

BIG SHIP SAILS FOR BOSTON.—A cable states that the big British barque Andorinda, Capt. Campbell, sailed from Calcutta Jan. 25 for Boston, the majority of her cargo being jute butts. The Andorinda, on her arrival in Boston harbor, will be the largest ship ever in those waters with the exception of the Great Republic, 4,000 tons, which was destroyed by fire years ago. This marine monster registers 3,264 tons net, is double decked, built of steel, and has these dimensions: Length, 346.8 ft.; breadth, 46.1 ft.; depth of hold, 25 ft. 6 in. The vessel is rigged as a four-masted barque and was built in 1892 by W. Pickergill & Sons. Her managers are E. F. & W. Roberts, Liverpool. An object lesson in the reduction of freight rates since the "good old times" is the fact that the Andorinda's cargo of nearly 6,000 tons is delivered at Boston at the low rate of about \$4.12 per ton, as compared with \$10 or \$12 a ton, the price from Calcutta not many years ago.

VISITING HIS OLD HOME.—Mr. Christopher Murphy, son of Mr. Robert Murphy, formerly of this city, spent a day or two in the city last week after an absence of thirteen years in the United States. Mr. Murphy has been on a visit to his home in Kouchibouguac, Kent Co., and will be remembered by Monctonians, having learned his trade in the machine shop of the late Jonathan Weir. Since leaving Moncton he has travelled extensively in the western and southern States, Mexico and Texas. In conversation with a TIMES reporter Mr. Murphy said he had met the notorious Frank James in his travels in the west. He says times have changed greatly in the United States since he went there. There is not anything like the chances for a mechanic, either in the U. S. or Mexico, there was ten years ago. Wages are low and business is depressed all round. Mr. Murphy sees a great change in Moncton. He noted with surprise the fine buildings that had been erected on Main street and the growth of the city in the west end particularly. —Times.

WEDDING AT NEWCASTLE.—NEWCASTLE, Feb. 20—The marriage of Mr. H. A. Quilty the popular and obliging assistant agent at Newcastle station and Miss Jennie E. Wright of Newcastle took place in the R. C. church here on Tuesday evening at half past seven o'clock. The friends of the young people had been quite suspicious for some time, as "Hugh" had built and finished a handsome and cozy residence within the past year. Nevertheless the appointed time for the wedding was a secret which only leak out a few hours before the event. A number of boys with whom both parties are favorites, prepared material for a immense bonfire and gave the bridal party a great send off, rice and old shoes being abundantly in evidence. The bride was attired in a brown cloth traveling suit with hat to match, while the groom was radiant with smiles. They took the express to Quebec en route to Boston, and will spend a few days in Montreal. Hosts of friends of the happy couple join in wishing them a prolonged experience of wedded bliss. —Transcript.

EXCURSION TO HARCOURT.—The R. B. Band and A. D. Club intend holding an excursion to Harcourt on Monday, March 2nd, returning after the performance there is over. The train will leave Richibucto at about 15 minutes to 4 local time connecting with the regular freight at Kent Junction and will arrive in Harcourt before 5 o'clock standard. The performance will begin at 7 standard. The excursionists will return by the up freight getting home about 12:30 or 1 o'clock the same night. This excursion is being organized in the interests of the Band and deserves to be well patronized. A good time is in store for all who attend. The round trip to Kent Junction will cost 50c, each person paying this car fare of 50c gets a free ticket to the entertainment.

The I. C. R. will charge about 25c. for the round trip between Harcourt and Kent Junction, so that for the small sum of 75c. you will have a bushel of fun. Reserved seats are for sale at the Post Office in Harcourt and also at Mr. Robert Saulnier's store. The people of Harcourt are requested to note the fact that the doors will be open at 6.30 and the performance will begin at 7 standard time.

TIBBETTR McLEAN.—The marriage of Miss Mary McLean of St. Nicholas River, Kent Co. N. B. Mr. William Tibbets, of Boston, was solemnized by Rev. J. D. Broadbeck, at the residence of the bride's cousin, Mrs. Forsyth, Charlestown on Thursday Feb. 20th. The ceremony was performed in the presence of a few friends and relatives of the contracting parties. Miss Minnie Sargent, cousin of the bride, was bride's-maid, and Mr. Edwin Allingham was best man. The bride was becomingly attired in Cadet Blue Crepon, with ecru lace and silk trimmings.

A reception was held at the bride's home, 14 Aron St. Everett, many friends attending and bestowing their congratulations and well wishes on the couple. There were numerous wedding gifts.

—Messrs. J. & T. Jardine intend erecting a new saw-mill as soon as possible in the spring. Frame and other lumber is being got out. An engine of 100 h. p. has been ordered. The proposed site is at the old ballast wharf, Kingston.

