EDMANSON, BATES & Co.,
Gentlemen—About three or four weeks ago I had an attack of Itching Piles. I tried two or three different remedies recommended by druggists as "the best and only cure," etc., etc., but got no relief.

About the time I was beginning to despair of finding any relief, with some slight misgiving I bought a box of your pile cure which I am pleased to say gave me almost instant relief and permanent cure. I consider your Ointment a God-send.

March came in like a lion, the storm of last week proved to be the worst of the season, but notwithstanding the stormy weather the farmers are all busy hauling mud.

The seaside hotel is full up at present, no room for any more lodgers.

A Kingston youth is seen in our vicinity very regular. Rumor says he is soon to capture the bird.

Messrs John and George Robertson were visiting their cousins in this vicinity last week. They are soon to take their departure for Boston.

The party at Mrs. McGraw's last week was the best of the season. Music was furnished by David Lawson. Miss Mollie Grant was belle of the ball.

Our leader will find better roads now through the woods for his moonlight trips.

Mrs. Carter is visiting her daughter, Mrs. McNulty.

Mr. James Hanrahan, has recovered from a severe attack of jaundice.

MONTREAL, Que., March 8.—Ed. Griffin, who sold his farm at Truro, N. S., arrived here on Friday with \$2,500 stowed in the lining of an inside coat, and went out to see the town. He became sleepy and went to sleep in a saloon. Griffin woke and found his coat and the price of his farm non est. The detective found the garment in a second hand dealer's shop. He bought it back and Griffin recovered his money.

DISHONEST DEALER!

A Special Feature Adopted in Their Business.

YOU TRUSTINGLY ASK FOR PAINE'S CELERY COMPOUND.

The Dealer Often Gives You a Common Substitute.

As the sun rises in the east to brighten and enliven the day, so the mighty fame of Paine's Celery Compound spreads from day to day, giving comfort and gladness to all weary, sick and diseased people.

All popular and fast selling articles are imitated from time to time. Liquid preparations, using the name "Celery Compound," are on the market, and are often dishonestly foisted on the unsuspecting customer, who asks for nature's great healer, Paine's Celery Compound.

There are, unfortunately, too many dealers who work this miserable deception, actuated by a greedy desire for large profits. The imitations and worthless medicines pay such immense profits, that Paine's Celery Compound is held in the background, simply because it pays a small profit.

It is positively cruel to thus deceive the trustful and confiding customer. The sick and suffering who ask for Paine's Celery Compound, knowing it to be the best, and their only hope of cure, should never be treated in such a heartless manner.

If every intending purchaser of Paine's Celery Compound but examined the bottle and outer carton, he or she will certainly avoid deception. The genuine Paine's Celery Compound, "the kind that cures," has the "stalk of Celery," and the name has "Paine's," all others are frauds and deceptions.

Strange Case of Instinct.

A strange instance of animal instinct occurred at the Theatre Royal, Middleborough, England, during the performance of a pantomime in introduced a miniature circus with ponies baboon and a donkey.

While putting the baboon through its paces the trainer noticed how eagerly it sought the footlights and scanned the first row of the stalls. A seafaring man, who was evidently the object of interest to the baboon, uttered a peculiarly distinctive cry, when instantly the baboon sprang across the footlights into his arms.

An inquiry on the part of the acting manager elicited the extraordinary fact that the seaman had originally brought the baboon from its native land, but that several years ago.

Kouchibouguac Bay.

MARCH 2.—Seeing no notes from this section lately thought I would let you know what is going on.

Smelt fishing is over and while a great many say it was a failure still quite a large quantity has been taken, in all as near as we can learn, about seventy tons. Messrs Emerson & O'Leary getting some thirty-two tons, Messrs A. & R. Loggie, twenty, and W. S. Loggie & Co., eighteen. The most successful fishermen being Robert Gegan, James Tweedie, John Kelly, Sr. and Joseph Gavdet. The price paid has been very good, averaging about two and a half cents per pound.

We hear that W. S. Loggie's popular over-seer will arrive to-day, and that it is his purpose to put on a large force of men at once to put in ice for the summer's operations.

John L. is cleaning his breech-loader and the boys say that is a sign that th wild geese will soon be here.

Donald Stewart, Robert McIntyre and George Raymond are getting their decoy ready and expect to do big work.

Christopher Murphy who has been spending a few weeks at home has returned to the South West.

William Ryan is home from Chatham.

Our school, which has been closed for the winter, is shortly to be opened.

A petition has been forwarded to Fredericton asking for a bridge across the Kouchibouguac river. It is to be hoped that this bridge will be built as it is greatly needed.

Call at Paul's for a good warm drink of ginger tea.

Robert P. Murphy is shortly to leave us for the U. S.

We notice quite a quantity of lumber is being got out, small spruce and hemlock. This will be taken to Richibucto and Kingston.
