TARBOX-BEATTIE.—At 4 p. m., on the afternoon of June 8, last, at the residence of Rev. Geo. W. Bicknell, Cambridge, Mass., Miss Nellie Beattie, daughter of Mr. and Mrs. John Beattie, Sr., of Kouchibouguac, was united in marriage to Octavius A. Tarbox, of Boston, Mass. The bride was becomingly gowned in a travelling suit of pearl gray broadcloth with trimmings of Persian silk, and was attended by her sister, Miss Katharine Beattie. The happy couple were the recipients of many beautiful and useful gifts, conspicuous among which were cut glass, a beautiful picture and antique oak side board, from the bride's associates of The Bradstreet Co., where she had been engaged as stenographer for several years. After an extended wedding tour through New York State and Washington, D. C., Mr and Mrs. Tarbox will receive their friends in their new home, 5 Haviland Terrace, Back Bay District, Boston.

DEATH OF MRS. DOANE.—Mrs. Walter F. Doane passed away to Eternal Rest on the 4th inst., at her home in Summerville, Mass., aged 32 years and 8 months. She and her little son visited her parents, Mr. and Mrs. James Glendinning, Kingston, last summer for health and pleasure. After staying in Kingston a month her husband came to escort them back to their home. Their child, aged 2 yrs. and 3 months, died while here and Mrs. Doane went away with a pain in her heart which never left her until the day before she died, when she lifted up her hands and said she saw Victor and he was calling Ma. Ma. She said "beautiful! beautiful!"

To the Editor of the Review:  
Sir,—I beg to call the attention of the local government to the bridge across the brook at Mr Daniel Young's, Galloway. This bridge has been almost impassable for a year or more and it has now fallen down altogether. The neighbors have put some little repairs on it so as to make it passable in a way for the present. Last year Mr. Emerson sent Mr. Perry, the by-road commissioner of the district to examine the bridge and report upon its condition. Mr. Perry reported that nothing less than a new bridge would be of any use. We have not heard any more of the bridge. Do the government intend to rebuild the bridge or was the examination simply an election dodge?

**A Boy's Awful Deed.**  
PORT HOPE, Ont., June 15.—About five o'clock Wednesday evening, Thos Lingard, a farmer living near Quay's Crossing about eight miles north of this town, was shot and instantly killed by a young Bernardo Home lad of fifteen named Prentiss. Prentiss was rabbit shooting on Lingard's farm, when Lingard, coming along, ordered him off his property. The boy refusing to obey, Lingard said if he did not he would put him off by force, and advanced towards Prentiss. The latter raised his gun, and said, "If you come another step, I will shoot you dead." Lingard continued to advance, when the young man fired, the charge taking effect in Lingard's neck, killing him almost instantly. Some farmers in the vicinity, hearing of the shooting, arrested Prentiss and brought him to town, where he is now securely locked up.

The alleged filibustering steamer Laurada, which arrived at Port Antonio some days ago, after, as it is said, having landed a large quantity of munitions of war on the Cuban coast, sailed on Saturday. As soon as she left port she was followed by a Spanish warship which had been awaiting her departure. Aboard of the Spanish vessel was a British gunboat. It is reported the captain of the Laurada intends to keep within a marine league of the Jamaica coast until his vessel, which is a speedy one, outruns the Spanish warship, when he will stand out to sea. If the Spanish fires on the Laurada when she is in British waters she will have the British gunboat to deal with.

Mr. Meyer the baby farmer who was hanged in London the other day for the wholesale murder of infants entrusted to her care, plied her trade under the cloak of piety, and advertised for dear little babies to bring up and call her own, not for the sake of money but for their darling company. Over the door of her home was a figure of Jesus Christ, beneath which was the inscription: "Suffer little children to come unto Me, and forbid them not, for of such is the kingdom of heaven." And yet it was shown that twenty infants entrusted to her charge since last Christmas but four could be accounted for, and it is calculated that not less than 100 babies have been strangled and drowned by her. Before her sentence of death was carried out she confessed her crimes, with the hope of escaping the gallows. But in this she was disappointed. It frequently happens that the worst human hands veil their infamy under the guise of religion.

Near the close of the Nomination speeches on Tuesday, Rev. Fr. LeBlanc, of St. Ann, who was among the audience, fell in an epileptic fit. Drs. Olloqui, Bourque and Landry being present, soon restored the patient to consciousness and he was taken to the residence of Sheriff Leger, where he was kindly cared for. He was pretty well the next morning. The Rev. gentleman, who is in delicate health, had been listening to the speeches and was fatigued very much, which no doubt caused the trouble.

—Mrs A Biggs, of McKees Mills, who has been visiting friends in the United States returned home last week. Attending church last Sunday she met 2 sons, 1 daughter' 2 sons in law, and 16 grandchildren.

—We positively refuse to publish anonymous correspondence. No person need write any thing that they would be ashamed of and they need not fear to sign their name in confidence.

—At the dinner and tea held in the Masonic hall on Nomination day in aid of the Presbyterian Church, about \$150.00 was realized.

