

## Cocagne.

JULY 6.—His Lordship Bishop Sweeney was this week around here on his confirmation tour. On Friday, his Lordship confirmed about one hundred and fifty children at the Grandigue church and on Saturday nearly the same number at Cocagne. On Saturday afternoon he returned to Shediac, whence he left by rail for St. John. The Bishop was well received by all, being met by a large number of teams and accompanied by them to the different churches, and the roads along which he passed were decorated with trees and flags.

Miss Hannah Elliott returned last week from Newton, Mass., where she has spent the winter.

Mrs. Wm. Moffat and twins, of Boston, are spending the summer with Mrs. Moffat's parents, Mr. and Mrs. Wm. E. Johnson, of Notre Dame.

Mr. and Mrs. Frank Connors have gone to St. John, where they visit relatives.

Mrs. Edward Duprey is visiting her parents, Mr. and Mrs. Elzear Bilodeau.

The school term having closed, our school teachers (and we have no small number of them) are flocking home to spend the vacation and to flee the pining from certain young hearts.

Mrs. A. Hannigan and daughter, Miss Mary, of Buctouche, are visiting Mr. and Mrs. A. J. Dysart on Monday.

Father Geo. Berthiaume, C. S. C., Mr. Wm. V. McNamee, C. S. C., and Mr. R. Paulin, C. S. C., of St. Joseph's College, are on a driving tour along the North Shore. They spent several days here, the guests of Father Massé and of Father L'Archeveque, and during the same time they called on their college acquaintances. They continue their trip North on Monday.

On Wednesday afternoon fire destroyed Raphael Babin's lumber mill and grist mill situated on the south side of the river, and distant about three miles from the bridge. The fire originated from sparks from the engine and started while the mill hands were at dinner. When discovered, the flames were bursting through the roof of the saw mill and had made such headway that they defied all attempts to save the building, which together with the adjoining new grist mill were soon reduced to a heap of ruins. The loss is estimated at \$5000; no insurance.

Last week, while digging a well on Belony Goguen's farm on the north side of the river, workmen discovered a fine seam of coal at only a few feet from the surface. The seam is about a foot in depth, but as this thickness was found at the foot of a large hill, down which the seam slopes, it is probable that the seam will be found gradually thicker as it advances up the hill. The seam is solid and pure allowing the gravel to be shoveled off as from a floor. The coal has been tested and pronounced to be of excellent quality.

## Heart Disease Relieved in 30 Minutes

Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in thirty minutes and speedily effects a cure. It is a peerless remedy for Palpitation, Shortness of breath, Smothering Spells, Pain in Left Side and all symptoms of a diseased Heart. One dose convinces. Sold by W. W. Short.

## Holes in the Sails for Speed.

Here is a statement from the Boston Transcript which may open the eyes of our boatmen—Some of said boatmen may open their mouths too, and hint that the author of such an improbable theory is "another." However this may be we give the article for what it is worth:

The statement of an Italian sea captain that he had proved by experience that a ship goes faster when her sails are perforated with a number of holes than when they are quite sound, was at first looked upon as too ridiculous for consideration. Unbelievers, however, now find that the Italian has gone a long way toward proving his case. His theory is that the force of wind cannot fairly take effect on an inflated sail, because of the cushion of immovable air that filled up the hollow. To prevent this cushion collecting, he bored a number of holes in the sail which let part of the wind blow right through it and allowed the remainder to strike against the canvas and exercise its full effect. Several trials have been made, and it looks as if that is another of those paradoxical truths which appear so impossible on the surface. The experiments were made in all weathers. In a light mind a boat with ordinary sails made four knots, while with the perforated sails she covered five and a quarter knots; in a fresh breeze she did seven knots with ordinary sails, and eight and three-quarter knots with the improved sails; in a strong wind she did eight knots and ten knots respectively. If this augmented speed were sustained throughout a long voyage it would increase the value of the spin one-fifth, as she would make the same trip in four weeks that she did before in five weeks.

