Another Great Triumph.

THE BOWMANVILLE NEWSINTER-VIEWS MR. JOHN HAWKINS

And is Given Particulars of a Nine Years Suffering From Asthma, From Which He Has Been Restored to Health When His Case was Looked on as Hopeless.

FROM THE NEWS' BOWMANVILLE.

During the past five years the Dr. Williams' Pink Pills have developed into a household word, and from several cases that have come under our personal observation, there is not the least doubt in our minds but that they are a boon to mankind, and in scores of instances have saved life, when everything else had failed. The cure of Mr. Sharp, whose case we published some time ago, was one of the most remarkable that we have heard of. To-day he is as well as ever he was in his life, and is daily knocking about in all weathers attending to his farm duties. Recently another triumph for Pink Pills came under our observation, and after interviewing the person cured, he gave permission to make the facts public, and we will give the story in his own words. Mr. John Hawk-

ens, who resides in the township of Dartington, some ten miles north of Bowmanville, and whose post office is Ennisville, came to the country from Cornwall, England, some 45 years ago, and up to the time of his sickness had always been a hard-working man. One day, however, while attending his work, he got wet, took a chill and a severe cold followed, which finally developed to asthma. During the succeeding nine years he was a terrible sufferer from that distressing disease and gradually grew so bad that he could not work, frequently spent sleepless nights, and had little or no appetite. Finally he could scarcely walk across the room without panting for breath, and would sit all day with his elbows resting on his knees—the only position which seemed to give him ease, and at one time he never laid down for six weeks. As it was a hardship for him to talk, all he asked was to be let alone. During this time he had been doctoring and had tried nearly everything, and spent over \$100, but got no relief. Finally some one recommended him to take Pink Pills. He thought they could do him no harm at any rate, and procuring a supply he commenced taking them. After he had taken three boxes he found that he was improving, and after taking two more boxes, to the astonishment of all, he walked across the field to the woods and cut up a cord of wood. He continued the pills and took two more boxes, making seven in all, and to-day is as well as he ever was, but always keeps a box of Pink Pills in the house. The neighbors all began to ask him what he had done, as the asthma had left him, and they never expected to hear of him being well again. To one and all he tells that it was Dr. Williams' Pink Pills that did it, and has recommended them to scores of people since his recovery.

With such wonderful cures as these occurring in all parts of the Dominion it is no wonder that Dr. Williams' Pink Pills have achieved a greater reputation than any other known medicine. All that is asked for them is a fair trial and the results are rarely disappointing.

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sorrow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail postpaid, at 50c a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged to be "just as good."

Taken in time Hood's Sarsaparilla prevents serious illness by keeping the blood pure and all the organs in a healthy condition.

Dixon's Point and Vicinity.

The weather for the last week has been all that could be desired—beautiful showers, and everything is flourishing. We shall all be pretty well through with our seeding by the 23rd inst., when we will go to the polls and cast our ballots for Mr. McInerney. Of course the large number on the wrong side had better join us if they do not want to get left.

Messrs. Dickey and Hyslop have finished their farm work at Brookville, so called now, the inhabitants of which are quite indignant at having it called Pollywog. Your correspondent will be aware of this fact when she writes again.

Mrs. James Webster nee Miss Ella Dickie, arrived here last week from the U. S. She intends making a short visit.

Some of our folk are coming home from the States, sick of the place and glad to get back where they can get a good square meal and bask in our beautiful sunshine, a treat to their poor, weary limbs.

We are pleased to note that Mr. Wm. Wilbur is recovering from his recent severe attack of lung trouble.

We had a very heavy wind and rain on Friday last. Capt. Matthew Smith's schooner parted her chains and drove ashore on McPhail's Point. With the assistance of the tug Alice, she was soon floated.

The lobster packers are talking of closing down owing to the scarcity of lobsters.

Miss Edith Boudreau is recovering from an attack of fever contracted in Moncton.

Good Health

And a good appetite go hand in hand. With the loss of appetite, the system cannot long sustain itself. Thus the fortifications of good health are broken down and the system is liable to attacks of disease. It is in such cases that the medicinal powers of Hood's Sarsaparilla are clearly shown. Thousands who have taken Hood's Sarsaparilla testify to its great merits as a purifier of the blood, its power to restore the appetite and promote a healthy action on the digestive organs. Thus it is, not what we say but what Hood's Sarsaparilla does that tells the story and constitutes the strongest recommendation that can't be urged for any medicine. Why not take Hood's Sarsaparilla now?

A Cycle Ahead

Judge—"What's the charge against the man?"

Court officer 3240—"The suburban cycle squad brought him in your honor. He was found wandering in the outskirts. When asked what he was looking for, he said sidewalks."

Judge—"Great Caesar! Don't he know we have had no use for sidewalks during the last twenty years? Where's his wheel?"

Officer—"He has no wheel, your honor."

Judge—"No wheel! What is he, any way?"

Officer—"He says he's a—a—pedestrian, your honor."

