SCHOONER WRECKED.—A report was received from Hardwick, Wednesday evening, that the schooner, T. H. Sangster had gone ashore near McLean's Gully and broken up, and that all hands had been lost. E. Island. The vessel is 200 tons, 129 feet long, 26 feet beam, and 9 1/2 feet deep and has fair accommodation for passengers, and will carry on the deck a couple of ice boats in case of detention. In the pack ice these can be resorted to. As there is no pier at Cape Traverse the Petrel will have to take her chances of lying along side the board ice. Capt. McElhinney, of the Marine Department, goes to Collings Bay at once to take the vessel down.

DUNN MEDICINE CO.

I have used your Dr. Kilburn's Blood and Nerve Pills and your Dr. Raymond's Rheumatic Linctum for rheumatism in my arms, shoulders and neck. I was to bed with rheumatism that for a long time I could not put on my coat without help, but now, thanks to your valuable medicine, all is changed. I can dress without help and I feel better in many ways and the rheumatism is completely gone, and that with the use of only one box of pills

and one bottle of Liniment. I am an old man, seventy-seven years old, and have been troubled with rheumatism for seven years and latterly I hardly expected to get anything to help me, but your medicine has done the work for me in good shape. I have tried many different kinds of medicine and was attended by a doctor for six months in Vancouver, B. C., but nothing helped me until I got your medicine. I am yours, etc.,

JUST LISTEN TO COMMON SENSE

Learn to recognize kidney disease by its symptoms.

Avoid Grave Dangers

Never Neglect your Trouble in its Minor Forms—Never despair at any Stage—Dodd's Kidney Pills Always Cure

It is far easier to prevent than cure the serious forms and complications of kidney disease.

We don't say this because we doubt the efficacy of Dodd's Kidney Pills, but it is better to avoid the wear and tear by curing at the minor stage with a single box.

The danger of every sufferer are of a three-fold nature:—Not to know what ails; to neglect when he knows; and to despair when everyone says he is going to die.

If you are not posted in the symptoms of kidney disease write to the Dodd's Medicine Company, Toronto, Ont., for 1897; It will cost you only a postal card and is worth a hundred.

If you suffer and neglect kidney disease remember that nineteen out of every twenty deaths result from this disease, and that every such death is prevented by using Dodd's Kidney Pills.

To those who suffer and des... we briefly say: We have never yet heard of Dodd's Kidney Pills failing to cure. We have letters from more than a thousand who were cured when given up by physicians and friends. We have published many scores of such letters, and the writers are still living in health and comfort.

Over one hundred thousand in Canada have been cured of kidney disease in its simpler forms—cured by from one to three boxes of Dodd's Kidney Pills.

Dodd's Kidney Pills will cure any kidney disease. If in need of kidney treatment don't permit yourself to buy anything short of the original and genuine. Why should you experiment to benefit those who say they have something "just as good?"

MAKE NO MISTAKE.

The Canadian publishing houses, and more particularly the Toronto publishers, are greatly incensed at the action of the new hymn book committee of the Presbyterian church in awarding the contract for printing new hymn books to the Oxford Publishing House, London, Eng., which it is estimated will amount to half a million dollars. Setting aside the consideration of home industry, the publishers say that not only can they produce a book equal both in printing and binding to any of English make, but that they can do it as cheaply.

The P. E. Islander says: We regret to hear that the potato crop in several localities is turning out indifferently. In many fields the yield is not half the usual quantity; in others not one-fourth. In a few places the crop is nearly an average. The potatoes are not destroyed by rot; only the tubers are few and not large.

G. O. M. For Parliament

LONDON, Oct. 20.—William Pritchard Morgan, Liberal member of the House of Commons for Merthyr Tydvil, has summoned a meeting of his constituents for the purpose of discussing the question of his resigning his seat in parliament in favor of Mr. Gladstone. Mr. Morgan's aim is to initiate a movement to bring Mr. Gladstone back into politics. The Liberals comprising Mr. Morgan's constituency are enthusiastic in their approval of Mr. Morgan's idea, but are doubtful that the grand old man will give a favorable response to Mr. Morgan's movement.
