\$1.00 A YEAR.

THE WIDE, WIDE WORLD.

Fire at Fenelon Falls, Ont., Saturday night, destroyed twelve million feet of lumber belonging to J. W. Howery & Sons.

Trouble has broken out on that part of the Newfoundland coast where the French have fishery rights between the residents and the French fishermen over the use of cod-traps. The English cruiser Mohawk has been summoned hastily to the scene.

A despatch from Beyrout, Syria, says that during the recent fighting between the Turks and the insurgent Druses, in the Haman districts, the former lost 500 men killed.

The grand jury have found true bills against Dr. Leander Starr Jameson, Major Sir John Willoughby, Col. R. Gray, Major R. White, Col. H. F. White and Hon. Henry F. Coventry, who were held for trial at the Bow St., Police Court on June 15. Charged with violating the neutrality laws by invading the Transvaal republic.

A serious conflict has taken place between Servian officials and Montenegrins at Kursunliga. Several persons were killed and wounded on both sides.

Dr. Jameson denies the report that he is going to marry a peeres.

Mr. Sexton says Ireland is overtaxed for imperial purposes by nine millions.

The young King of Switzerland recently shot six of his servants for rifle practice.

The pipe which the Shah of Persia smoked was said to be worth \$20,000.

The coming Irish poet is thought to be William Butler Yeates, who was born near Dublin in 1865.

Mr. Hiram Maxim, the maker of many guns, is gifted with no little skill as an artist.

Martin Quinn, of Portland, Ore., who has just been elected to Congress a Populist, is a driver for a steam laundry at \$11 a week.

Miss Mary Abraham, the new English superintendent of factory inspectors, is a beautiful woman of the Semitic type. She began her career as Lady Dilke's private secretary.

Pierre Loti is said to spend more of his time before the camera than any man in Europe except Kaiser Wilhelm and the Prince of Wales. He has a mania for being photographed in fancy costumes.

The King of Portugal is fond of roaming about the streets of his capital unattended. "On one occasion," says a writer, "I saw him spring from his horse and pursue and capture a man who had fired a pistol at him."

The committee having in charge the plan for a monument in Chicago to the late Eugene Field has, with the co-operation of Mrs. Field and a number of artists, prepared a little book to be sold in aid of the undertaking.

John Hickey, a Balaklava hero, has just died in St. Pancras workhouse, London. He fought in the Crimean war at the Alma, Inkermann, Balaklava and the storming of Sebastopol, for which he received medals and clasps.

A curious effect of the Chino-Japanese war has been the increase in the number of letters that daily reach the Mikado. The Emperor is now overwhelmed with his correspondence, and several new secretaries have been appointed to assist in the work of opening and replying to these communications.

Woman in Algiers.

A social position of the Moorish women in Algiers is very pitiable. The government can do little to ameliorate it. Her condition in Algeria, however, is preferable to that of her sex in Morocco or Turkey, for the French rule forbids her being treated with harshness or sold into slavery.

Nevertheless she is the victim of a stupid and brutalizing social code born of and bound up in a religion whose theory is pure, but whose practice is barbarous.

She is a toy to the rich and a beast of burden to the poor.

She never receives any education, save in the matter of the toilet, and, among the poor, in domestic duties. Early in life the hair of a girl, if it is not already dark, is dyed a brownish wine color by means of henna, made into a paste and plastered all over the head. The palms of the hands, the fingers, the feet and toes are also stained.

Arab men, as a rule, marry without having seen the faces of their wives. Accident or stratagem occasionally favors them, but usually they must take the word of their grandmother, who makes the

match, and of their parents, who are always allowed to see the future daughter-in-law. The Arab marries early, and after ill-treating his wife a few years, he usually sends her adrift that he may take another, whose condition becomes no better than that of the first.

According to statistics, there are almost as many divorces as marriages among the Arabs.

The more intelligent and less bigoted observe the better social position of woman among Europeans, and having their daughters married according to the French law, which thereafter protects them.—Illustrated American.

HAD HE KNOWN.

With Dr. Agnew's Cure for Heart at Hand, Death from Heart Disease is Impossible.

Wonders of this World-Famed Physician's Catarrhal Powder.

Success has followed all of Dr. Agnew's specifics. With all the emphasis possible, this is the case with his Cure for the Heart. Its effectiveness is marvellous. The very paroxysms of death may seem to have seized the patient, and yet relief is secured with the taking of a single dose, and the continuation of the use of the remedy soon cures the worst case of heart disease. George Crites, Customs officer, Cornwall, Ont., says: "I was troubled with severe heart complaint for several years. The slightest excitement fatigued me. I was under doctor's care for over six months being unable to attend to my business. No relief came to me, and it was only after I had scarcely dared to hope for cure that I used Dr. Agnew's Cure for the Heart, and in a comparatively short time it removed the disease altogether."

With careful, innate conservatism, yet recognizing its benefits, the Rev. John Scott, D. D., Presbyterian minister, of Hamilton, is only one of the many leading clergymen in Canada who, having used Dr. Agnew's Catarrhal Powder, has freely testified over his own signature as to its unquestioned benefits. It may be only a cold in the head, or the case may be a more aggravated phase of catarrh, that has baffled other remedies but this simple and pleasant remedy will give relief in 10 minutes, and entirely remove the difficulty. Sample bottle and Blower sent by S. G. Detchon, 44 Church st., Toronto, on receipt of 10c in silver or stamps. Sold by W. W. Short.

St. Joseph's College.