Judge—"Put him in the padded cell until I can commit him."—Cleveland Plaindealer.

The surest way for a man to be robbed of his good name is to write it on his umbrella.

Teacher—"What is fame, Willie?" Willie—"It's the thing that makes everybody want to look at yer."

Friend—"What did you find the most difficult thing when you wrote your first verses?" Poet—"To find some one who would let me read them to him."

"Why, you're a new man—they've shaved you out of all recognition." "Y-e-e—he, he-e, the first time I looked in the glass I only knew myself by my voice."

"Mamma, were those stories Uncle George was telling us about the big fishes he caught fairy stories?" "I don't know, my child; I wasn't listening, but I imagine they were."

"De reason some men doan' git 'long better," said Uncle Eben, "is dat dey spen' too much time hunting round' for politician dat kin legislate de mortgages off'n der fahms."—Washington Star.

To Eat—"I hear disparaging remarks about the poster girl, but for my part, I think her nice enough to eat." Saying which the goat helped himself to a second plateful of magazine cover.

Wrangles—"Well, Adam was a lucky man." Barker—"In what particular way?" Wrangles—"He didn't have to prance around the garden, like a blundering idiot, holding Eve on a hundred dollar bike!"

CARD

To the Electors of the County of Kent: GENTLEMEN,—The Dissolution of Parliament again imposes upon you the duty of electing a representative at Ottawa, and the Electoral Writs summon you to the discharge of that duty on the 23rd of June next.

Permit me to thank you, heartily, for the confidence you reposed in me on the 6th of December, 1892.

The mandate you then so generously confided to me, I return to you, unsullied. I have regarded it as a public trust, and have faithfully endeavored, within the measure of my ability, to discharge the obligations it laid upon me.

Believing that my experience of the last four years may be of some benefit to the Constituency in the future, I respectfully solicit a renewal of your confidence.

I submit for your approval that Policy—truly national—which has advanced the credit of Canada, fostered native industries, conserved the home market for our agriculturists and manufacturers, increased our Foreign Trade, and engendered that spirit of union without which national greatness is impossible.

I favor: Preferential Trade within the bounds of the Empire;

A Fast Atlantic Service;
The Development of Agriculture;
An Efficient National Defence;
The Encouragement of Immigration;
The Admission of Newfoundland into this Confederation, and
Justice to minorities whether in Quebec or Manitoba.

I support Remedial Legislation because with Sir Leonard Tilley, "I look at it as a solemn compact between the Parliament of Canada and the people of Manitoba."

It is the decision of the highest Court in the Empire.

It is a constitutional guarantee of the rights of Provincial minorities—Protestant as well as Catholic—and the highest patriotism inspires and compels respect for the letter and spirit of the Constitution.

I confidently, await your enlightened and unprejudiced approval of the moderate attitude I have taken on this question.

I will attempt, at public meetings to discuss the political issues of the day, and endeavor to see as many of you, personally, as possible.

Again soliciting your support,
I am, Gentlemen,
Your Obedient Servant,
GEORGE V. MCINERNEY.

The Triumphant Trio.

THREE GREAT SOUTH AMERICAN REMEDIES—ABSOLUTE CURES FOR KIDNEY, RHEUMATIC AND STOMACH DISEASES—THOUSANDS OF GRATEFUL CITIZENS ALL OVER CANADA BEAR TESTIMONY.

Not one medicine doing the work of the other, but each doing its own work without a single failure. The keynote of the success of the South American Remedies is that they strike at the root disease in every case.

Take South American Kidney Cure. It is not a medicine that trifles with the patient, as it does in many cases where pills and powders are prescribed. Kidney disease arises from the clogging of the filterlike part of the system that constitute the kidneys. Only a liquid can dissolve these obstructions, and such is South American Kidney Cure. Adam Sophor, of Burke's Falls, Ont., suffered terribly from Kidney disease, and treated with the most skilled Physicians. His words are: "I did not obtain any relief until South American Kidney Cure was used. It fitted my case exactly giving immediate relief. I am now a cured man and believe one bottle of the remedy will convince any one of its great work."

Many false notions exist in regard to Rheumatism. Outside applications may temporarily relieve the pain, but the blood must be purified if a permanent cure is to be effected. This is what South American Rheumatic Cure does. Mrs. Phillips, sr., Hamilton, was completely crippled with Rheumatism. She procured a bottle of South American Rheumatic Cure, and says: "It is without doubt the quickest relief for Rheumatism I have ever seen, and I heartily recommend it to all sufferers of the disease."

It is a scientific fact that many of the derangements of the system emanate from the nerve centres at the base of the brain. South American Nerve Cure cures stomach and nervous troubles because it acts immediately on the nerve centres. J. W. Dinwoodie, of Campbellford, Ont., says: "I do not hesitate to say that South American Nerve is the best medicine I have ever taken; it completely cured me of nervous prostration and the attendant diseases of the liver and stomach that follow this weakness." Sold by W. W. Short.