—It is said that the Prince of Wales spent three hundred pounds in replying to the telegrams which he received congratulating him upon winning the Derby.

—Last Monday, Hanson W. Horton, of Fall River, Mass, was formerly of Molus River, Kent Co., was badly hurt by the breaking of the driving belt in the Mill in which he was employed. He was cut and bruised about the head and was unconscious for half an hour. The Doctors fear serious effects on the brain.

—Mr. C. C. Carlyle's young horse which was tied in the court house yard last evening took fright and ran away, kicking the road-car to pieces.

—The thermometer registered 86° in the shade yesterday.

—The Episcopal church is receiving a new coat of paint.

—Owing to the large space occupied by the nomination proceedings, a quantity of interesting matter has been crowded out of this issue.

—We have received several poetical obituary notices lately and we wish to call the attention of those sending them in that we charge regular advertising rates for communications of this kind.

Incomplete details have been received of an important battle at Najasa. Gomez was in command of the rebels, who numbered 50,000 men. The rebels attacked the Spanish troops with machetes, but the latter repulsed the charges. The battle is said to have lasted forty-two hours. The rebels were forced to retire with a loss of about 500. The troops lost four killed and had two officers and thirty-two soldiers wounded.

# Blind

Sometimes persons become blind from impure blood, which develops scrofulous ulcers on the eyeballs, iritis, granulated eyelids, etc. In such cases Hood's Sarsaparilla has been marvelously successful in restoring sight. It shows its powers as a blood purifier and radical cure for scrofula, by removing the cause, thus curing the

# Sore

eyes and restoring all the affected parts to healthy condition. Read this: "As an act of justice and for the benefit of other mothers who may have afflicted children, I write this. About the first of February, 1892, my daughter Zola, then three years old, contracted sore eyes of the worst form and in a few weeks was entirely blind, being unable to tolerate light of any kind. She suffered and cried until I was almost heartbroken. The best eye specialist in the county treated her for months, but the

# Eyes

became worse. Then I took her to a specialist in Indianapolis, who said he could do nothing. I came away with a heavy heart. I met my father's physician, Dr. Berryman, who examined Zola's eyes, and told me to try Hood's Sarsaparilla. I began to give it as directed and wash her eyes with warm water. Soon I began to notice improvement, and now, having given the child over a half dozen bottles, her eyes are greatly improved and she can see as well as any one. She is five years of age, and goes to school. When she began to take Hood's Sarsaparilla, she had to eat her meals in a darkened room, but now

she is able to sit at the table with the rest of the family." MRS. OLLIE BUSER, Colfax, Indiana.

KINGSTON, KENT CO.

# CARD.

To the Electors of the County of Kent: GENTLEMEN,—Parliament being dissolved, the people are again asked to choose representatives to see after their interests at Ottawa: the day appointed for said choice will be on the 23rd day of June, next.  
Having been chosen as candidate at a convention held at Bouchette, in March, 1895, I then accepted the candidature, I have since so often been requested by a large number of electors to be their standard-bearer, that I felt it my duty to offer them an opportunity of ratifying, by their votes on polling day, the choice made of me at that convention.  
One of the conditions imposed upon the successful candidate, was his independence of either political party, and in consequence of that, I to-day present myself to the electors of this county as an independent candidate.

If I have the honor of being elected as your representative at Ottawa, I will endeavor by all constitutional means to aid in bringing a satisfactory settlement of the "Manitoba School Question."  
I will do all that lies in my power to favor, assist and encourage the agricultural class—the fundamental life of the present and future of this beautiful and fertile Canada of ours.

I pledge myself to support all measures tending to prevent the emigration of our people to the United States and to induce those who are already going to return—sooner than to spend millions in foreign immigration.  
To facilitate the lumbering industry I will try to obtain harbor amelioration without neglecting the wharves and breakwaters.  
I will watch, with great solicitude, the fisherman's interests and have a certain system of licenses abolished as I believe it to be unjust and despotic.  
Local measures for the County.

I favor:  
The construction of light-houses and necessary reparation to our public wharves.  
The continuation of the M. & B. railway, North so as to "bring about the realization of a project familiar to the electors of this County, viz: "The ferry between Richibucto Cape and P. B. I."  
The combined construction of a "Post-office and Custom House" at Richibucto.  
Gentlemen, in conclusion I have, my past experience and political career to offer you as a safe-guard for the above pledges. With the help of my constituents, I hope to fulfill satisfactorily the aforesaid promises advantageous both to you and me.  
I therefore, most respectfully ask the hearty support of all the electors who will judge me worthy of their confidence. In return, I will strenuously endeavor to obtain equal justice for all creeds and nationalities, in order to preserve the union and good will in this country, inhabited by a mixed but loyal population.  
I will attempt, at public meetings to discuss the political issues of the day, and endeavor to see as many of you, personally, as possible.  
I am, Gentlemen,  
Your Obedient Servant,  
O. J. LEBLANC.
