DEFAULTERS.—After exercising all reasonable forbearance, we have at length found it necessary to place accounts against some of THE REVIEW subscribers in the hands of a Magistrate for collection. The amounts individually are small and we regret that costs will be added, but we are of opinion that the parties are well able to pay their subscriptions, and in the aggregate these make quite an amount due us. We will be sorry to part company with any of our readers, and trust that any who are still in arrears will take the hint and not compel us to push the collections by legal proceedings. If you cannot pay the full amount due, make part payment on account. In many instances we believe the non-payment arises from inattention on the part of subscribers who only require to be reminded of their arrears, and we trust it will not therefore be necessary for us to push the demand further.
