RICHIBUCTO, N. B., APRIL 30, 1896

DISSOLUTION AND ELECTION.

Parliament was prorogued and dissolved on Friday last, and it is officially announced that the elections will take place on 23d June, the nominations being one week earlier. This leaves just about eight weeks within which the campaigning must be done, and the electors make up their minds and deliver their verdict.

The terms in which His Excellency announced the dissolution point to the remedial bill as a principal issue in the contest. We assume that they honestly tried to pass the bill through parliament and, failing to do so, they ask the verdict of the country upon their action. Beyond question the Conservative leaders hope confidently to obtain the endorsement of the people, and if so, when the new parliament meets in July, the remedial bill will be again brought forward and passed into law—that is, if the occasion requires it. For if, in the meantime, the Manitoba government should make concessions satisfactory to the minority in that province it might be then unnecessary to pass remedial legislation in the federal parliament.

This we take it is the ministerial programme, and it is plain and straightforward. But while ministers propose at election times the people dispose to suit themselves. Those who choose to vote on other issues than the remedial bill will be free to pass upon the national policy, the personal merits of candidates or the general administration of public affairs. There can be no compulsion in a country so free as ours. Some will say that remedial legislation is not the principal issue; that the trade question overshadows it. The fact still remains that the government is prepared to stand or fall by the remedial bill and the national policy of protection for native industries. The opposition sought to defeat the remedial bill and failing that, and being outvoted, they delayed and obstructed its passage. They would also change our trade policy, by substituting a revenue tariff for the protective tariff. These are the main issues upon which the changes will be rung for the next eight weeks and upon which the electors must decide.

THE LAURIER DEMONSTRATION.

The Laurier demonstration last Friday evening in Montreal was one of the grandest affairs of the kind ever held in Canada. The Montreal daily Star which devotes two full pages to a description of the meeting prefaces the report thus:

The Liberal demonstration last evening in honor of the Hon. Wilfrid Laurier was one of which that distinguished statesman may well be proud. In point of numbers and in the degree of enthusiasm which prevailed from start to finish, it has been seldom equalled in this city or elsewhere. It was a spontaneous tribute on the part of the citizens of Canada's metropolis to the honorable gentleman's sterling integrity and charming personality.

Shortly after seven o'clock crowds of people began to assemble on the Champ de Mars, from which place the torchlight procession was to start. Between this hour and eight o'clock the air was rent with the acclamations of the enthusiasts—sky-rockets blazed and illuminated the darkness with lights of variegated colors; torches were kindled, the bands and pipe-broke into martial music, while the different clubs and societies were assigned their places in the procession.

punctually at eight o'clock the whole of the vast procession got into marching order, and proceeding along St. Gabriel and St. James streets, reached the St. Lawrence Hall, where Mr. Laurier and his colleagues were stopping. In the procession were numerous Canadian, English, French and Yankee flags, and several illuminated notices, bearing such texts as, "Out With All Tuffers, Buffers, and Tappers"; "Liberals Are, Before, and Above All Canadians"; "Liberals From Ocean to Ocean";

"Down With Protection"; "Liberals and Honest Government"; "Welcome to Our Chief, Laurier"; "Liberals for the People and With the People," etc.

THE LATE PARLIAMENT.

The Parliament just now dissolved enjoyed the rare and unique distinction of having held six sessions, of having seen four successive premiers in office, and of having held the longest continuous session of any representative body known to history. It began the work of its first session very shortly after it was elected, in April 1891 and it only closed its labors in time to prevent dying a natural, but most unusual death, by the expiration of its five years term.

During the term of the parliament the government had four successive leaders, three of whom died in office. Had the life of parliament been a little longer a fifth premier would have succeeded to Sir McKenzie Bowell in the person of Sir Charles Tupper. Who could have predicted these changes five years ago!

According to the speaker of the retirement of Lord Salisbury from official life cannot be long delayed. It speculates on who his successor will be and makes a forecast that Mr. Balfour, now First Lord of the Treasury and Lord Salisbury's nephew, will succeed him in the premiership and be elevated to the peerage. It also predicts that the Duke of Devonshire now President of the Council, will become Secretary of State for Foreign Affairs and that Mr. Chamberlain will be the government leader in the House of Commons in succession to Mr. Balfour.

Sir McKenzie Bowell has resigned the premiership of Canada and Sir Charles Tupper has been sent for by His Excellency to form a new cabinet. Of course there will be no information as to the composition of the cabinet for a day or two yet.