The closing exercises of the scholastic year 1895-'96 at St. Joseph's college are now under way. The year has been a most successful one, the average attendance being from 165 to 170, with the prospect of a considerable increase for the ensuing term. The programme for this afternoon is somewhat simpler than usual, the alumni exercises being dispensed with owing to the proximity of the elections. Discourses by the graduates, declamations, music and the valedictories in English and French precede the conferring of degrees awarding of commercial diplomas and distribution of premiums. The valedictorians are Frank Richard, of Richibucto, and Ferdinand Robidoux, of Shediac. Beside these two Messrs. F. X. Cormier, of Summerville, Conn., and Charles D. Hebert, of Cape Bald, receive the B. A. degree. Among the nine graduates of the commercial course receiving business diplomas is Robert Wilson, of St. John. The honor premium for general excellence in all departments goes to Ered Gillen, of Moncton. The Laundry special prize for classics, always hotly contested, has been won this year by Frank Leger, of North End, St. John. Another special prize in which considerable interest centres is the premium for apologetics (Christian doctrine), Alban Doyle, of Jacquet River, N. B., is the fortunate winner for 1896.

Among other students remarkable for the number of premiums awarded to them are Ed. McSweeney, of Moncton; Tom McNamara, of Boston; Harry O'Leary, of Richibucto, and Arthur L. LeBlanc, of College Bridge, N. B.

A number of the Quebec students leave for their homes to-night. The Maritime Province boys and those from the United States take their departure to-morrow. Many of the students, however, especially those comprising the band and orchestra, purpose returning to take part in the grand ceremony of the 8th and 9th of July the corner stone laying of Lefebvre Memorial Hall.

Sure to Win.

The people recognize and appreciate real merit. That is why Hood's Sarsaparilla has the largest sales in the world. Merit in medicine means the power to cure. Hood's Sarsaparilla cures—absolutely, permanently cures. It is the One True Blood Purifier. Its superior merit is an established fact, and merit wins.

Hood's PILLS are easy to take, easy to operate. Cure Indigestion, headache,

match, and of their parents, who are always allowed to see the future daughter-in-law. The Arab marries early, and after ill-treating his wife a few years, he usually sends her adrift that he may take another, whose condition becomes no better than that of the first.

According to statistics, there are almost as many divorces as marriages among the Arabs.

Honor To O'Reilly.

BOSTON, JUNE 20.—The memorial to John Boyle O'Reilly was dedicated with impressive ceremony at the Back Bay fens this afternoon. The exercises began at 2 p. m., but long before that hour the vicinity of Boylston street entrance to the fens was crowded with people. Only those possessing cards of invitation were allowed inside the reserved space up to 1.45 when the general public were admitted to all unoccupied seats.

The exercises began promptly at 2 o'clock and included a jubilee overture by the 150 singers of the St. Cecilia and Apollo societies, together with 50 members of the Boston symphony orchestra, and speeches by A. Shuman, chairman of the monument committee; Gen. Francis A. Walker, president of the day; Hon. Thomas J. Gargan, Mayor Quincy, Rev. Dr. E. H. Capen and Vice-President Stevenson.

A feature of the occasion was the presence of Mrs. John Boyle O'Reilly, widow of the poet, and her four daughters, one of whom, Blandid, the youngest, unveiled the memorial. Besides the hundred or more eminent Catholic clergymen who were present, including Archbishop Williams and Rt. Rev. John Brady, auxiliary bishop of Boston, Very Rev. Wm. Byrne, V. G. and the presidents of the ecclesiastical seminary and of Boston and Holy Cross colleges, Rt. Rev. Wm. Lawrence, Protestant bishop of Massachusetts, and a number of other Protestant clergymen were present.

Among the distinguished laymen were Acting Governor Wolcott, Mayor Quincy, Speaker Meyer of the House of Representatives, depositions from both branches of the legislature and both branches of the city government, together with hundreds of other people, more or less prominent from all professions, all lines of business and all walks of life.

The idea of the committee that this grand memorial should not be simply a private testimonial, but should bear witness to the public appreciation of the life character and work of the poet, was apparent in all the ceremonies of the dedication.

AT STITTSVILLE!

The Town's Leading Merchant Laid Up

Rheumatism in various forms is one of the most common diseases there is. It arises generally from impure blood and a broken down system. In the limbs it is painful; in most of the internal organs dangerous, and in the heart usually fatal.

The experience of Mr. S. Mann, the well known general merchant of Stittsville, is interesting:

"Last winter I was badly afflicted with rheumatism. I decided to try Dr. Chase's Pills. To my surprise, I got immediate relief, and before I had used one box my affliction was gone. I was also troubled with biliousness for years, and at intervals of three or four weeks would be laid up with a severe headache and sick stomach. Since using Chase's Pills I have not had an attack of either."

"I may add that Dr. Chase's Ointment for piles and skin diseases is just as effective as Dr. Chase's Pills for blood troubles. I have a clerk who suffered terribly from bleeding piles. He tried Chase's Ointment and in a few days was completely cured."

All dealers and Edmanson, Bates & Co., manufacturers, Toronto, 25c.

Chase's Linseed and Turpentine for colds, bronchitis and consumption. Sure cure, 25 cents.

25 Cents vs. Kidney Trouble.

For 2 years I was dosed, pilled, and plastered for weak-back, scalding urine and constipation, without benefit. One box of Chase's Kidney-Liver Pills relieved, 3 boxes cured. R. J. Smith, Toronto.