—One day last week a respectable citizen of Barrie, Ont., named John A. Strathy was called to his door and shot by a man named Brennen. Brennen has confessed to the murder and the indignant people of the town feel like lynching the assassin. The sheriff has taken precautions against such an occurrence, however.

—Mr. Malcolm Gessner, of Kingston, who recently returned from a visit to the home of his childhood in Annapolis, N. S., looking and feeling happy, is loud in praise of that "orchard of Canada." He measured an apple tree which was set out by his grandfather nearly a century ago, and found it fully 13 ft. in circumference.

—Last Thursday afternoon constable James Thorritt made an unsuccessful attempt to place James Thompson in the cooler for selling liquor without license. Thorritt had previously engaged Sampson Thomas to assist him in his undertaking, but Sampson lacked the scriptural jawbone, or didn't feel like killing Philistines. Hence Thompson is still at large.

Kingston Notes.
Mr. R. S. Pridham, photographer of Sackville, has opened up his studio in Mr. Dickinson's store.

Mr. Harry Lanigan has moved into the house formerly occupied by the late Mrs. Albert Smith.

Dr. Ferguson has purchased a lovely sleigh from Mr. George Wilson. It is of natural wood very little paint being used and exhibits the workmanship of a clever hand.

A son of Samuel Girvan, of Galloway, received a bad cut in the leg the other day. For his own amusement he yoked up an ox and started into the wood where he met with the accident.

Mr. Alex Gifford has sold his horse to Mr. Edward Hannah and has left for Bathurst with his uncle, John Robertson, Esq. with whom he intends to work. We presume that this horse is for the pleasure of Master Michel Graham Hannah.

Mr. and Mrs. H. M. Ferguson entertained on Thursday evening last and a very enjoyable evening is reported.

A very lively time and one which threatened to disturb the pace of our village took place on Friday. It seems that a constable from up the river tried to take a person who belongs in town; but what three men attempted to do it is useless for one man to try to accomplish.

We hear of frequent visits of a gentleman from Galloway to Kingston and warn our boys to look out lest in their hesitancy he should carry away the prize.

Service is held on Sabbath afternoons in the Methodist church and none in the evenings.

Owing to his inability to reach here on his regular day this month Father LeBlanc held service here on Sunday morning last. Service will be held as usual next month.

Several additions have been made to the choir in the Presbyterian church and we compliment them on the service rendered. Would the leader take a suggestion and move the organ directly in front of the pulpit.

We hear that the R. A. D. C. are going to take a special train to Harcourt with them. Several of the young people of Kingston have intimated that they intend going with them.

Miss M. J. Johnson, of Buctouche, is visiting at Mr. James Girvan's.

Mr. Archibald Irving and Miss Maggie Foley of Buctouche were in town on Sunday.

We were pleased to see Miss Serena Doherty with us once more after her severe illness.

Mr. McKinley is at work in his eel factory and we hope that the business may prosper and develop.

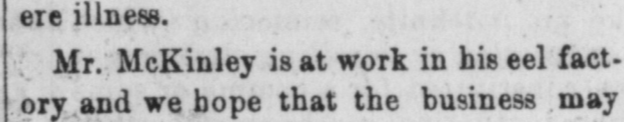

Negotiations are well underway for the holding of a "Mass Temperance Meeting" in the hall some evening soon. Prominent members of the Division are expected to lecture and a lodge is to be organized. Now that the dancing season is over something is needed to help pass the time.

There is so much snow on the ice that when the tide is in there is much slush on the road. This winter the main road between here and Richibucto has always been used and many from up river prefer even now to use the highway. The ice is also very thin. While the House is in session at Fredericton it would be an opportune time to call the attention of our representatives to the condition of the bridge at Kingston. Not only would it be a great loss to the people living here but to the county at large. We seriously object to the structure being used as a "Trotting Park" particularly at this season of the year when all the fibres are frozen and almost void of elasticity. Often holes are made in the filled parts by the sand running down through brushwood. The holes make travelling dangerous in the warmer weather both to the horse and the carriage.

CASTORIA

for Infants and Children.

MOTHERS, Do You Know that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

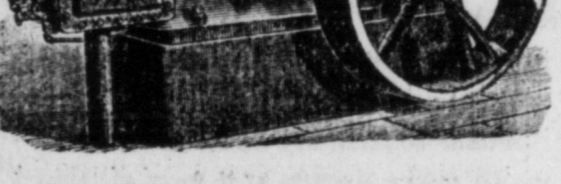

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

OUR ACTUAL BUSINESS COURSE

Has always been our most prominent feature. Long experience has shown us, however, that it is unwise to confine ourselves to it. It is good for teaching the uses of the different kinds of commercial paper. Its weaknesses are its tediousness and cumbersome. By our combined methods we can teach as much in three months as can be got in nine months by the actual business methods alone.

It is this combination, and the thoroughness of our course of study, that gives our students their standing and success.

Our Catalogue tells about it. Send for a copy.
