

CORONA OUT.—Mr. Patrick Nowlan has had the honor and deservedly merit of taking over the bar the heaviest draft vessel ever cleared from this port, viz., the Corona. Her draught was 22 feet 7 inches, and many of our knowing ones thought Pat. would not get her out, but he has been one of our most successful pilots in getting out extra deep draft vessels and we extend our commendations on his success in getting the Corona out without any extra trouble.—Advance.

MUSICAL ENTERTAINMENT.—A splendid musical entertainment is to be given in the Temperance Hall, Friday evening, 28th inst., in which Kent's best musical talent (instrumental and vocal) will be represented, namely: The Misses Black, lately of Mt. Allison, Miss Vantour, Miss de Oloqui, Mrs. Chas. Douglas and Mrs. H. H. James, of Buctouche, Mr. B. E. Johnson and Mr. A. C. Storer. Miss Blackwood, of Halifax, will also assist in the evening's entertainment and it is expected that Mrs. Robert Phinney will be among the number. This is a sufficient guarantee that the people of Richibucto and Kingston will be given a rare musical treat such as they have not had the pleasure of listening to for a long time. Full particulars will appear later. Proceeds for repair of Church Rectory.

SERIOUS CHARGES AGAINST A YOUNG MAN.—Post Office Inspector King, under the directions of Warren C. Winslow, Esq., agent of the Department of Justice, laid information yesterday, at Newcastle, against a young man, E. P. Smith, late assistant in the Newcastle post office, charging him with serious offences against the Post Office Act, in respect of registered matter handled at that office. These charges embrace: delay in the transmission of registered letters, altering the date stamps on registered letters, opening registered letters, stealing registered letters and the money contents—in all, some twenty-five cases. These depredations appear to have been confined to a recent short period, between the 25th of May, and 8th of June last, when Smith was discharged by the post-master. The young man, who is most respectably connected, and who has always held a good reputation, denied that he is guilty of the charges, and was admitted to bail, with two sureties of \$500 each. The case will be heard before Justice Nevins on Wednesday next at Newcastle.—Globe.

GARDEN PARTY.—The garden party held Tuesday evening under the auspices of the R. C. Church on the beautiful grounds of the presbytery was a decided success. The grounds were illuminated with lime lights which lent a weird beauty to the scene. A good tea was served and other refreshments were sold during the evening. There was no lack of amusements. The Brass Band rendered several fine selections. The audience were treated to some splendid vocal and instrumental pieces. Miss Sylvia Black sang several pieces; Miss Vantour an instrumental solo; Mr. A. E. O'Leary sang two songs admirably; Miss Annie and Mr. James Conway, of Kingston, sang a duet which was done splendidly; Mrs. A. E. O'Leary sang a beautiful piece in a captivating manner. And Mr. James Thompson sang "The Good Old Mountain Dew" and was encored most enthusiastically. Two little girls, Florence and Leonide Vantour sang a duet which considering the aged of the children was done splendidly. The proceeds amounted to upwards of one hundred dollars. Mr. H. M. Ferguson acted as auctioneer and succeeded in getting full value for the residue of the tables. He justified his exaggerations by saying that it was all for the church.

CURE FOR DROPSY.

Only a positive symptom, not a disease of itself—Cured by Dodd's Kidney Pills.

Campellford (Special) Aug. 17.—An unlooked for and remarkable recovery from advanced stage of dropsy is just made public here. It is the case of Mrs. John Weese, wife of the widely known veteran stage proprietor, whose life, for months, had been despaired of. From the accumulated water peculiar to this disease, she became so helpless as to be unable to drag one foot after the other. She now appears on the street and says she is as ever in her life. And claims that after all other means had failed, She thanks Dodd's Kidney Pills for her unexpected cure.

—A telegram received here yesterday stated that there was quite a frost in Manitoba the previous night. It was also announced that the weather was cool yesterday, with the possibility of more frost last night. If the crops are affected it will mean an advance in the price of wheat. In this county the wheat crop never looked better than it does at present. Some farmers have begun harvesting and from the quality of the grain we should say that farmers will have very little flour to buy this year.

OUR MAIL.

Our mail brings us every day dozens of letters about Burdock Blood Bitters. Some from merchants who want to buy it, some from people who want to know about it, and more from people who do know about it because they have tried it and been cured. One of them was from Mr. J. Gillan, B.A., 39 Gould Street, Toronto. Read how he writes:

GENTLEMEN,—During the winter of 1892 my blood became impure on account of the hearty food I ate in the cold weather. Ambition, energy and success forsook me, and all my efforts were in vain. My skin became yellow, my bowels became inactive, my liver was lumpy and hard, my eyes became inflamed, my appetite was gone, and the days and nights passed in unhappiness and restlessness.

For some months I tried doctors' and patent medicines of every description, but received no benefit. Being advised by a friend to try B.B.B., I am glad to have the opportunity of testifying to the marvellous result. After using three bottles I felt much better, and when the fifth bottle was finished I enjoyed health in the greatest degree, and have done so from that day up to date. Therefore I have much pleasure in recommending B. B. B. to all poor suffering humanity who suffer from impure blood, which is the beginning and seat of all diseases.
J. GILLAN, B.A., 39 Gould St., Toronto.
