

OTTAWA, Oct. 1.—Nearly the whole afternoon was taken up discussing the report of the committee appointing three French translators, Fiset, Geoffron and Pelland, to take the place of the translators recently dismissed for having taken an active part in the election campaign.

Mr. Blair took his seat to wait for a reply or some sort of an explanation from Sir Charles, but it came not. No defence, no explanation, and nothing more was heard from the opposition side of the House of the harsh treatment the government was showing for removing official partisans.

Mr. Powell called attention to the dismissal of General Cameron from the command of the military college. He thought he had been very unfairly treated, and urged in common justice he should be given a year's pay in default of a year's notice for his retirement.

Dr. Borden said the government's action was taken in the best interests of the country and thought Gen. Cameron had been fairly treated. Col. Domville asserted that cadets had come out of the college worse than when they went in. He charged that Gen. Cameron had shown favoritism in his treatment of cadets, instancing the case of his own son.

Mr. Casgrain asked whether any settlement had been come to on the Manitoba school question, and if so, what it is. If not, he wanted to know if any negotiations or correspondence was now going on between the Dominion government and the government of Manitoba.

Sir Richard Cartwright, in Mr. Laurier's absence, replied that, as the Premier had stated on more than one occasion, there is every reasonable prospect of an amicable settlement. More than that he could not say at present.

The House having gone into committee of supply the Indian department appropriation in the supplementary estimates were taken up and passed. A lengthy discussion took place to-night on the item of \$3,000 for a commission to investigate the penitentiaries.

Mr. Foster was anxious to know who would be appointed on the commission, to which Mr. McMullen replied that he might rest assured that none of the minister's relatives would be. It has been decided not to take up the items of steamship subsidies until Friday, as they are sure to provoke a lengthy debate.

It is now understood that prorogation will take place on Monday. The following information is furnished to this paper by Messrs. Marion & Laberge, Solicitors of Patents and Experts, No. 185 St. James Street, Montreal:—

The invention of envelopes is within the memory of middle aged persons and was the result of a Brighton, England, stationer's endeavor to make his store look attractive. He took a fancy for ornamenting his store windows with high piles of paper, graduated from the highest to the smallest size in use. To bring his pyramid to a point, he cut card board into very minute squares. Ladies took these cards to be small sized note paper and voted it "perfectly lovely." So great was the demand that the stationer found it desirable to cut paper the size so much admired. But there was one difficulty. The little notes were so small that when folded there was no space for the address, so after some thought the idea of an envelope pierced the stationer's brain. He had them cut by a metal plate, and soon so great was the demand, he commissioned a dozen houses to manufacture them for him. From such small beginnings came this important branch of the stationery business.

They Won on Pink Flyers. The McCready Pink Flyers have added another record to their already long list of victories. In the R. Q. 1. road race at Toronto, H. Cassidy, on his McCready Pink Flyer, broke the 20 mile record, doing the distance in 59.08. Unlike the riders who started from scratch, who alternated in making the pace, he had to ride

practically unpaced the whole distance. The time would have been considered akin to marvellous if he had ridden the 20 miles over a free course, but the fact that he had to ride in a blinding cloud of dust threading his way here and there through straggling bunches of riders, over a road honeycombed with ruts and holes, makes it a truly great achievement. Cassidy has quite a reputation as a track rider, and has beaten all the best men in the amateur ranks at one time or another during the season.

F. Graves, also on a McCready, won the second time prize.

Checked The Baby. St. John Record: Last week a country man and his spouse came to town to do the exhibition. They brought their child with them, a baby boy of two summers who was not in the best of humor at the time, and as they walked through the depot a sign caught their eye at the Canadian news company's door, "Baggage can be left here, checks given." They both agreed that it would be a splendid opportunity to dispose of the kid for the time being: accordingly they entered, told the clerk they wanted to check the baby, while they attended the exhibition. They received a check and left the place. It was not long after they had gone out that the baby began to make itself known, and each and everybody around the depot had a turn at trying to keep it quiet, but nobody seemed to succeed. Finally after a few hours its parents returned, paid their five cents, and departed much to the delight of those in that vicinity.

