Languor, Severe Headaches and Pains in the Region of the Kidneys Made the Life of Mrs. McCance Miserable -Dr. Williams' Pink Pills Cared Atter Other Medicines Failed.

From the Gravenhurst Banner. Poor health is an affliction that is dreaded by every one, and the first sign of approaching disease is usually met with an attempt on the part of the patient to check and kill it. Frequently, however, even the most skilled physicians fail, and the sufferer endures a weary round of agony such as those who are in the full enjoyment of health can have no corception of. But when at last a medicine is found that will cure its worth cannot be estimated in dollars and cents. It is without price. Such is the opinion of Mr. and Mrs. Hugh McCauce, of Ashdown, Ont. Mr. McCauce tells the story of his wife's illness and cure as follows :- "For three or four years past my wife had been constantly failing in health. The first symptoms of her trouble were languor and loss of appetite, accompanied by bearing down pains and beadaches, which affected her periodically. As time grew on she was attacked with pains in the region of her kidneys that became almost unbearable owing to their severity. Home remedies and different medicines were tried, but with no good results. Last winter she grew so weak and helpless that I was obliged to seek medical aid for her, and accordingly sent her out to Barrie, where she received the best medical attention, the result of which was only slightly beneficial. On her return, owing no doubt to the tediousness of the journey, she suffered from a relapse and her trouble came back in a form more aggravated than before. I noticed in a paper which I was reading one day a testimonial from one who had been cured of a similar trouble, and although knowing that other remedies had failed in my poor suffering wife's case, there was yet a ray of hope. I therefore procured a few boxes of Dr. Williams' Pink Pills and on my return home administered the first dose to my wife. I is perhaps needless to relate that before the first supply was exhausted she found great relief. My wife now commenced to enjoy a buoyancy of spirits and kept on taking the Pink Pills with increasing good results. By the time she had used six boxes her condition had so improved that her neighbors were almost unprepared to believe the evidence of their own eyes when seeing the change in her appearance. Before taking the pills it was a severe task even to dress herself, much less to do any housework, while now, although not having used any of the pills for more than a couple of months, she attends to all her household duties without the slightest inconvenience. Taking all things into consideration, I feel it a duty I owe to other sufferers to recommend these little pink

of a lingering but certain death." The experience of years has proved that there is absolutely no disease due to a vitiated condition of the blood or shattered nerves, that Dr. William's Pink Pills will not promptly cure, and those who are suffering from such troubles would avoid much misery and save money by promptly resorting to this treatment. Get the genuine Pink Pills every time and do not be persuaded to take an imitation or some other remedy from a dealer, who for the sake of the extra profit to himself, may say is, "just as good." Dr. William's Pink Pills cure when other medicine fail.

#### What Will You Do?

Will You Risk Failure or Assure Yourself of Success?

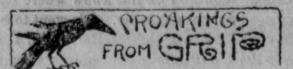

If you are dangerously ill, would you call to your assistance some faith cnre imposter or a third or fourth rate doctor? If you were obliged to defend yourself in court, would you employ a lawyer without ability or reputation?

If, from motives of true economy, you find it necessary to do home dyeing, is it wise and prudent to allow a dealer to hand you some make of poor and weak dyes with which to do your work? Common sense and the saving of time and money demand the use of Diamond Dyes the only make that can bring good results and perfect satisfaction.

Common imitation package dyes ruin your goods, ruffle your temper, and waste your money. They would never have a sale or a place in any home were it not for the love of profit so desired by shortsighted and greedy dealers. Diamond Dyes are as necessary for effective work as is the able physician when life is in

A Wise Suggestion. The young man had married the rich man's daughter, and wasn't killing himself with work to support her. One day the father called him up to call him down.

"Look here," he said emphatically,

"why don't you go to work?" "I don't have to," the son-in-law replied, with brazen effrontery.

"Well, you will have to." "Why will I?" "Because sir, I can't live always to sup-

"That's about the size of it." The son-in-law devoted himself to profound thought for several seconds. "I have a suggestion to offer," he said, in a business-like manner.

"What is it?" asked the old gent. "Well, I suggest that you take out, say, \$100,000 life insurance on yourself to save wear and tear on my mind."

Napoleonic Economy. "It seems to me," said a friend of the bank president. "that your cashier is most too extravagant for safety.'

"How?" inquired the president, looking up over his spectacles.
"Well, he's building two or three new houses; he is buying unimproved real estate; he owns a lot of railroad stock, and interested in various schemes.

"That's economy, my dear sir," ex-plained the president. "Economy, nothing," protested the friend. "His salary is only \$2,500, isn't

"Well, how the dickens can he spend \$10,000 or more every year?"

The president took off his glasses and wiped them carefully.

"Um-er," he replied, "only by the most careful economy, my boy. It takes an economist, I tell you, to do that. Now, if he were getting \$10,000 a year and saved \$2,500 for investment, there wouldn't be anything at all in it, but to do it the other way is Napoleonic, my boy, Napoleonic." way is Napoleonic, my boy, Napoleonic
