being Miss Hattie Gesner, Bessie Biggs and Annie Dunlap and Mr. Charles C. Wallace also accompanied them. There was a few tears shed, a broken heart or two. Never mind, L. broken hearts are easily mended nowadays.

There are two new houses going up this summer. Mr. L. Wood and Mr. Miles Farrell are both getting ready to build. Mr. Farrell secured a frame last fall very cheap.

Mr. J. McIntyre had the good luck to shoot a fine big wild goose the other day (weight 10 lbs.) with the head off.

Mrs. John Campbell has been very sick, but is getting better. Mr. James Butler, who was getting to be in failing health, as he is quite an aged man, we are afraid he will not recover.

Mr. and Mrs. D. Murray, a very aged couple, are ill at their son-in-law's, Mr. R. Hyslop. There is not much hope of them recovering.

Mrs. H. McDonald is the possessor of a very handsome 1 year old Jersey heifer that she values at \$20. She secured it when a calf from Mr. Ira Hicks out of his Jersey cow.

There is quite a business making railroad fence. Nearly every man along the line is at work fencing.

Mr. George Biggs, Sr., has been lucky in securing the services of Mr. Ira Hicks to do his spring's farming.

Mr. Charles Campbell shot a wild goose one day last week at Cocagne Bar.

The river is all clear of ice and the herring will soon be here. There will be no fear of starving then, if the potatoes can be got.

The members of the Baptist church have hired Rev. Mr. Bynon for nine months longer.

Our Sunday School is well attended now, and there will be a better attendance when the roads get good.

QUEEN VICTORIA'S PHOTO

Given Away by the Manufacturers of Diamond Dyes.

The manufacturers of Diamond Dyes are sending their elegant full sized cabinet photo of Her Majesty Queen Victoria to thousands of families on this North American continent.

The happy arrangements made with the publishers of Our Home, Canada's popular monthly paper, are as follows:

"An elegant full cabinet photo (from a recent copy taken by royal command) of Her Majesty Queen Victoria; a four-page pamphlet giving dates of births, marriages and deaths, and other items of interesting and useful information relating to the royal family, that but few people have access to; six Diamond Dye Dolls with six extra dresses; and a card of forty-five samples of dyed cloth, showing colors of Diamond Dyes, sent free to every man, woman and child who will send in 25 cents in money or stamps for one year's subscription to Our Home, a paper that thousands declare to be worth a dollar."

This wonderful offer cannot last much longer, as the stock of photos is being rapidly exhausted. Hundreds of correspondents write us about the premiums, and say the photo is well worth 50 cents.

Please note: Our Home for one year, cabinet photo of the Queen, and other premiums, as promised above, all for 25 cents. Address Wells & Richardson Co., 200 Mountain Street, Montreal, P. Q.

AN INVALID SIX YEARS.

First Few Doses Gave Great Relief.

EFFECTS A CURE.

Words of a Grateful Wife and Mother.

Under recent date, Mrs. R. Armstrong, of Orillia, Ont., writes: "I have suffered for over six years with nervous prostration, weakness, indigestion and dyspepsia, and have had several doctors attending me. I have taken a number of proprietary medicines, but found very little relief from any of them. I was influenced to give South American Nerve a trial, and I must confess that it has done me more good than any other medicine I have ever taken, or medical treatment of whatever kind received. From the first few doses I found great relief. In all I have taken six bottles, and can truthfully say that South American Nerve is the one medicine that has effected a cure in my case. It would be strange if I did not cheerfully recommend it to all who have suffered as I have." Would the thousands of suffering women in all parts of this Dominion be relieved of all this trouble?—then seek South American Nerve. To the discouraged mother it will give quick relief, and return to her the much desired health and strength. Working immediately upon the nerve centres, as science has demonstrated, it cannot fail to cure. In this important respect it differs altogether from every other medicine—it is not any mere experiment to use it.

A Voice From The Branch

As Trilby and Dixie sent in a record of the news from our neighborhood last week, I have concluded to try my hand at interesting the readers of THE REVIEW for a while.

A large number of men left last week for brook-driving, and some of our young ladies are feeling very lonely. Cheer up girls, they won't be driving all summer.

Miss Sadie Holland, of Gallows Hill, has been visiting friends in this place.

The condition of the roads is so bad that travelling is next to impossible. We are glad though, that our school mairs haven't got to work.

Hughie says he is going to hustle out his logs this spring as he is going to take a life partner as soon as the summer opens up.

The St. Margaret's school under the management of Miss C. Flanagan is largely attended.

Mr. Thos. McDonald was visiting friends in Lower Bay du Vin last week.

Who was the young man who had such bad roads taking a young lady home? I think, J. you had better get your waggon out next time.

We are pleased to see Mr. Dickens at his old stand. He has gone to Bay du Vin to take charge of Mr. Rainsberry's property during the latter gentleman's absence.

Messrs. Thomas Dann and Bernard Cook are busily engaged driving lumber on Branch Brook.

Mr. Matthew Holland was to St. Louis on business last week.

Blood Poisoned

In Dreadful Condition Till Hood's Sarsaparilla Cured.

After Typhoid Fever the system is not only left in a debilitated condition, but the blood is often poisoned by the germs of disease, as in the following case:

"My case has been such a severe one and I have suffered so much that I think I ought to tell how I have been cured by only two bottles of Hood's Sarsaparilla. Four years ago I had typhoid fever—was sick about forty days—and barely pulled through with health about ruined. The effects of poisoned blood manifested themselves in dreadful ulcers. They prevented my returning to work, and for three years I was able to labor only a few days at a time. The sores discharged continuously so that I had to keep them bandaged. I had six physicians at different times, and was given temporary relief. But as soon as I began to work hard the sores would break out again as bad as ever. For weeks at a time I could not get out of the house, and for over two years I could not bear my weight on my right leg and had to walk with a cane. I began taking Hood's Sarsaparilla in February, 1894, and in two weeks noticed an improvement.

The Terrible Itching and Burning grew less venomous and fiery, and when I had taken only two bottles and used one box of Hood's Olive Ointment and two boxes of Hood's Pills, the sores had all healed, leaving only scars as a reminder of my dreadful sufferings. My general bodily health has also wonderfully improved. I had been reduced almost to a skeleton, from 160 to 130 pounds, which I have now regained. Hood's Sarsaparilla has restored my mental health also, and I can think, remember and act as promptly as ever. Typhoid fever ruined my health for four years, and cost me \$3000. Two bottles of Hood's Sarsaparilla have given me health and new ambition." E. E. RAMSAY Summerside, Prince Edward Id.

Thoroughly Reliable

"Mr. Ramsay is well known all over this part of the Island, and is thoroughly reliable." DR. J. A. GOURLIE, Druggist, Summerside, Prince Edward Island.