Buctouche Happenings.

APRIL 27.—The funeral of Dr. C. O. LeBlanc took place on Thursday, at St. Mary's. It was largely attended. Father Roy, Superior of St. Joseph's College, performed the ceremonies, assisted by Father LeBlanc, of St. Anne's, brother of the deceased. The other clergymen present were the Rev. Fathers Michaud and La Pointe, of Buctouche, Father Donat LeBlanc, of Moncton, and Father L'Archeveque, of Cocagne. The members of the C. M. B. A. turned out in a body. Among others from here we noticed, Judge James, Mr. E. J. L. LeBlanc, Lawyer Irving and Mr. M. McLaughlin.

Mr. J. O'Leary will leave on Tuesday morning for New York, where he intends spending a few months.

The family of Rev. Mr. Vans arrived here Thursday evening. They were warmly welcomed by the members of the Presbyterian church. The leading members of the church tendered them a reception at the Manse. The family was presented to the congregation on Friday evening.

Mrs. Stevenson, of Richibucto, who has been visiting Mrs. H. Hutchinson for a few weeks, returned home on Thursday.

Mrs. A. Grattan spent two days in Cocagne last week with her brother, who was dangerously ill.

We are pleased to see that Mr. A. Grattan has quite recovered from his recent illness.

Sheriff Leger passed through here last week on his way to Cocagne.

Mr. John Caissie arrived in town from Fitchburg, Friday night.

Mr. Chase and family left on Saturday for Boston.

Mr. A. B. Cameron, of St. John, was at the Bay View last night.

Mr. Siddle, of St. John, was at the Victoria last week.

Mr. J. O'Neill, of Irishtown, is at the Victoria.

Mr. John Elliott, of Cocagne, was in town to-day.

Miss Mary Hannagan, of Dixon's Point, spent Sunday with her parents here.

Mr. Neil Ross has gone up North on a fishing excursion, leaving sorrowing hearts behind.

Mr. Thomas McManus spent Sunday afternoon in Notre Dame, visiting the lady teachers.

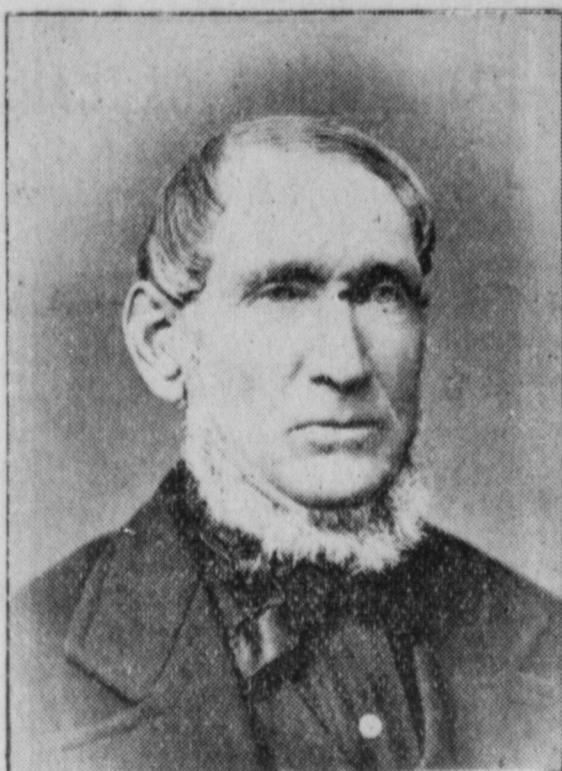

A bicycle "furor" has struck the place and many of the young men are thinking of purchasing "bikes." Mr. Bleakney is already the possessor of a very fine wheel, which he rides admirably. A sad accident lately happened to the "master's" bicycle, and it is now undergoing repairs in a neighboring city.

Mr. Neil Morrison, St. John, N. B. My daughter, Mrs. Gregory, has had rheumatism so bad during the last year that she was unable to help her children, or attend to her household duties. Everything imaginable was tried, but to no purpose. I was at last recommended to get South American Rheumatic Cure. One bottle cured my daughter within four days, and I take much pleasure in giving this recommendation.

SOME OF KENT COUNTY'S OLDEST RESIDENTS.

We propose to publish sketches similar to the following, of all the oldest residents of Kent County, and we would ask the cooperation of our readers to assist us in the work. Should any of our readers desire to have sketches of their elderly friends, they might send us notes. A cut can be had by sending a photo.

