

DOMINION PARLIAMENT.

OTTAWA, June 23.—The House met at 11 o'clock and went into supply on the supplementary estimates.

On the item of \$35,000 for the improvement of the ship channel between Montreal and Quebec, Mr. Foster demurred at further expenditure, as he understood they were at the end of the expenditure for the purpose.

Mr. Tarte, stated that it would require \$500,000 more to dredge the river to a uniform depth of 27 1/2 feet, with sufficient width to allow of plenty of room for the largest vessels. In some places the present depth was 22 feet at low water and 24 at others. The expenditure on the lower St. Lawrence to date has been \$3,500,000, exclusive of \$2,000,000 loaned to the Montreal harbor commissioners. It will take three years to complete the work. Mr. Tarte stated that only 30 miles was short of the depth of 27 feet, and the money required was to be applied to the dredging of that 30 miles.

The item was carried. When public buildings were reached there was an item of \$5,000 for a public building at Kenville, N. S., for post office and customs house. Mr. Somerville, Liberal, asked what the policy would be. In opposition they had criticized the expenditure of large sums in small places, and in power they should be consistent.

Mr. Tarte replied that the policy would be what was best for the public service. Kenville had a population of 2,500 and the rental of the public buildings was \$250 a year. The revenue was \$2,000 a year from the post office and \$20,000 a year from the customs.

The item was carried. On the estimates of St. John harbor Mr. Tarte said the money was required for the channel, where there was a request for dredging a passage.

Mr. McAlister thanked the minister for remembering Dalhousie, but renewed his request for the Campbellton breakwater. On the Cape Tormentine wharf Mr. Tarte moved to reduce the amount from \$25,000 to \$10,000, which was all that the department could spend this year. Carried.

After recess Mr. Tarte said that as the ministerialists did not seem to want these items he would bring down no more, and as an earnest moved to strike out the buildings for St. Martins, N. B., \$5,000; Berthierville, Quebec, \$5,000, and Rat Portage, Ont., \$5,000.

Mr. Foster protested against striking out St. Martins. Dymont, Rat Portage and Beausoleil, Berthierville.

Sir Richard Cartwright was surprised that Mr. Foster should harkle Mr. Tarte all afternoon, and cry out when the minister complied with his criticisms.

Finally at Mr. Tarte's request all the items not yet passed for public buildings were allowed to stand.

Mr. Tarte announced that the erection of a reformatory at Alexandria, Ont., put under contract by the late government, was to be abandoned and a large expenditure saved, because it was wholly unnecessary.

After 2 o'clock Mr. Fielding presented a further supplementary estimate providing for a vote of \$157,000 for the rental of all railways necessary for the extension of the Intercolonial railway to Montreal for nine months. House adjourned.

The Senate.

The Senate to-day was occupied at its three sittings in debating a motion for the second reading of the bill ratifying the extension of the Intercolonial railway to Montreal. Sir Oliver Mowat supported the motion in a speech to which Sir Mackenzie Bowell replied in a very long speech, attacking the agreement and concluding by moving the three months hoist. Senator Wood supported the motion, while Senators Snowball and Dever opposed it. Senator Scott showed that the St. Charles branch of the Intercolonial railway had cost more for the fourteen miles than the 130 miles of the Drummond counties road now being leased. On a division the bill was thrown out by 37 to 10.

The following are the senators who voted against the hoist. Speaker Pelletier, Cox, Scott, Snowball, Power, McInnes (of British Columbia), Thibideau, Dever and Temple. Those who voted for the hoist were Conservatives, Senators Wark, King, Lewin and Lovitt were absent.

The government will now introduce a supplementary estimate and place an amount in the supply bill for the rental for one year under the agreements with the Drummond county and Grand Trunk. The Senate cannot touch any item in the supply bill, though they have the legal right to reject the supply bill as a whole.

OTTAWA, June 25.—When the House of Commons met this morning Mr. Fielding moved a resolution empowering the government to borrow \$15,000,000 at a maximum rate of 3 1/2 per cent. When the last loan bill was proposed in 1888 the government had authority to raise \$26,000,000 and the bill of 1888 added \$25,000,000 making a total borrowing power of \$51,000,000. In 1859 it was \$27,000,000, in 1860 \$40,000,000, in 1864 \$22,000,000, in 1875 \$13,000,000 and in 1896 \$5,000,000. The expenditures authorized by parliament for capital and other capital items

for 1897-8 amount to \$7,152,000, the Crow's Nest Pass subsidy to \$3,630,000 and treasury bills for temporary loans \$5,000,000, making altogether \$15,000,000. All this would not fall due in one year, but he contemplated two years' expenditure in this calculation. With a few remarks from Mr. Foster the resolutions went through unopposed.

The House went into committee of the whole on the Crow's Nest Pass railway bill.

