PAINE'S CELERY COM-POUND NATURE'S TRUE CURE.

The King of Dyspepsia Medicines.

The acknowledged; ing of dyspepsia medicines! This might isition has been gained by Paine's re'ery Compound after years of grand successes in every province of the Dominion. Our ablest legislators, our most eminent judges, the clergy, medical men, business men, and thousands in humber callings, unite in proclaiming the grand and curing virtues of of Paine's Celery Compound. It has cured the worst cases of dyspepsia, indigestion and stomach troubles, after the established formulæ of the medical faculties failed to do the work. Mr. George A. Wiltse, of Athens, Ont., savs:

"I want to add my testimony in favor of you valuable remedy, Paine's Celery Compound, which I have been taking for over a year for dyspepsia and severe pains in the neck and back of head. Your inedicine has produced a complete cure in my case, and I have recommended it to several friends, who slaim they have received great benefit. I can testify, therefore, in all honesty, that your Paine's Celery Compound is a very valuable medicine."

### Sunday School Notes,

Mr. Edwin Bowser has formed a Home Study Class at Mill Creek and has the "sheets" on hand early enough in each month so that there is no break in the studies. Lesson sheets for March should all be in the hands of the pupils not later than the last week in Feb. It is hoped that all who have Home Classes will make a note of this.

Mr. Joseph Miller has succeeded in starting two very hopeful classes in Molus River. He is visitor for one class himself, Miss Dargavel visits the other. The field has been thoroughly canvassed and old and young have joined. Both Methodists, Presbyterians and some Church of England brethern have taken hold of this work very heartily.

The Misses Bessie Murray, Bessie Mundle, and Serena Doherty have flourishing branches of the S. B. R. A. Those under care of Mrs. Wm. Graham, the Misses Bessie Marshall, May Clarke and Belle M urphy are also doing good work. In all the above classes the effort s made to keep all necessary sheets distributed monthly in advance. This is necessary in every case. Some cases have come to our notice where the visitor has failed to distribute the monthly sheets The yearly card, alone is not enough. The monthly comments should always be in advance. Will visitors kindly read over their instructions again and see exactly what they say. Will those brethren who have been thinking about these matters hitherto make an effort now as the weather gets finer? Act to-day.

Yours truly. F. W. MURRAY.

DANCEROUS RESULTS SUR TO FOLLOW

Neglect of kidney trouble-South American kidney Cure is a Remedy that Ynickly Eradicates Kidney Trouble in Any of its Stages.

It is an unfortunate blunder to allow dssease of the kidneys to obtain a hold in the system. The di-ease is of that character that leads to many serious complications which too often end fatally. The strong point of South American Kidney
Cure is that it drives this disease out of other day for the best collection of such the system, whether taken in its incipient stages, or after it has more nearly ap-proached a chronic condition. The medicine is a radical one, easy to take, yet thoroughly effective, and what is encourag-ing to the patient the results of its use are made manifest almost immediately. As a matter of fact this medicine will relieve distressing kidney and bladder disease in six hours. "Sold by W, W. Short."

Dixon's Point and Vicinity.

FEB.—There was a gloom cast over the place last week by the death of one of our finest young women, Miss May McPhail second daughter of Mr. Malcolm McPhail She is much missed by all who knew her. We sympathize with the bereaved parents and sister who feel the loss very keenly.

The funeral was very largely attended. Mr. Belliveau and son had a very narrow escape from drowning the other day while attending their nets. The ice broke away and they fell into the water. Messrs John McPhail and Charles Smith hurried to their assistance and the latter also fell into the water. Mr. McPhail had all he could do to save his companior a while the others were almost perished before they could be rescued, the younger man being so exhausted as to be able tolast very little longer.

It has been stormy nearly every day lately and all the people could do was to keep fires agoing.

We can stump the county for plucky teachers. There has been no storm to top them from getting to their schools. Some of them have left their teams and driver stuck in the snow and made the distance of several miles on foot, through blinding snowstorms. Miss Hanigan teaches at the lower school while Miss Sutton teaches at the Corner.

The heavy snowfalls have been unfavorable to our lumbermen Messrs Charles Ward, John B. Ward and Robert Hyslop are doing quite a business in the woods. Mr. Henry Ward has employed Mr. Albert McDonald as head chopper. Miss Ida Ward returned from St. John

on the 4th inst. We regret to note that Mr. and Mrs. James Dunlop are mourning the loss of

their baby boy. Mr. James McKee s at Kent Junction learning telegraphy.

#### AT STITTSVILLE!

The Town's Leading Merchant Laid Up

Rheumatism in various forms is one of the most common diseases there is. It arises generally from impure blood and a broken down system. In the limbs it is painful; in most of the internal organs dangerous, and in the beart usually fatal.

The experience of Mr. S. Mann, the well known general merchant of Stittsville, is interesting :

"Last winter I was badly afflicted with rheumatism. I decided to try Dr. Chase's Pills. To my surprise. I got immediate relief, and before I had used one box my affliction was gone. was also troubled with bilious-

ness for years, and at intervals of three or four weeks would be laid up with a severe headache and sick stomach. Since using Chase's Pills I have not had an attack of either. "I may add that Dr. Chase's Oint-ment for piles and skin diseases in just as effective as Dr. Chase's Pills for blood

troubles. I have a clerk who suffered terribly from bleeding piles. He tried Chase's Ointment and in a few days was completely cured. All dealers and Edmanson, Bates & Co., manufacturers, Toronto. 25c.

PIANO RECITAL. - Miss de Olloqui, of Boston, gave a piano recital at Fraternity hall on Wednesday evening, before an appreciative audience, using a new grand piano, furnished by the Mason & Hamlin company, of Boston, through M. S. Ludwig, the resident representative. Miss de Olloqui proved herself a superior artist Marvellous indeed was the skill dis played in her execution of the difficult selections, while expression and delicacy

Mr. Havelock Robertson is going a of touch entered largely into her work. She showed conclusively that natural ability had been re-enforced by years of diligent application to study. Miss de Olloqui is the only lady giving instruction on the piano in this city who studied and graduated abroad. At the Royal Conwhich she is a graduate, no 'pupil is admitted for less than a seven years' term, which is pronounced to be one of the most rigid and thorough in the world. Miss de Olloqui graduated with the highest honors, capturing both the first and second prizes .- Sun.