—Rev. J. S. Allen and family left yesterday for Murray Harbor, P. E. Island, where he will take charge of the Methodist circuit. Mr. Allen preached his farewell sermon Sunday evening to a large audience. Rev. Wm. Lawson, of Montague, P. E. I., will succeed Mr. Allen here.

## Buctouche.

JULY 6.—The Tories are quite reconciled to their downfall, and the Grits exult with joy over the anticipation of the sweets to be given them by Mr. Laurier! ! !

The concert under the auspices of the ladies of the Baptist church, given in Barnes' Hall, on Friday night, proved a decided success. The building was well filled and the people all seemed to have enjoyed each part of the programme which was rendered as follows:—

1. Quartette, "We all have a very bad cold." Tenor, Miss Marie E. Bourque; Alto, Miss Teresa Smith; Soprano, Miss Vans; Bass, P. Wry.

2. "A serious family," Play in 3 Acts.

Act I.

Solo, "True Love is Sweet," by Miss M. E. Bourque.

Act II.

Solo, "Willie's gone to Melville Castle," by Mrs. Douglas.

Intermission for refreshments.

Act III.

Solo, "Bonnie Dundee," by Mrs. Douglas.

Tableau, Queen of England.

Miss Bourque's and Mrs. Douglas' songs were heartily encored by the audience to which they answered with "Somebody's waiting for me," and "Coming through the Rye," followed by "Robin Adair." The accompaniments were ably executed on the piano by Miss Marie E. Girouard. All in general performed their parts with ready skill, but Jack Hutchinson under the role of Mr. Sleek, kept the attendants in constant uproar with his timely comments on morality. Refreshments, consisting of ice-cream, strawberries, fruit, etc., were served during intermission which lasted thirty minutes. The proceeds amounted to thirty-five dollars, which are going towards paying the church organ.

Miss Teresa Foley is visiting relatives and friends in Campbellton.

Miss Flo Curren, of Moncton, is the guest of her aunt, Mrs. J. Ross.

Miss Josie Sutton is spending her summer vacation with friends in Richibucto.

Miss Marie E. Girouard is now at her home.

Misses O'Leary and Beatrice Sutton spent Friday with friends in Richibucto.

Mrs. Vans arrived from Moncton on Friday night, accompanied by her two daughters, who intend spending the summer in town.

Mrs. W. K. Thompson has returned home from a prolonged visit to her sister, Mrs. J. Hughes, of Moncton.

Miss Hattie Ramsay is spending her vacation with her parents.

Mrs. J. D. Murray, of Red Bank, is expected here this week.

Misses Marie E. Girouard and Marie E. Bourque leave shortly for an extended trip around P. E. Island.

Miss Mabel Horton, of Moncton, is the guest of Miss McCollough.

Mrs. Beal and children, of St. John, are visiting Mrs. Matthew Smith.

Rev. Father La Pointe has returned from a visit to his home in Edmundston.

Rev. Father Girard, of St. Joseph's College, who officiated during the Vicar's absence, returned to Memramcook on Saturday.

Mr. Herbert Irving was visiting friends in Campbellton last week.

J. Barnes, M. P. P., arrived Saturday night from Hampton.

H. Goddard left on Thursday to spend his vacation at his home in Elgin.

R. A. Irving, our leading young barrister, was for several days taking in Harcourt.

J. A. Bourque, who rode down from Chatham on his wheel last week, returned on Saturday.

J. D. Irving arrived Friday night from a business trip to P. E. Island.

Hector Girouard from St. Joseph's College, is spending his vacation at his home.

William Johnson, who arrived here a week ago to visit his relatives, has returned to Hampton.

The closing examinations of the Superior School took place on the last day of the month. The pupils showed that they had made great progress in their advancement in the different branches taught during the preceding term and reflected much credit on both teachers.

The final exercises were also held at the Convent on the same day. Many prizes were awarded to the scholars for good comportment, general proficiency, music, drawing, writing, etc.

We are pleased to see that Miss Johnson has re-opened the ice-cream rooms for the benefit of the Methodist congregation. The extra good quality of that much-sought-for refreshment along with the amiable manner with which Miss Johnson serves, are sufficient enticement to all lovers of that delicacy.