A long discussion ensued on the clause providing that if the C. P. R. Co. become entitled to coal bearing lands as a subsidy from the government of British Columbia then the C. P. R. would convey to the Dominion 50,000 acres.

Mr. Foster objected to this being conditional. It should be made absolute.

Mr. Blair said that the C. P. R. would not get a dollar of subsidy unless these coal lands are acquired and 50,000 acres made over to the Dominion.

Mr. Foster contended that this declaration placed the C. P. R. at the mercy of the B. C. Southern.

Mr. Blair—In making this agreement we said to the C. P. R. you should secure an agreement with the B. C. Southern for fifty thousand acres of land, and unless you do you will not get the subsidy. They agreed to that, and there is no danger in making that public now, because I understand the C. P. R. have since the 18th June executed a new contract between themselves and the B. C. Southern Co.

At one o'clock Clarke Wallace was talking on the general aspect of the arrangement.

The feeling this afternoon is that all chance of a conflict between the two houses has been removed by the statement of the government in the House last night, and that business may be wound up tomorrow night with prorogation on Monday.

For Weak people.

Milburn's Heart and Nerve Pills for weak people having heart or nerve troubles, such as palpitation, throbbing, spasms, dizziness, shortness of breath, smothering feeling, pain in the breast, etc., are an invaluable medicine as hundreds of certified cures bear witness. For anemia, debility, after effects of Grippe and lost appetite they are a specific.

Nomination in Restigouche

DALHOUSIE, June 23.—Sheriff Stewart opened election courts at eleven o'clock, Warden Hayes administering oath to Sheriff Stewart. The proclamation read, W. A. Mott presented Mr. LaBillois' nomination papers. At twelve o'clock no further nominations being presented the Sheriff declared Mr. LaBillois elected.

Mr. LaBillois spoke for some time and was well received. He said that tomorrow he would have represented Restigouche at Fredericton for fifteen years. The Portfolio of agriculture will only cost \$50. He said he would go to Quebec and consult ministers of agriculture there and will use knowledge obtained to benefit New Brunswick farmers. He advised farmers to consult a veterinary surgeon and have their cattle examined as the cost would be small. He said that he had arranged for the opening of a cheese factory at Eel River and hoped to make arrangements with the Intercolonial before next season to carry milk from both sections of the country.

He further said that the coming local elections would not be run on party lines as Tweedie and Emmerson agreed to have coalition government, and that our general elections might be earlier than two years.

W. A. Mott, M. P. P., addressed the electors, he said Mr. LaBillois only received just reward when the government gave him a portfolio, and that they would work together for the best interests of the country using all people equally, knowing neither race nor religion in the distribution of patronage.—Restigouche Telephone.

"I was troubled with pimples on my face and head which caused me much annoyance. After trying many remedies without benefit I was advised to take Hood's Sarsaparilla. The first bottle helped me and I took four bottles. I am now completely cured." James Reilly, proprietor Chapman House, Sarnia, Ont.

Hood's Pills act easily and promptly on the liver and bowels. Cure sick headache.

Hon. Mr. LaBillois announces that local elections will be run as formerly without reference to party lines.

No doubt such an arrangement would be likely satisfactory to himself and his colleague, but he must remember the electors will have something to say in this matter.

It may be very convenient for Mr. Mott to get liberal support to place him in a position to down the liberals in a federal contest but we very much mistake the feelings of the liberals of Restigouche if they will consent to allow him to play this little game any longer.

We frankly admit that Mr. LaBillois took a neutral stand in the last federal contest but he cannot expect to escape so long as Mr. Mott pursues his present policy.—Telephone.

Cocagne, N. B.

June 21st.—The almost continual rains are doing much harm to the farmers, by retarding work. It is not at all sure that farming can be completed this spring, and even the most sanguine hopes of a plentiful harvest are by no means bright. Nor are the farmers the only class affected by the unfavorable weather. To the same cause the fishermen attribute the alarmingly small catch of lobsters, and many fear that the result of this season's catch, will be to hasten the collapse of the lobster packing business.

The cheese factory opened up this spring is still under the management of Mr. Cyril Dupres, and though the supply of milk is not as large as might be expected, still sufficient is received to keep the factory always in operation.

The students of Miss Aurelie Daigle's school, will give a school concert on Saturday evening. Under the care and training of their devoted teacher, the children will, no doubt do credit both to themselves and to their teacher.

An Ill-fated Train.

Mr. J. Plimmer, of Windsor, Ont. was on the train which went through the bridge at St. George, Ont., in 1888. In the accident his kidneys and back were seriously injured, and have since caused him great suffering. Mr. Plimmer says:—Until I obtained Doan's Kidney Pills I never knew what it was to be free from pain. They have entirely removed the pain and I am able to work every day now. They have produced better results than all the other medicines combined which I have used in all my years of suffering. I regard them as a specific for kidney trouble."