MR. JOHN COCHRANE, RICHIBUCTO.

Mr. Cochrane was born in the town of Stewart on the River Cree, Gallowayshire, Scotland, March, 20 1810, and is therefore 86 years old. He arrived in Richibucto in 1830 from the place of his birth and at once entered the employ of the Canards with whom he worked ten years, after which he settled on a farm on the St. Nicholas River, and followed the calling of an agriculturist for 40 years, when he received an appointment from the government as tidewater. Mr. Cochrane continued in the Customs service 14 years, when he was superannuated in 1854 in which year he started a private bank in Richibucto. He married Miss Anne Curwin, 10th March 1835. They had four children. Robert, born December 19, 1837, married Miss Jane Dixon, of St. Nicholas River, now resides in Richibucto; Wm. G. Cochrane, born December 16, 1843, married Sept 1867, resides in Salem, Mass.; Agnes, born September 1, 1846, married J. Lee Street, died September 12, 1886; David J., born March 19, 1848, married Margaret E. Forster, and is at present a citizen of Richibucto. (Mr. D. J. Cochrane spent 25 years in the Canadian Northwest, six years of which period he served as sergeant-major in the mounted police.) Mr. Cochrane always enjoyed the blessing of good health except for a short time while a resident of the State of Illinois when he suffered from fever and ague.

Monies River.

APRIL 24.—The sudden death of Mrs. Albert Cameron at St. Louis on 22nd inst., was a painful shock to her relatives and friends in Bass River and vicinity. Deceased was a daughter of Mr. William Marshall. She has been in Boston for three years, and some months ago was married to Mr. Cameron in that city. The week after their marriage he was taken with typhoid fever, and on coming out of the hospital he and his wife deemed it advisable to reach their home in N. B. On the homeward route she contracted a most malignant type of pneumonia induced by the change from July weather in Boston to our cold easterly winds. All the skill and loving attention were unavailing and at 4 a. m. Wednesday, her spirit passed peacefully away. Her remains were tenderly laid to rest this afternoon in Bass River cemetery, Rev. F. W. Murray in attendance, and many tear-stained faces attesting the more than ordinary sympathy for the bereaved young husband and sorrowing relatives.

"Of all the prayers that test our faith,
 This is the hardest one,
 To gaze on a dear face in death,
 And say, 'They will be done—
 In the fierce struggle nature fails
 And sinks affrighted down,
 A mortal grief o'er faith prevails,
 The cross obscures the crown."

The relatives in Weldford parish of Mrs. David Taylor, who recently died in Fairville, heard with deep regret of her sudden demise, and extend warmest sympathy to her husband, father, brothers and sisters in their sorrow for the loss of one "whom to know was to love."

Mrs. John Walker is, we are glad to say, quickly recovering from her severe illness under Dr. Oloqui's skillful treatment. She is an elderly lady and had she not been carefully treated, would have succumbed to the disease.

Mr. Wm. Stevenson who was able to walk around after the recent attack of fever, took a relapse yesterday, and Dr. Ferguson has poor hope of his recovery. This family has the sympathy of the community, as one after another has had severe illness.

We are pleased to note that all the logs are out of Moulies River stream and now being rafted.

The interesting drama, Placer Gold, was presented to a large and appreciative audience in the Kingston public hall on Tuesday evening. Considering the bad state of the road, there was a large attendance.

PROTESTANT AND CATHOLIC CLERGYMEN

Are of One Mind Touching the Remedial Character of Dr. Agnew's Catarrhal Powder.

While Protestants and Roman Catholics are wide apart as to certain remedial measures proposed just now, they find common meeting ground in Dr. Agnew's Catarrhal Powder. Take Hamilton alone. This medicine has been used by Presbyterians like the Rev. Mungo Fraser, D.D., and Rev. John Scott D. D., by Episcopalians as with the Rev. W. H. Wade, and Rev. Chas. E. Whitcombe; by the well known Baptist, Rev. G. Anderson; by prominent members of the Methodist church; and by the Rev. Father Hinchey, and many of his parishioners. They all tell the one story of the great good this medicine has done them. The same story has come from the most prominent clergymen in Toronto and elsewhere. It is unlike any other Catarrhal remedy, simple, easy and pleasant to take, and quick to cure. It will give relief within ten minutes in Hay Fever. Sold by W. W. Short.