"I Can Shoot You" FREDERICTON, Sept. 30.—A young man named Jones, employed at Queen Hotel livery stable, had a narrow escape from serious, if not fatal, injury last evening. A bell boy named Quick was out in the lawn shooting at some birds in a tree with a rifle when Jones appeared on the scene. The latter jokingly remarked to Quick that he could not shoot a little bit. Quick replied "I can shoot you," and with a little further jesting on Jones's part the lad aimed his rifle at the latter and pulled the trigger. A 22 calibre bullet immediately struck Jones on the shoulder blade and glanced into the flesh. A physician was summoned who extracted the bullet and pronounced the wound not dangerous. It is not likely that the boy will be proceeded against.

Married at a Funeral. BUFFALO, W. Va., Oct. 1.—Marion Montague, a farmer of this place, has just astonished his friends and neighbors by a novel performance. His wife died about two months ago, and according to a custom which prevails here the funeral sermon was postponed for some time. It occurred Sunday, and the Rev. Mr. Owens preached a long sermon to the large gathering of people invited. At the conclusion of the ceremony a dinner was served, after which Mr. Montague invited the neighbors to return to his house. Mr. Montague disappeared for a moment, but here appeared, wearing the same black coat, but his trousers had been replaced with white ones. Miss Dora Findley, a girl possibly not over 16, appeared, leaning shyly on Mr. Montague's arm. She was dressed in white, with ribbons flying from her shoulders and waist. The marriage ceremony was quietly performed, and instead of condolence there were congratulations.

Eaten by Rats. BALTIMORE, Md., Oct. 1.—Three big rats attacked the 2-months-old baby of Mr. and Mrs. Isaac Asher, 1,150 Low street Wednesday night, and gnawed its face, head and neck to such an extent that the infant died in a short time. Mr. Asher lived over his store. He was looking after his business, and Mrs. Asher had gone to market, when the rats attacked the helpless infant, which was snugly tucked in its crib in the second story of the dwelling. Hearing the child cry, the father hurried upstairs, and as he entered the room in which the infant was lying, three large vicious-looking rats jumped out of the crib and scampered off. The horrified father found the flesh had been torn from the babe's tender face, head and neck. Before a physician could be summoned the child died.

The Morality of Dancing. Harmful? Demoralizing? Sinful? That depends entirely upon the individual and associations. Henry Ward Beecher once said: "I have numerous enquiries as to what I think about church members attending theatres. To such I always ask, what do you think of it yourself? If you think it is harmful, then it is harmful. If not, under rational conditions, there is no harm whatever in it." And so it is with dancing. Those who dance purely for the sake of amusement or for the ease and grace which the pastime imparts to the individual can derive no harm from it. Those who are demoralized by dancing would be led astray by anything else. Always taking into consideration selectness and respectability, dancing of itself ought not to harm if the individual person so wills.—Pittsburg Dispatch.

Children Cry for Pitcher's Castoria.

Half of the business portion of Ladonia, Texas, was destroyed by fire, which originated in a hotel Wednesday night. The landlady and two others perished in the flames.

John Murphy, otherwise known as "Whitehead," who was recently released from Portland prison in England, was pronounced insane at Bellevue hospital, New York, on Thursday and taken to the insane asylum at Amityville.

Over 3,000 coatmakers in Boston struck on Thursday because their employers refused to renew the agreement of wages and conditions as has been customary. The employees claim that owing to dullness in the trade they have been forced to work for lower wages. It is said the strike is particularly among Jews and Italians, and that the largest clothing concerns are not much affected.

Six deaths are reported as a result of Tuesday night's hurricane in Maryland. Property damage in the counties of the State was enormous. Oyster steamer Capital foundered off Sandy Point, thirty-five miles from Washington, and three men were drowned. Carrington's four story tobacco house at Raleigh, N. C., in which were 450,000 pounds leaf tobacco, was wrecked. The loss is over \$50,000. The damage at York, Pa., will amount to \$300,000.

Itching

If there is one thing more than another which gratifies us, it is the great volume of hearty thanks which come from grateful parents for the cures Hood's Sarsaparilla has effected upon their children. The agony of despair turns to unspeakable joy as mothers and fathers see dreadful sores and eruptions gradually yield to the potent purifying power of this great medicine, and bright boys and girls given perfect health. Read this:

"When my baby was four weeks old, scrofulous eczema broke out on his body. He became literally covered with

Sores

When six months old the breaking out healed on his body, but his head, face and arms were a terrible sight. I passed many sleepless nights holding his little hands to keep him from scratching his face. I cannot tell what he suffered with the sores. One doctor attended him a year without avail. No one thought he would ever get well. He was almost a year old when I commenced to give him Hood's Sarsaparilla. He soon grew so much better that

Cured

I was able to rest at night. Gradually the sores on his head and arms healed, the burning and itching ceased, and he slept better. In 2 months he looked like another child, gained strength, was cured. I recommend all persons afflicted with eczema or any skin disease to take Hood's Sarsaparilla. I feel assured that it will do wonders for others. I cannot praise it too highly for what it has done for my

By

poor little sufferer. It is hard to believe he is the same child, he is now such a big, hearty, fat boy, a very picture of health. If more people would give Hood's Sarsaparilla to their children, there would not be so many poor, delicate little ones."