## Hay Fever and Catarrh Relieved in 10 to 60 Minutes.

One short puff of the breath through blower, supplied with each bottle of Dr. Agnew's Catarrh Powder, diffuses this powder over the surface of the nasal passages. Painless and delightful to use. **SERIOUS ACCIDENT.**—John Kirkpatrick 18 years old son of Mr. Wm. Kirkpatrick of Douglstown, met with what may prove to be a fatal accident in the Hutchinson mill Saturday night. He was found in the lower flat of the mill about one hour after she stopped, unconscious. He has not yet regained consciousness and it is impossible to tell what did actually happen to him. It is supposed he was struck with the belt or ran against some of the machinery. The only marks on him is one on the top of the head and a slight abrasion over the nose. The skin on the top of his head is not broken but the hair is removed. It is thought that it is the effects of this blow that rendered him unconscious. Much sympathy is expressed for his parents who lost a boy some years ago in Douglstown. He was crushed to death by a cart.—Liberal Herald.

**CANADA'S MARINE LIST.**—The Department of Marine and Fisheries has just published the Canadian shipping list for the year 1895. The total number of vessels on January 1 last was 7262, measuring 826,836 tons registered tonnage, being an increase of 17 vessels and a decrease of 43,788 tons register as compared with previous year. The registered tonnage is valued at \$2,775,080. Canada is the fifth marine power in the world.

## Easily Cured.

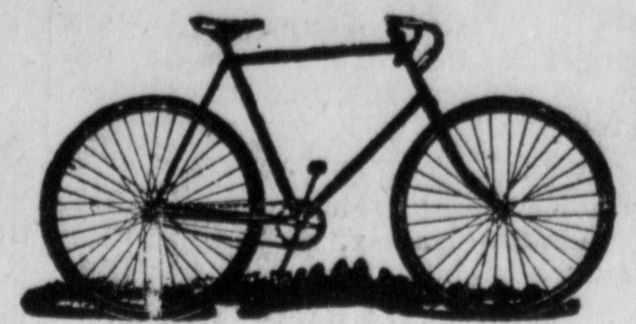

Drunkenness, Morphine and Tobacco habit are easily cured by the use of Hill's Chloride of Gold Tablets. No effort required of the patient, who is allowed the use of stimulants until he voluntarily quits their use. May be given secretly in tea or coffee and a cure guaranteed in every case. ## STILL IN HIS PRIME.

North Hastings' Oldest Inhabitant Hale and Healthy.

Joel Moore, of Bancroft, Ont., one of the oldest and best-known residents of Hastings County, can boast of wonderful health and vigor for his age.

"Although I am over 84 years of age," he says, "I feel as young as ever I did."

Mr. Moore, however had a narrow escape from death about a year ago. "I was so bad with indigestion," he writes, "that the doctors gave me up. I tried various alleged remedies but found them no good. One day our popular druggist, F. C. Humphries, sent me a sample of Dr. Chase's Kidney-Liver Pills to try. The result was marvellous. After taking two I was able to get up. Then I sent for a box. I could soon eat anything. In a short time I was able to walk two miles, to Bancroft and back, with ease."

Dr. Chase's Kidney-Liver Pills will, without fail, cure all kidney, liver, stomach and blood troubles. For sale by all dealers. Price 25 cents. One pill a dose: one cent a dose. Edmanson, Bates & Co., manufacturers, Toronto.

Chase's Syrup of Limes and Turpentine is the latest discovery for coughs, asthma and consumption. It is pleasant, quick and certain. 25 cents.

**J. & W. BRAIT, KINGSTON, KENT CO.**

**USE PELEE ISLAND WINES FOR DEBILITY NATURE'S TONIC.**

E. G. SCOVIL, AGENT PELEE ISLAND GRAPE JUICE.

MARCH 15th,

DEAR Sir, My family have received great benefits from the use of the PELEE ISLAND GRAPE JUICE during the past four years. It is the best tonic and sedative for debility, nervousness and weak lungs we have ever tried. It is much cheaper and pleasanter than medicines. I would not be without it in the house. Yours, JAMES H. DAY, Day's Landing, Kings Co.