MRS. AGNES C. BAILEY, Box 91, McVeytown, Pennsylvania.

This and other similar cures prove that

Hood's Sarsaparilla

Is the One True Blood Purifier. All druggists. \$1. Be sure to get Hood's and only Hood's. It is prepared only by C. I. Hood & Co., Lowell, Mass.

It cures all Liver Ills and Sick Headache. 25 cents

CARRIAGES.

We are prepared to offer to the public, Carriages, Truck-waggon, etc., at lowest prices, consistent with the quality of our work.

By purchasing from us, customers can save the large amount of commission usually paid to agents who handle imported articles. And another no inconsiderable item is the freight on goods when brought from a distance. We propose to give our customers the benefit of this saving.

J. F. BLACK & SON. Richibucto, May 6, 1896.

SKIN DISEASES!

One Remedy Which has Never Failed—Tried and Tested Ointment.

Because other alleged remedies for piles, scrofula, eczematic eruptions, scald head, chafing, black heads, salt rheum and skin diseases generally have proved useless, don't condemn Dr. Chase's Ointment. It has never been known to fail. For instance, Nelson Simmons, Meyersburg, Ont., writes: "I used Dr. Chase's Ointment for Itching Piles, and can recommend it highly. Since using it I have had perfect freedom from the disease."

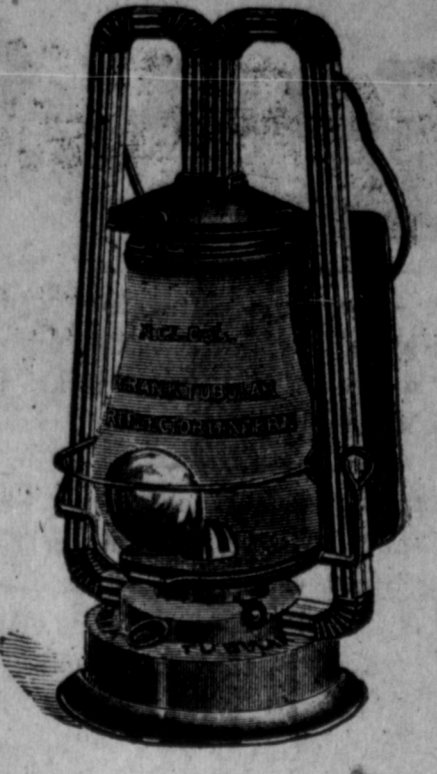

Peter Vanallen, L'Amable, Que., had the eczema for three years. He tried three doctors, but received no benefit. One box of Dr. Chase's Ointment and three boxes of Dr. Chase's Pills cured him completely. Large scales covered his legs and body but the Ointment soon removed them. He will swear to these facts.

Chase's Ointment may be had from any dealer or from the manufacturers Edmanon, Bates & Co., 45 Lombard street, Toronto. Price 60 cents.

Mother's greatest remedy for coughs, colds, bronchial and lung affections is Dr. Chase's Syrup of Linseed and Turpentine. The medicinal taste is wholly disguised making it pleasant to take. Large bottle 25 cents.

Break Up a Cold in Time BY USING PNYN-PECTORAL The Quick Cure for COUGHS, COLDS, CROUP, BRONCHITIS, HOARSENESS, etc. Mrs. JOSEPH NORWICK, of 63 Sorauen Ave., Toronto, writes: "Pny-Pectoral has never failed to cure my children of croup after a few doses. It cured myself of a long-standing cough after several other remedies had failed. It has also proved an excellent cough cure for my family. I prefer it to any other medicine for coughs, croup or hoarseness." H. O. BARBOUR, of Little Rocher, N.B., writes: "As a cure for coughs Pny-Pectoral is the best selling medicine I have; my customers will have no other." Large Bottle, 25 Cts. DAVIS & LAWRENCE CO., LTD. Proprietors, MONTREAL.
